990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I Line 3c	UHC does maintain a formal Financial Assistance/Charity Care policy. Charity care is provided to those patients where the household income defined as income for the patient and any related guarantor as listed on the most recent Federal Tax Return is at 200 or below federal poverty guidelines as published annually by the Community Service Administration in the Federal Register and where there are not substantial cash convertible assets or disposable income. Charity is predicated on the patient seeking Medicaid eligibility and fully cooperating with hospital staff provide bank statements, proof of income, etc. Medicaid eligibility may be reevaluated each month or in connection with new services provided during the approved charity period 6 months. If a patient qualifies for Charity care assistance, 100 of the billable charges are eliminated.
Part I Line 3c	UHC will provide an amount generally billed AGB discount to true self-pay patient balances due, regardless of income levels. Accounts will be reviewed to verify no other insurance/third party is responsible for balance due. The AGB is not applicable to Workers Compensation, Motor Vehicle Accidents, cosmetic or cardiac rehab phase III balances.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I Line 3c	Patients requesting a discount on balances due can receive a 20 discount for payment in full The discount can be applied on any balance, including balances after the AGB discount has been applied
Part I Line 6a	UHC community benefit numbers are reported in total with the other hospitals within West Virginia United Health System The 2018 amounts can be found at the following web address https://wvumedicine.org/about/community-benefit/

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I Line 7	Total community benefit expense for 2018 is 71,868,613 and is 21.29% of total net expenses. To calculate net expense, bad debt of 16,578,749 was deducted from total expenses of 354,220,934 as shown in Part IX line 25 of the core Form 990, for a net expense of 337,642,185.
Part I Line 7	Worksheet 2 from the IRS Schedule H instructions was used to derive the Cost-to-Charge ratio, which was used to calculate Charity Care, Unreimbursed Medicaid and other means-tested government programs at cost.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part II	United Hospital Center supports Health Access, a free health care clinic that it helped to organize. The clinic serves indigent members of the community. United Hospital Center provided free health care services and served 1,105 patients supported by Health Access. Family medicine physicians volunteer their services after hours to the Health Access clinic to improve access to health care services for Harrison county citizens who can not afford to have health insurance coverage.
Part III Line 2	Patient receivables are reported at net realizable value. Accounts are written off when they are determined to be noncollectable based upon managements assessment of individual accounts. The allowance for doubtful collections is estimated based upon a periodic review of the accounts receivable aging, payer classifications, and application of historical write-off percentages. The estimated cost of services provided that ultimately result in bad debt expense are estimated utilizing the cost-to-charge ratio as determined by the filed cost report for the corresponding tax year related to this Form 990.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III Line 2	Bad Debt Expense at cost was calculated by multiplying bad debt expense of 16,578,749 by our cost-to-charge ratio of 33 22 derived from Worksheet 2 in the IRS Schedule H instructions for a total of 5,507,460
Part III Line 3	Estimated bad debt attributable to patients eligible for charity care was calculated by running a report within our patient revenue software of all bad debt account balances greater than 25,000. The total of that report was 1,067,300 which we then multiplied by our cost to charge ratio of 33 22 for a total of 354,557

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III Line 3	The estimated bad debt attributable to patients eligible for charity care of 354,557 should be considered community benefit due to the fact that anyone with outstanding balances of 25,000 or greater usually qualifies as catastrophic if the patient completes the application process
Part III Line 3	In our charity care policy, we define catastrophic care as any illness or injury that will likely require continuous or frequent treatment for more than one year. Regardless, that bad debt should be considered community benefit as we provide services to those in need regardless of their ability to pay.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III Line 4	United Hospital Centers financial statements are prepared on a consolidated basis as a member of the WV United Health System. The footnote for Accounts Receivable is as follows: Patient accounts receivable are reported at net realizable value. For receivables associated with services provided to patients who have third-party coverage, the System estimates net realizable value based on the estimated contractual reimbursement percentage, which in turn is based on current contract provisions and historical paid claims by payor. For self-pay accounts, including uninsured and patient responsibility accounts, the net realizable value is determined using historical collection experience, adjusted for estimated conversions of patient responsibility portions, expected recoveries and changes in trends to estimate implicit price concessions in 2018 or the provision for bad debts in 2017. Management continually reviews the estimated net realizable value of accounts receivable by monitoring cash collections, economic conditions and trends, changes in payor mix, changes in federal or state healthcare coverage and other matters. The System grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements, primarily with Medicare, Medicaid, and various commercial insurance companies. The System records accounts receivable net of estimated price concessions in 2018 and allowances for bad debts in 2017 and such amounts have historically been within managements expectations. The mix of accounts receivable at December 31, 2018 and 2017, from patients and third-party payors is as follows: For 2018, Medicare 29, Medicaid 18, Blue Cross 24, Commercial/Managed Care/Other 26, Patients 3, Total 100. For 2017, Medicare 29, Medicaid 14, Blue Cross 21, Commercial/Managed Care/Other 32, Patient 4, Total 100.
Part III Line 8	Part III Line 6 was calculated using total cost from the Medicare Cost Report less Medicare reimbursement of direct GME. United Hospital Centers shortfall of 28,330,613 on Medicare program should be considered a community benefit because we are relieving a government burden by providing care in excess of our cost to these patients.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III Line 9b	UHC does maintain a formal Credit Collections policy. The policy reiterates that care will be provided to all patients that present to UHC regardless of their ability to pay for such services. The policy describes payment discounts that may be available as well as description of other financial assistance programs at UHC e.g. Charity Care and the option of payment plans. The policy does describe collection practices and procedures that may be followed by the UHC staff should a patient not cooperate in the account resolution process. When a patient has been approved for financial assistance under our charity care policy, they will not be sent to bad debt. Additionally, if a patient is being evaluated for charity, the patient will not be sent to bad debt agency pending charity guarantor status until the pending status has been finalized approved/denied. All other patients with outstanding balances will be processed through billing and collections pursuant to our Financial Policy.
Part VI Line 2	UHC gathers secondary data - information already gathered by the U.S. Census Bureau and the West Virginia Department of Health - to determine some of the key risk factors facing residents in the communities served. In addition, UHC conducts primary research in the form of one-on-one interviews with community leaders and the leadership of key public and private, voluntary health and welfare organizations see further discussion of 2016 CHNA in Part V of Schedule H.

