Pt II Ln 17a	Clean Energy Group, Inc. is a not-for-profit organization whose tax-exempt status was recognized by the Internal Revenue Service in 2003. In addition, since its inception, the Organization has continued to be classified as a publicly supported organization (a "public charity") as described in Sections 170(b)(1)(A)(vi) and 509(a)(1) of the Internal Revenue Code despite the fact that its level of support has recently fallen short of the one-third level of support normally required for such classification. The Organization believes itself to continue to qualify as a publicly supported organization however, by virtue of the "facts and circumstances" test outlined in Regs. Sec. 1.170A-9(f)(3) in view of its continuing development efforts which are designed to attract more broad-based support for the Organization and to broaden its community outreach. In addition, the Organization's governing Board is comprised of a diverse group of individuals drawn from the public at large, with each member offering a unique set of skills and capabilities to the Organization. Finally, the Organization's mission is dedicated to providing advocacy on innovative policy, technology, and financing strategies in the areas of clean energy and climate change that will benefit all sectors of society for a just transition, with a particular focus on disadvantaged and under-resourced communities.

Return Reference	Explanation
Pt II Ln 17a	In the past five years our fundraising efforts have been successful and produced significant multi-year grants from a few Foundations which has provided background support to local groups we work with. While this has helped stabilize the financial security of the organization for the near term and development of new project areas, we are able and committed to focusing on broadening our funder base to include numerous, smaller local and regional funders to help support our various project efforts. Our goal is to secure 4 to 8 new funding sources over the next 24 months. As a result, these efforts should diversify our funder base and broaden our public support in the near future.
