Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	SSM Health St Louis University Hospital has established a written credit and collection policy and procedures. The billing and collection policies and practices reflect the mission and values of SSM Health, including our special concern for people who are poor and vulnerable. The Hospital embraces its responsibility to serve the communities in which it participates by establishing sound business practices. The Hospital's billing and collection practices will be fairly and consistently applied. All staff and vendors are expected to treat all patients consistently and fairly regardless of their ability to pay. They respond to patients in a prompt and courteous manner regarding any questions about their bills and provide notification of the availability of financial assistance. All uninsured patients will be provided a standard discount for medically necessary inpatient and outpatient services, including services provided at off-campus outpatient sites. The hospital determined the amount of the discount based on the local managed care market, applicable statutory requirements and other relevant local circumstances. The rate must be no less than the lowest effective discount rate and no greater than the highest effective discount rate for the current managed care contracts of the hospital. Uninsured patients may also qualify for an additional discount based upon financial need under the system financial assistance policy. All accounts due from the patient will receive a statement after discharge or after final adjudication from patient's insurance. Generally the patient will receive 4 months (120 days) of in-house collection efforts (including early out vendors) and 12 months of bad debt collection efforts. The hospital will make Reasonable Efforts to determine FAP eligibility including: 1. The financial assistance summary will be included with each billing statement. 2. Extraordinary Collection Activity (ECAs) may not occur until bad debt placement and only after 120 days. 3. ECAs must be suspended if a guarantor submits a FAP application during the application period. 4. Reasonable measures must be taken to reverse ECAs if the application is approved which may include refunding any payments made in excess of amounts owed as an FAP-eligible individual. 5. Bad Debt vendors will gain written approval from SSMH prior to engaging in ECAs. SSMH will review the accounts and verify satisfactory completion of reasonable efforts during the notification and application period. A waiver is not considered reasonable efforts. Obtaining a signed waiver that an individual does not wish to apply for FAP assistance or receive FAP application information will not meet the requirement to make "reasonable efforts" to determine whether the individual is FAP-eligible before engaging in ECAs. All outside collection agencies must comply with state and federal laws, comply with the association of credit and collection professional's code of ethics and professional responsibility and comply with SSM-SLUH's collection and financial assistance policies.

Social and economic factors strongly influence the health of the individual and community. Studies repeatedly show a strong correlation between socioeconomic status and health outcomes.