UHC staff interacts with several community organizations by donating time to serve as educators and community or board members. UHC Respiratory Care, Pharmacy, and Nursing departments along with American Lung Association co-sponsor an annual statewide asthma camp for children ages 8-13 to promote the development of self-management skills. Family medicine residents teach sex education classes for area schools as well as perform physical exams for student athletes. Family medicine residents also conduct our local Shriner Orthopedic Screening Clinic and also conduct weekly obstetric clinics at the Harrison and Doddridge County Health Departments. UHC also provides administrative facilities for American Cancer Society and provides classrooms for groups such as American Red Cross to hold blood drives. Form and Line Reference	Explanation
Group United Hospital Center Line Part V, Section B, Line 5	UHC has identified significant health problems and community needs through its CHNA completed in 2016. In its CHNA report, UHC has identified specific actions that the hospital has and will be taking to improve our community. These actions were developed, in part, through a survey where anyone could participate as well as a community meeting that was open to the public. Several organizations from local government, business, and non-profit organizations attended the community meeting. A few of these organizations were Harrison County Senior Center, Birth to Three and Health Check, Harrison-Clarksburg Health Department, Doddridge Health Department, Health Check, HealthSouth Mountainview, Harrison County Schools, Ritchie Regional Health Center, Community Care of WV, Harrison County EMS, Doddridge and Harrison County Family Resource Network, and American Cancer Society. The issues brought up in the community meeting as well as the survey were reviewed to identify top priorities.
Group United Hospital Center Line Part V, Section B, Line 11	The hospital has invested significant resources to improve the health status of its constituents and has made progress on issues and priorities identified in the 2016 CHNA. Several of the priorities identified in the 2016 CHNA are consistent with those identified in 2013, including cardiovascular disease, cancer, diabetes, and physical activity. Thus, resources identified in the 2013 CHNA may be relevant to address needs identified in 2016. Public outreach on the topic of cardiac risk identification and stroke symptoms was one solution to address this priority. Additionally, UHCs Cecil B. Highland and Barbara Highland Cancer Center offers a wide array of resources in addressing the physical and emotion needs of cancer patients and their families. Other organizations are also advertising their services to better serve the community in these priorities. Identified needs such as drug use and abuse not addressed directly by UHC are being addressed by various organizations within the area and UHC will work with these organizations to help address these needs. It was determined there was more need for more county-specific data around drug use and abuse so that law enforcement and the community could respond appropriately. As a member of the West Virginia United Health System, UHC has engaged the WVU School of Public Health to help with the preparation of the 2019 CHNA that is currently underway.

Form and Line Reference	Explanation
Group United Hospital Center Line Part V, Section B, Line 13h	All patient provided services at UHC are charged the same amount for the same service received. Consideration for establishing new charges is based on the CMS Medicare CPT payment weights. The charge master at UHC as in all WV hospitals is approved on an annual basis by the WV Health Care Authority per legislative mandate. UHC will provide financial assistance/charity care at 100 percent of billed charges to those patients where the household income defined as income for all individuals existing in the same dwelling is at 200 percent or below the federal poverty guidelines as published annually by the Community Services Administration in the Federal Register and where there are not substantial cash convertible assets or disposable income as defined in the Charity Care Policy. Elective procedures or cosmetic/plastic procedures may not be eligible to be covered under the financial assistance/charity care program. Financial assistance/charity care is predicated upon the completion of the Patient Financial Status Statement as well as the patient seeking Medicaid eligibility. An individual's failure to comply with UHC's documentation and/or soliciting Medicaid process shall be excluded from consideration. An associate from the Business Office is available to assist patients in this process and will analyze the Patient Financial Status Statement according to UHC's guidelines in the Financial Assistance/Charity Care Policy.
Group United Hospital Center Line Part V, Section B, Line 20e	Financial assistance signs are posted in all admission areas as well as the ER and Family Medicine. In addition, registration gives all self-pay patients a charity application when admitted. There is a Notice of Availability of Financial Assistance on the statements that are mailed to the patients. Collectors and patient representatives let the patients know about financial assistance available when calling. In addition, UHC utilizes a third party that attempts to meet with uninsured patients to determine whether such patient qualifies for Medicaid and/or other forms of assistance under federal, state, or local programs.
