Part V Supplemental Information

Provide additional information for responses to questions on Schedule L (see instructions)

Return Reference	Explanation
Part II, Supplemental Retirement Benefits	The organization provides supplemental retirement benefits through an alternative funding arrangement the IRS calls "collateral assignment split dollar" (CASD). Although the IRS requires reporting in the loan section of Schedule L, CASD is not an actual loan; funds are transferred to the executive. Rather, the "loan" treatment applies because after the executive has received retirement benefits, the organization recovers all outlays plus interest. The recovery right is a key advantage of CASD for the organization. Rather than paying retirement benefits to the executive that would never be recovered, under CASD the organization recovers not only its outlays, but also consideration for the time value of money. CASD works as follows: The organization deposits funds into a cash value life insurance policy on the executive's life. During life, to the extent the executive fulfills service and vesting requirements, the executive can borrow against values in the policy to supplement retirement income. Policy performance is closely monitored. If policy performance lags, the executive's borrowing rights are reduced to protect the organization's recovery rights. At the executive's death, the policy death proceeds are first used to repay the organization its deposits plus compounded interest (at the IRS long-term applicable federal rate). The executive's beneficiary then receives any projected retirement borrowing the executive did not access during life. Any remaining death proceeds were available to be paid to the executive's beneficiary. However, the executives made a gift of the excess proceeds, estimated to total \$86.67 million, to the organization to provide additional funding for the organization's charitable activities. Gift of excess proceeds (estimated): Mark Ashlock \$6,730,594; John Beaman \$4,458,001; Jeffrey Eller \$10,707,142; Wayne Ferch \$1,668,090; Joyce Newmyer \$7,742,500; JoAline Olson \$2,082,940; Scott Reiner \$16,495,703; Jack Wagner \$14,529,621; Bill Wing \$18,898,158; Beth Zachary \$3,359,341.
Part IV, Page 1, Line 1	Melody Gabriel, an AH director, and her husband are owners and officers of businesses that engage in joint ventures with AH and member hospitals. Other family members with ownership and officer positions in these businesses include her parents, her brother and his wife, and trusts established on behalf of her children. The ventures are organized as LLCs. At the end of 2018, PVHR, LLC had an outstanding balance of \$4.2M secured and unsecured market rate interest bearing loans. This LLC is 50% controlled by another LLC of which Ms. Gabriel and her family have a controlling interest. Interest is accrued on these loans, principal and interest at the end of 2018 was \$92,392. Principal and interest payments are being made monthly.

Form 990, Part III, Line 4a	Adventist Health is a faith-based, nonprofit integrated health system serving more than 80 communities on the West Coast and Hawaii. Founded on Seventh-day Adventist heritage and values, Adventist Health provides care in hospitals, clinics, home care agencies, hospice agencies and joint-venture retirement centers in both rural and urban communities. Our compassionate and talented team of 35,000 includes associates, medical staff physicians, allied health professionals and volunteers driven in pursuit of one mission: living God's love by inspiring health, wholeness and hope. Together, we are transforming the American health care experience with an innovative, yet timeless, whole-person focus on physical, mental, spiritual and social healing. Mission-driven. The healthcare industry continues to experience significant changes. From high and rising costs to regulatory initiatives, these issues are causing hospitals and health systems to re-think who they are and how they want to deliver care. At Adventist Health, we are thriving and growing in the face of this transition by building on our legacy and reestablishing ourselves as the leader in physical, mental, spiritual and social health. We remain committed to "living God's love by inspiring health, wholeness and hope." Our mission represents the heart of our people. It expresses that we know the love of God and consistently reflect that love in our actions, relationships and work. Mission is the reason our organization exists. Community Health Development Words like prevention, wellness and partnerships are more than the latest buzzwords at Adventist Health. Since St. Helena Sanitarium opened its doors in 1878 in California's picturesque Napa Valley, the heritage of the Seventh-day Adventist Church has focused on whole-person health and well-being. Adventist Health not only strives to promote individual health and well-being but also the well-being of healthy families and communities a natural fit in today's population health environment. Adventist Health's mission is coupled with a vision to transform the health experience of our community by improving health and well-being, enhancing interactions and making care more accessible. Building healthy communities requires multiple stakeholders working together with a common purpose. Adventist Health has partnered with over 50 community churches and hundreds of organizations across the system to integrate community benefit programs in their communities. In Northern California, we are reaching out into our communities through the Street Medicine Outreach in Ukiah and Project Restoration in Lake County. In Southern California we partnered with local schools to implement programs aimed at reducing obesity and diabetes among school children through healthy lifestyle education. In our Central California Region, we focused on immunizations, screenings, support groups and outreach to support community health. Adventist Health Portland in the Pacific Northwest Reg

