Name: Florida Breast Cancer Coalition Research Foundation Inc

Form 990 (2018)

Form 990, Part III, Line 4a:

The Florida Breast Cancer foundation awards grants for education and research programs statewide. Education grants are awarded in support of innovative projects in four priority areas: educate women in the areas where they need to become proactive advocates for their own breast health through education workshops, provide education to breast cancer survivors, their families and advocates on life after or with cancer, including the "transition phase" from active treatment to survivorship, provide education on breast health to young women and men with a focus on middle school, high school and college ages, and create and provide a method of education, on late stage breast cancer diagnosis, that will help reduce the percentage of these diagnoses, in the areas that exceed the state of Florida average. Scientific research grants are awarded to institutions in the state of Florida who submit proposals on innovative research projects that have the potential to make a significant impact on breast cancer. The grants must be in one of 5 areas of research: basic, clinical, and translational breast cancer research, epidemiological studies of breast cancer, research on possible links between breast cancer and the environment, psychoimmunological research, and innovative awards and idea grants. During the 2018-19 period, nine research grants of approximately \$100,000 each were approved and funded in April 2018 with a grant project period of July 1, 2018 to June 30, 2019. Twenty-five applications for education grants were received. During the 2018-19 year, 12 grants for education were awarded for a total of almost \$90,000. During the same period 1 education grant and 5 research grants that had been awarded in a prior year return funds that had not been used from the grant.

Form 990, Part III, Line 4b:

The mission of the Florida Breast Cancer Foundation is to end breast cancer through advocacy, education and research. Aside from research and education grants and the education conference, the work of the foundation is accomplished not by holding events, but by working with resources throughout Florida. We attend health fairs and conferences providing breast health, breast cancer, and survivorship information to advocates, families, and those with breast cancer. We provide speakers at events and at educational opportunities. We respond to more than 300 contacts each year from those seeking information and/or direction on where to go, who to see, or what to do. We help make the connections to those local resources who in turn can provide the services or provide the appropriate local resource that can help. In addition, for those interested in obtaining more formal education through breast conferences, whether scientific or advocacy, we provide scholarships that can cover part of the cost of attending the conferences.

Form 990, Part III, Line 4c:

The CARES project focused on one-on-one and small group contacts in communities that are medically underserved and/or have a higher level of late stage diagnosis of breast cancer than the average in the state of Florida. The program reached more than 8,000 women and men in its first year. During the 2018-19 year, the program received funds for the third year of the program. During 2018-19 the Mamograms after Sunday Services, MASS, began by providing an education program with outreach primarily to the African American Community through churches.

Schedule D, Part X, Line 2 - Liability for Uncertain Tax Positions	The Foundation follows the provisions of FASB ASC Topic 740-10 and related subsections for the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken in the Foundations tax returns. As a result of implementing this guidance, management has determined that the Foundation does not have any uncertain tax positions and associated unrecognized benefits that materially impact the financial statements or related disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Foundations tax returns will not be challenged by the taxing authorities and that the Foundation will not be subject to additional tax, penalties, and interest as a result of such challenge. If the Foundation were to incur an income tax liability in the future, interest would be reported as interest expense and penalties would be reported as income taxes. Generally, the Foundations tax returns remain open for federal income tax examination for three years from the date of filing.
