Return Reference	Explanation
Schedule D, Part X, Line 2 FIN 48 (ASC 740) footnote	<p>Alegent Health-Mercy Hospital, Corning, Iowa's financial information is included in the consolidated audited financial statements of CommonSpirit Health, a related organization. CommonSpirit Health's FIN 48 (ASC 740) footnote for the year ended June 30, 2019, reads as follows: "CommonSpirit has established its status as an organization exempt from income taxes under the Internal Revenue Code Section 501(c)(3) and the laws of the states in which it operates, and as such, is generally not subject to federal or state income taxes. However, CommonSpirit's exempt organizations are subject to income taxes on net income derived from a trade or business, regularly carried on, which does not further the organizations' exempt purposes. No significant income tax provision has been recorded in the accompanying consolidated financial statements for net income derived from unrelated trade or business. CommonSpirit's for-profit subsidiaries account for income taxes related to their operations. The for-profit subsidiaries recognize deferred tax assets and liabilities for temporary differences between the financial reporting basis and the tax basis of their assets and liabilities, along with net operating loss and tax credit carryovers, for tax positions that meet the more-likely-than-not recognition criteria. Changes in recognition or measurement are reflected in the period in which the change in judgement occurs. Income tax interest and penalties are recorded as income tax expense. For the years ended June 30, 2019 and 2018, CommonSpirit's taxable entities recorded an immaterial amount of interest and penalties as part of the provision for income taxes. CommonSpirit's taxable entities did not have any material unrecognized income tax benefits as of June 30, 2019 and 2018. CommonSpirit reviews its tax positions quarterly and has determined that there are no material uncertainties in tax positions that require recognition in the accompanying consolidated financial statements."</p>

Form and Line Reference	Explanation
Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	<p>Alegent Health Mercy Hospital, Corning, IA is designated as a Critical Access Hospital (CAH). CAHs are rural community hospitals that are certified to receive cost-based reimbursement from Medicare. The reimbursement that CAHs receive is intended to improve their financial performance and thereby reduce hospital closures. CAHs are certified under a different set of Medicare Conditions of Participation (CoP). Shortfalls are created when a facility receives payments that are less than the costs of caring for program beneficiaries. Because shortfalls are based on costs, not charges, Alegent Health Mercy Hospital, Corning, due to their designation as a CAH, received cost-based reimbursement for Medicare purposes, Alegent Health Mercy Hospital, Corning will not experience Medicare related shortfalls. Although not presented on the Medicare cost report, in order to facilitate a more accurate understanding of the "true" cost of services (for "shortfall" purposes) the CHI Workbook allows a health care facility not to offset costs that Medicare considers to be non-allowable, but for which the facility can legitimately argue are related to the care of the facility's patients. In addition, although not reportable on the Medicare cost report, the CHI workbook includes the cost of services that are paid via a set fee-schedule rather than being reimbursed based on costs (e.g. outpatient clinical laboratory). Finally, the CHI Workbook allows a facility to include other health care services performed by a separate facility (such as a physician practice) that are maintained on separate books and records (as opposed to the main facility's books and records which has its costs of service included within a cost report). True costs of Medicare computed using this methodology: Total Medicare Revenue \$7,661,762 Total Medicare costs \$9,092,334 Surplus or Shortfall (\$1,430,572). Alegent Health Mercy Hospital, Corning believes that excluding Medicare losses from community benefit makes the overall community benefit report more credible for these reasons. Unlike subsidized areas such as burn units or behavioral-health services, Medicare is not a differentiating feature of tax-exempt health care organizations. In fact, for-profit hospitals focus on attracting patients with Medicare coverage, especially in the case of well-paid services that include cardiac and orthopedics. Significant effort and resources are devoted to ensuring that hospitals are reimbursed appropriately by the Medicare program. The Medicare Payment Advisory Commission (MedPAC), an independent Congressional agency, carefully studies Medicare payment and the access to care that Medicare beneficiaries receive. The commission recommends payment