## Supplemental Information

Return Reference	Explanation
Part X FIN48 Footnote	<p>The Organization is a nonprofit organization and has been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code. For the year ended December 31, 2018, the Organization had no unrelated business income, and no income tax is expected to be due and payable by the Organization. The Organization follows the guidance issued by the FASB in accounting for uncertainty in income taxes. This guidance clarifies the accounting for income taxes by prescribing the minimum recognition threshold an income tax position is required to meet before being recognized in the financial statements and applies to all income tax positions. Each income tax position is assessed using a two-step process. A determination is first made as to whether it is more likely than not that the income tax position will be sustained, based upon technical merits, upon examination by the taxing authorities. If the income tax position is expected to meet the more likely than not criteria, the benefit recorded in the financial statements equals the largest amount that is greater than 50% likely to be realized upon its ultimate settlement. The Organization had no uncertain tax positions as of December 31, 2018. The income tax position taken by the Organization, for any years open under the various statutes of limitations, is that the Organization continues to be exempt from income taxes by virtue of being a nonprofit organization. Management believes this tax position meets the more-likely-than-not threshold and, accordingly, the tax benefit of this income tax position (no income tax liability) has been recognized for the year ended December 31, 2018.</p>
