The purpose of the Corporation is to support people and programs that build a stronger Puerto Rico. The range of areas to be supported would include but not be limited to education, health, the environment, economic development, disaster preparedness and response and community partnerships. A special emphasis would be on activities in Culebra, Puerto Rico.

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? ☐ Yes ☒ No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.**4a** (Code: Education) (Expenses \$ 47,179.20 including grants of \$ 47,179.20) (Revenue \$)

The Foundation supports programs and efforts to ensure that every child has access to a quality education and that the teachers have the resources they need to provide such an education. During the year the Foundation supported the following educational entities: (a) Abbie's School, a home school cooperative with 30 children in Culebra. The Foundation provided scholarships to students who would otherwise not be able to attend. We also provided an electric whiteboard and related equipment to provide teachers and students a tool for teaching and learning, as well as providing the experience of working with this type of technology. (b) Ecologic School is the public school for Culebra with 150 children from Kindergarten to 12th grade. The Foundation has supported the awards program for graduating students. The Foundation has also been supporting the recovery and resiliency of the students and teachers. Paint and supplies were provided or an art program for the students developed by the University of PR. The teachers participated in a program to build emotional intelligence, positive thinking and resilience provided by a well-known psychiatrist. The program is now being expanded to the parents of the students. (c) Asociación Educativas, a daycare center, caring for 30 children from 2 years old until they are ready for kindergarten.

4b (Code: Health) (Expenses \$ 735,833.20 including grants of \$ 735,833.20) (Revenue \$)

The Foundation is in the process of rebuilding the Emergency Room and Primary Care Clinic in Culebra to be stronger and better than ever before. The Emergency Room had too much damage to reopen after the hurricanes, so the services were temporarily relocated to the Primary Care Clinic, which also needed significant rebuilding but could get us through for a while. The work on the Emergency Room is now complete and the facility reopened on September 2018, ready to withstand any storm. We have now begun the work on the Primary Care Clinic.

4c (Code: Flamingo) (Expenses \$ 162,819.40 including grants of \$ 162,819.40) (Revenue \$)

As a result of the devastating impact of Hurricanes Irma and Maria, a majority of the vegetation, infrastructure and facilities in Flamenco Beach were destroyed. The winds also brought a significant amount of debris to the shores of the beach. Although the beach is now open on a limited basis, there is so much work to be done. Flamenco Beach is the most important tourist attraction on the island and the principal driver of income for both the Municipality and the residents. The economy of Culebra can not recover if Flamenco Beach is not restored. The restoration of the beach facilities is essential if Culebra is going to once again be a destination for both residents and tourists from around the world. The Foundation has been working on the implementation of a Master Plan for the beach developed by the UPR School of Architecture, that would allow the facilities of the beach to be resilient and sustainable. The Foundation is leading the raising of the necessary funds through grants and contributions to implement the Master Plan, with the goal of reforestation and rebuilding of the infrastructure and facilities of Flamenco Beach. The Foundation engaged contractor, surveyor, architect, economist, soil and water experts and fish and wildlife experts, all with appropriate credentials, and in consultation with the Municipality.

Part III, line 4d - Disaster Response Program

We supported the Cruz Roja, the Red Cross Chapter in Puerto Rico. We have recruited volunteers who have been trained as disaster volunteers. We have also worked with Cruz Roja to stockpile materials and supplies such as tarps and clean-up kits, to be available for any significant event such as a hurricane. We continue to serve as disaster responders, handling small events such as house fires. The impact of Hurricane's Irma and Maria was catastrophic. It quickly became clear that response and recovery was going to take both government and private efforts. The Foundation immediately began identifying critical unmet needs such as generators for the health center and schools in Culebra and cisterns for isolated communities in PR without access to clean water. The Foundation is continuing to address needs such as restoration of the Culebra health center and internet services for vital government services. The is also working to help people whose homes were totally destroyed. FEMA is completing its work and providing some financial support. We have worked with a local architect, who has worked pro bono to develop plans for replacement housing that be safe in future storms. The Foundation be determining how to assist if the FEMA funds are not adequate.

Part III, line 4d - Program B Community Partnership

The Foundation supported and collaborated with existing organizations that are doing philanthropic or community programs to build