adjustments to Congress accordingly. Though Medicare losses are not included by Catholic hospitals as community benefit, the Catholic Health Association guidelines allow hospitals to count as community benefit some programs that specifically serve the Medicare population. For instance, if hospitals operate programs for patients with Medicare benefits that respond to identified community needs, generate losses for the hospital, and meet other criteria, these programs can be included in the CHA framework in Category C as "subsidized health services." Medicare losses are different from Medicaid losses, which are counted in the CHA community benefit framework, because Medicaid reimbursements generally do not receive the level of attention paid to Medicare reimbursement. Medicaid payment is largely driven by what states can afford to pay, and is typically substantially less than what Medicare pays.</p>

Form and Line Reference	Explanation
Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	<p>The organization's billing and collections policy applies to all individuals presenting for emergency or other medically necessary care. The policy contains provisions for collecting amounts due from those patients who the organization knows to qualify for financial assistance either through the traditional financial assistance application process or through presumptive eligibility processes. Before engaging in extraordinary collection actions (ECAs) to obtain payment for EMCare, Hospital Facilities must make reasonable efforts through its billing and collections processes, pursuant to Treas. Reg. Â§1.501(r)-6(c), to determine whether an individual is eligible for Financial Assistance. In no event will an ECA be initiated prior to 120 days from the date the Facility provides the first post-discharge billing statement (i.e., during the Notification Period) unless all reasonable efforts have been made. Hospital Facilities will not refer accounts for collection where the patient has initially applied for Financial Assistance, and the Hospital Facility has not yet made reasonable efforts with respect to the account. For patients and Guarantors who are unable to provide required documentation, a Hospital Facility may grant Presumptive Financial Assistance based on information obtained from other resources. Patients who qualify for Medicaid are presumed to qualify for full charity write off. Any charges for days or services written off (excluding Medicaid denials related to timeliness of billing, insufficient medical record documentation, missing invoices, authorization, or eligibility issues) as a result of a Medicaid are booked as charity. Some Medicaid plans offer coverage for a limited or restricted list of services. If a patient is eligible for Medicaid, any charges for days or services not covered by the patient's coverage may be written off to charity without a completed application. This does not include any Share of Cost (SOC) or other patient cost-sharing amounts such as deductibles or copayments, as such costs are determined by the state to be an amount that the patient must pay before the patient is eligible for Medicaid. Health and Human Services (HSS) uses the term "Spend Down" instead of Share of Cost. All collection activities conducted by the Facility, a Designated Supplier, or its third-party collection agents will be in conformance with all federal and state laws governing debt collection practices. All third-party agreements governing collection and recovery activities must include a provision requiring compliance with the hospital facilities' financial assistance and billing and collections policy and indemnification for failures as a result of its noncompliance. This includes, but is not limited to, agreements between third parties who subsequently sell or refer debt of the Hospital Facility.</p>

Schedule H, Part VI, Line 2 Needs assessment	<p>To conduct the current CHNA, Mercy Corning's Community Benefit Action Team (CBAT) engaged with the collective impact coalition, Behavioral Health Coalition of Adams and Taylor County (BHCATC), and Taylor County Public Health (TCPH) which serves both Adams and Taylor Counties, on November 1, 2018. The BHCATC is a robust and active coalition with multiple community stakeholders from key community services and agencies that serve behavioral health needs as well as other needs across the two counties. At the November meeting, Mercy Corning presented secondary data, and led a conversation to gain input from the group and prioritize top health needs. Data reviewed with BHATC was gathered from a variety of sources including:</p> <ul style="list-style-type: none"><li>* Centers for Disease Control and Prevention (CDC) Wonder Query System</li><li>* CARES Engagement Network and Community Commons</li><li>* County Health Rankings</li><li>* HealthyPeople.gov - U.S. Dept. of Health &amp; Human Services - Office of Disease Prevention and Health Promotion (Benchmarking)</li><li>* Iowa Aging</li><li>* Iowa Cancer Registry</li><li>* Kids Count - Iowa Report by County</li></ul> <p>Upon completion of the data presentation, the group held a robust discussion of the key findings and BHCATC members were asked to consider the factors affecting health (behavioral, socioeconomic, environmental, medical care, and genetics) and which needs were most pressing in the community. After capturing the group's discussion, 19 participants were asked to vote for the health need they believed to be the most important to address in order for the community to realize positive health outcomes. Following the November meeting, the Mercy Corning CBAT met to validate the top identified needs, and begin to discuss the strategic planning process for the next three-year Implementation Strategy Plan (ISP), which was released in the fall of 2019.</p>

Schedule H, Part VI, Line 4 Community Information	<p>CHI Health Mercy Corning identified Adams and Taylor Counties as their community for the purpose of the CHNA. As a Critical Access Hospital, Mercy Corning's primary service area is considered the county in which they are located (Adams County). While Mercy Corning is the only hospital located in Adams County, they also serve residents from Taylor County where there are no local hospitals. Therefore, both counties were included in the community definition. Mercy Corning is located in Corning, Iowa which is situated near the center of Adams County, approximately 80 miles from the metropolitan area of Omaha, Nebraska and Council Bluffs, Iowa and 95 miles from the metropolitan area of Des Moines, Iowa. Adams County is immediately north of and adjacent to Taylor County, which is at the southernmost border of Iowa to Missouri. Both Adams and Taylor Counties, as well as the surrounding counties are non-metropolitan and located near the western border of Iowa. Adams County has one school district and 4 incorporated towns: Carbon, Corning, Nodaway and Prescott. Corning is the County Seat and there are also 10 other townships. 2 Bedford is the County Seat, and Taylor County has 3 public school districts and eight incorporated cities and seventeen townships. Population data shows a primarily Non-Hispanic White population, and a much higher percentage of residents over 65 years of age in Adams (22.8%) and Taylor (22.4%) compared to the State of Iowa (16.7%). Adams County covers approximately 423 square miles and Taylor County covers 531 square miles. Form 990, Part VI, Line 15a Process to Establish Compensation of Top Management Official	<p>The organization's top management official's compensation was paid by Catholic Health Initiatives ("CHI"), a related organization. CHI had a defined compensation philosophy. Both the executive and non-executive compensation structures and ranges were reviewed annually in comparison to market data. Catholic Health Initiatives used Korn Ferry as the independent third party to assess executive compensation programs and to ensure the reasonableness of actual salaries and total compensation packages. Compensation of the senior most executives was reviewed annually. Korn Ferry reviewed both cash and total compensation for overall reasonableness, for adherence to Catholic Health Initiatives' compensation philosophy, and for comparability to the not-for-profit healthcare market. This independent review was delivered by Korn Ferry to the CHI HR committee of the Board of Stewardship Trustees annually at their September meeting and minutes shared with the full board at the December meeting. The last review was September 25, 2018. In addition, Korn Ferry completed a comprehensive review of all positions at the level of vice president and above in the fall of 2014 to determine and validate appropriate compensation levels. These levels were reviewed annually and revised based on market data, where applicable.</p> <p>FOR MEMBERS OF MANAGEMENT WHO WERE PAID UNDER CHI HEALTH FOR CALENDAR YEAR 2018, CHI HEALTH COMPLETES A COMPENSATION MARKET STUDY TO DETERMINE SALARY</p>

Form 990, Part VI, Line 12c Conflict of interest policy	<p>The organization has a conflicts of interest ("COI") policy (the "policy") in place to maintain the integrity of its activities. Through February 7, 2019, conflicts were administered solely through Catholic Health Initiatives' ("CHI") Governance Policy No. 1 (described below). On February 8, 2019, in connection with the alignment of the Catholic Health Ministries of CHI and Dignity Health, the CommonSpirit Health Board of Stewardship Trustees approved CommonSpirit Health Corporate Responsibility Policy No. G-001, a CommonSpirit Health conflicts of interest policy. This policy stipulates that, at minimum, the pre-closing CHI COI policies and pre-closing Dignity Health COI policies identify the individuals