Return Reference	Explanation
Schedule I, Part I, Line 2 Procedures for monitoring use of grant funds	Urban issues several different grant agreement types based on varying factors to include the nature of the work to be carried out by the grantee, amount and/or proposed costs, and period of performance. Regardless of grant type, all grantees are required to submit a program description and corresponding budget, which are evaluated by Urban before grant execution to ensure the goals of the program are appropriate and costs are necessary, reasonable, allowable, and allocable. During implementation, monitoring procedures vary depending on the agreement type issued, as grantees may be required to submit regular progress reports, financial reports, or demonstrate that they have met various milestones and/or submitted deliverables. The project director is responsible for regularly monitoring to ensure there is satisfactory progress and adherence to the terms and conditions outlined in the individual grant agreement. For cost reimbursement agreements, financial reports are reviewed to ensure expenditures are in accordance with approved line-item budgets and other related terms included in the agreement. Once the project director determines that recipients have satisfactory met all required conditions, approval is documented and information forwarded to accounts payable for further review, approval, and payment as appropriate. At the close of the grant, the grantee will submit all final materials, and the project director will review, and confirm acceptance, and Urban will proceed to formally closeout the grant.
