Return Reference	Explanation
Schedule I, Part I, LINE 2	Description of Procedure for Monitoring Use of Funds - For grantees supported through corporate, foundation, and government dollar, the procedures for monitoring use of grant funds are established on a per-grant basis. Applications are accepted through an online grant management system and reviewed by internal and external stakeholders. Once grantees are selected, they are assigned an account manager, who monitors the grant activities throughout the life of the grant. Monitoring begins with a description of unallowable costs in the request for proposals issued for a grant opportunity by a team of 2-3 people. Submitted budgets are reviewed, and unclear items are questioned and clarified before either final approval or rejection. Once approved, a contract with grantee is prepared outlining the deliverables, timeline, reporting schedule, and recognition expected. The contract is signed by council and grantee. Typically grantees submit at least mid-term and final financial reports reflecting actual expenses on an annual basis. These reflect spending against approved budget lines. Any of these stages may be amended or dropped as appropriate for the specifics of a given grant. Grantees supported through federal dollars may require site visits and/or additional auditing procedures.