They joined other area hospitals and health systems to address Portland's health and housing needs through the Housing is Health Initiative. In 2018, Adventist Health improved its strategic goal to transform the health of its communities by engaging in local communities, investing in community wellness and serving the most vulnerable. Community Benefit Provided Amount Free and discounted care \$45,189,009 Aid to the poor \$98,568,219 Community health improvement \$23,731,866 Education and research \$29,080,520 Aid to the elderly \$259,863,670 Subsidized community healthcare \$88,528,206 Total \$544,961,490 Population Health Population health is a whole-person, outcomes-based approach that works to improve the health of entire communities. It requires collaboration among researchers, providers, public health entities and policy makers. Population health aligns with Adventist Health's philosophy of care and, as overall health declines in North America, provides unprecedented opportunities. Adventist Health believes that improving the health status of entire populations begins at home. In 2018, Adventist Health entered its sixth year of offering two health plans for employees and their families: The Engaged! Plan and Base Plan. Both plans offer wellness-focused programs and tools, including a wellness website, fitness activities, nutrition guidance, smoking cessation workshops and more. Participants in the Engaged! Premier program (the voluntary wellness component of the Engaged! Plan) complete a free biometric screening and wellness assessment, and those with high-risk conditions take part in a free care management program that provides support and education. Nearly 94 percent of employees signed up for the Engaged! Premier Program! In 2018, Whole-person health involves mind, body and spirit. The health plans empower employees, their families and, by extension, the larger community to take an active role in managing their health so they may live vibrant and productive lives. Care Transformation Care Transformation in Adventist Health reflects our promise to deliver top decile safety and quality performance and top quartile in clinical operations. The transformation focuses on initiatives such as Clinical Leadership Development, High Reliability Organization, Patient Experience, Care Redesign, Population Health and Clinical Workforce. All these efforts focus on effectively blending people, processes and technology and include consistent design, delivery and evaluation of care performance. Our caregivers are working hard every day to achieve the clinical goals and continue to spread our mission. Patient Safety & Quality Adventist Health focuses not only on patient safety and quality patient care, but also provides a quality work environment for its associates. Maintaining a culture of teamwork and safety among clinicians and staff is foundational to Care Transformation. Fo

Form 990, Part III, Line 4a	For the past eight years, Adventist Health has participated in the Culture of Safety survey, which provides insight into focused areas where actions can be taken to improve the safety and teamwork climate in clinical departments. Adventist Health hospitals received quality and safety awards from The Joint Commission, The LeapFrog Group, Healthgrades and Malcolm Baldrige Physician Alignment. Adventist Health operates 280 medical offices across the West Coast and Hawaii. These ambulatory care centers include Rural Health Clinics (RHC), hospital-based outpatient clinics (HBOC), employed physician models in Oregon and Hawaii, medical foundation in California and community health clinics. These medical offices offer primary care and more than 50 different specialties in medical offices large and small. We have more than 500 primary care providers and nearly 700 specialists providing services ranging from Addiction Medicine to Wound Care, Audiology to Vascular Surgery. Adventist Health also provides much-needed dental care in six of our rural communities, with plans to expand in the future. The providers in these medical offices are committed to providing best practice, quality-driven care with excellent health outcomes and exceptional patient experience. In each of the past three years we have provided more than 2 million patient visits, about 9,000 visits daily. The excellent experience our physicians and Advanced Practice Providers offer patients results in a patient satisfaction Star Rating of 4.6 out of 5 stars. The success of our medical providers and associates generated 42 percent of the organization's net revenue.

Form 990, Part III, Line 4a	Rural Health Clinics (RHC) As an extension of our mission, high quality services are provided to small communities where access to care is often significantly less than more urbanized areas. People living in rural or underserved communities are often at a disadvantage when accessing health care. At the end of 2018, we had 65 clinics providing health care to underserved populations throughout Northern and Central California, Hawaii and Oregon. Our system of rural health continues to be the largest network of clinics in the state of California (more than 10 percent of the RHCs in the state are part of Adventist Health). Our RHC network also is one of the largest in the country, representing almost one percent of the nation's RHCs. Adventist Health provides oversight services for all our RHCs to include financial monitoring, program audits, operational support, professional development, advocacy and education regarding new regulations. But the real evidence of success is the patients served - 1,064,573 visits from 310,256 unique individuals in 2018. Thanks to the RHCs, many of these rural communities' most disenfranchised now have access to primary care, dentistry, women's and children's services and health education. Specialty care services are also available at many RHC locations, including 19 behavioral health programs. One example of our excellent rural health care is our clinic located in the heart of Paradise, California - a town which was nearly wiped off the map during the wildfires in late 2018. Our three-story RHC was the first to re-open in Paradise after the fire and remains a comprehensive healthcare option for most people in a 10-mile radius, offering primary care, dental, women's and children's services to a population in dire need of resources. Home Care Services Adventist Health/Home Care Services offers advanced, quality health care in an at-home setting by operating 14 home health agencies and nine hospices. In 2018, care, compassion and quality services were provided with 215,477 home health visits and 93,576 hospice days. Many of the agencies provide specialized programs and treatment plans, such as pediatric, CHF, diabetes and palliative care. In addition to providing treatment or care management, we strive to improve overall quality of life, hasten recovery and positively influence the emotional, physical and spiritual well-being of our home care patients. We are most proud of the following accomplishments in 2018: 1. Purchased hospice license for Bakersfield, CA 2. Reestablished home health and hospice in Yuba City, CA 3. Implemented new EMR (HomeCare HomeBase) in five agencies 4. Centralized OASIS reviews and HIS submissions 5. Feather River home health and hospice continued to see patients the days immediately following the devastating Camp fire. Operational hub was moved to Chico within 5 days 6. First Hospice Medical Directors meeting. Developing a Virtual Care Network. The Adventist Health Virtual Care Network allows heal
