Schedule D, Part X, Line 2	The College is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the College's exempt purpose is subject to taxation as unrelated business income. No provision for income taxes has been made in the accompanying financial statements. The College accounts for the effect of any uncertain tax positions based on a more likely than not threshold to the recognition of the tax positions being sustained based on the technical merits of the position under examination by the applicable taxing authority. If a tax position or positions are deemed to result in uncertainties of those positions, the unrecognized tax benefit is estimated based on a cumulative probability assessment that aggregates the estimated tax liability for all uncertain tax positions. Tax positions for the College include, but are not limited to, the tax exempt status and determination of whether income is subject to unrelated business income tax; however, the College has determined that such tax positions do not result in an uncertainty requiring recognition.