that are covered under the new policy. In addition, subject to certain exceptions, pre-closing CHI COI policies shall continue to apply to the CHI entities and the individuals who were subject to the Pre-Closing CHI COI policies, and the Pre-Closing Dignity Health COI policies shall continue to apply to the Dignity Health entities and the individuals who were subject to the Pre-Closing Dignity Health COI policies. Until CommonSpirit Health adopts a single process for identifying and managing conflicts of interest for all system entities, the following individuals shall be subject to the Pre-Closing CHI COI policies from and after the effective date of Corporate Responsibility Policy No. G-001: 1) Members of the CommonSpirit Health Board of Stewardship Trustees and members of the committees of the Board of Stewardship Trustees, 2) Corporate officers of CommonSpirit Health, 3) Members of the Board of Directors of Dignity Health and members of the committees of the Board of Directors of Dignity Health. CHI Governance Policy No. 1. The policy applies to the following persons: members of the CHI board of stewardship trustees and its committees, members of any CHI direct affiliate or subsidiary (each a CHI entity) board and their committees, employees of CHI entities, and all CHI researchers (as defined in the policy). Disclosure, review and management of perceived, potential or actual conflicts of interest are accomplished through a defined COI disclosure review process. A. Disclosure obligations. 1) Ongoing. Each person is required to promptly and fully disclose to his/her direct manager, supervisor, medical staff office, board or board committee chair any situation or circumstance that may create a conflict of interest. The person must disclose the actual or potential conflict as soon as she/he becomes aware of it. In any situation in which the person is in doubt it is expected that full disclosure be made to permit an impartial and objective determination as to the existence of a conflict. 2) Periodic written. In addition to the ongoing disclosure obligation, periodic written conflict of interest disclosure forms must be completed as follows: a) Initially: 1) Upon hiring (employees), 2) Appointment (board / committee members), 3) Upon consideration.</p>

If the conflict involves the board chair, the vice chair assumes the chair's role outlined in the COI policy. Based on review and evaluation of the relevant facts and circumstances, the board chair makes an initial determination as to whether a conflict of interest exists and whether, pursuant to the COI policy, review and approval or other action by the board is required. A written record of the board chair's determination, including relevant facts and circumstances, is made. The board chair then makes an appropriate report to the executive committee of the board concerning the COI review, evaluation and determination. If a difference of opinion exists between the board chair and another trustee as to whether the facts and circumstances of a given situation constitute a conflict of interest or whether board review and approval or other action is required under the COI policy, the matter is submitted to the board's executive committee, which makes a final determination as to the matter presented. That determination, including relevant facts and circumstances, is reflected in the executive committee minutes and is reported to the board.</p> <p>b) Board evaluation of transactions involving an officer / board member conflict of interest - I The board carefully scrutinizes and must in good faith approve or disapprove any transaction in which CHI or a CHI entity is a party and in which the trustee or a corporate officer either 1 Has a material financial interest, or 2 Is a trustee or corporate officer of the other party (other than a CHI affiliated organization) II The board must approve the transaction by a majority of the trustees on the board (not counting any interested trustee). In reviewing such transactions between CHI or CHI entities and vendors or other contractors who are, or are affiliated with, trustees or corporate officers, the board acts no more or less favorably than it would in reviewing transactions with unrelated third parties. The transaction is not approved unless the board determines that the transaction is fair to CHI or the CHI entity III A conflicted trustee or corporate officer is not permitted to use his or her personal influence with respect to the approval or disapproval of the conflicted transaction. However, if requested, such trustee or corporate officer is not prevented from briefly stating his or her position in the matter, nor from answering pertinent questions from trustees, as his or her knowledge may be relevant. The trustee or corporate officer is excused from the meeting during discussion and vote on the conflict of interest.</p>
