Form 990PF, Part XV(2)(d) — Restrictions or Limitations on Awards

Overview

College Futures partners with organizations and leaders across the state to catalyze systemic change, increase college degree completion, and close equity gaps so that the vision of a seamless, student-centered educational opportunity becomes a reality—and one that's available to every student, regardless of skin color, zip code, or income.

We are building a shared vision and action plan to leverage all available resources and tools to make the systems change needed for a more prosperous California for everyone

- By promoting student-centered practices, many more students will be able to transition from K–12 through college efficiently and effectively, with equitable outcomes.
- By informing and motivating key policy and education decision makers to take action, students will benefit from policies that enable their success
- By creating a stable and sustainable financing system and addressing issues of affordability, degrees will be within reach for all students.

Who Can Apply

College Futures Foundation accepts grant applications by invitation only from community-based, school-based and campus-based programs and organizations focused on increasing the rate of bachelor's degree completion among California student populations who are low-income and have had historically low college success rates. Most Foundation grants are for one year, but we will consider multi-year grant requests (up to four years).

The Foundation does NOT award grants for the following

- Awards to individuals
- Scholarships for graduate students.
- Scholarships for students attending vocational or trade schools.
- Scholarships awarded to students before their senior year of high school.
- Scholarship endowments or scholarship programs at individual colleges and universities that support students attending just that institution

Grant applications are accepted from.

- California-based non-profit organizations that are classified as tax-exempt under section 501(c)(3) of the Internal Revenue Code, or have a fiscal sponsor with tax-exempt status, or
- California state, county or local public agencies or government entities.
- For-profit organizations whose work closely aligns with our mission In such cases, expenditure responsibility is exercised for IRS legal compliance.
- By creating a stable and sustainable financing system and addressing issues of affordability, degrees will be within reach for all students
