BLUESCOPE FOUNDATION, NORTH AMERICA GUIDELINES

ORGANIZATION

The Foundation was incorporated in July 1952, as a non-profit, benevolent and charitable corporation under the name Butler Manufacturing Company Foundation. The Foundation became the BlueScope Foundation, North America effective July 1, 2010. It is organized under the provisions of the General Not-For-Profit Corporation Law of Missouri and is qualified as a 501(c)(3) private foundation under the Internal Revenue Code. Members of the Foundation are the original incorporators, plus those subsequently elected to membership. Foundation officers are elected by the Trustees to carry out the operational activities of the Foundation. Members, Trustees, and Officers receive no compensation for their foundation-related activities.

In August of each year, the Trustees adopt a Grant Plan for the ensuing year. Quarterly, the Trustees authorize specific grant requests within the Plan, recognizing that modifications are often necessitated by changing conditions.

SOURCE OF FUNDS

Contributions from BlueScope and its U.S. based affiliates and income earned from the investment of the unexpended fund balance are the two sources of funds for the Foundation. BlueScope will ordinarily make a contribution to the Foundation in those years when the earnings of the Company make such a contribution feasible, as determined by the Company's Board of Directors.

The unexpended fund of the Foundation is invested in common stocks and bonds under the investment direction of a professional investment counselor in accordance with written guidelines from the Treasurer of the Foundation. The Trustees of the Foundation review the entire Investment Portfolio quarterly.

ADMINISTRATIVE POLICY

In considering the best interest of the Company's shareholders and employees, as well as the communities in which we do business, grants will be made to charitable activities which bear directly or indirectly on the activities and social environment of the Company and the people with whom it interacts.

The following general guidelines are considered by the Trustees when reviewing requests for contributions:

· Proportionately significant financial assistance will be given in relatively few areas of need as opposed to relatively minor assistance in a great many areas.

· The long-range responsibility of BlueScope and its employees within the community will be evaluated in part by taking into account the number of BlueScope employees in the community and the scope of operations that BlueScope has in the community.

· The significant personal contributions of time, finances, and leadership responsibilities by employees of BlueScope to non-profit organizations will be recognized by the Foundation where possible.

· The favorable comparison of BlueScope Foundation's contribution to those of other corporations and foundations in the United States; grants and distribution patterns will be compared in relation to earnings, net worth, asset value, sales volume, and employment.

· The simple and clear responsibility to give financial assistance to the institutions and individuals meeting the great human needs of our society.

· The ability of the Foundation to afford contributions without substantial invasion of invested assets.

· Support of capital campaigns for buildings and facilities generally will be considered only when the products of BlueScope or its affiliates are used in the project.

Subject to the final determination by the Trustees, the total grants of the Foundation in any one year will approximate 5% of the annual average of the Foundation's assets.

FOUNDATION GOALS AND OBJECTIVES

The Foundation's purpose is to provide sustained financial assistance to worthy charitable, educational, and health and welfare programs in the United States, and to enhance the quality of life in those U. S. communities where BlueScope and its affiliates operate facilities. The Trustees recognize a very direct responsibility to those communities where it has employees and significant capital investment. Likewise, BlueScope residents are encouraged to be actively involved in activities for the betterment of their local communities.

An additional goal of the Foundation Trustees will be an attempt over time to identify significant "signature" programs or organizations whose activities are otherwise consistent with the Foundation's policies and whose purposes involve the use of building products similar to those produced by BlueScope and its affiliates. Such grants will have continued and meaningful benefits which will be strongly identified with BlueScope and its Foundation.

For purposes of this section Affiliate means, with respect to BlueScope, any other company that directly or indirectly owns or controls, is owned or controlled by or is under common ownership or control with BlueScope.

CONTRIBUTION CATEGORIES

I. COMMUNITY NEEDS

A. United Way

The United Way is typical of organizations that receive consideration because it provides a higher level of support to public service agencies than could be achieved if those agencies solicited financial assistance individually. In BlueScope communities, the Foundation contributes to the United Way at a level consistent with the community's response to the appeal. The Foundation will not normally provide additional operating support for United Way member agencies, nor will it support agencies that are eligible to participate in the United Way and do not. Capital grants for United Way agencies will be considered. Grants for operational purposes may be made, as an exception to the Foundation's general policy, when there is active BlueScope employee involvement in a United Way agency or when the agency serves a priority need as identified by the Foundation.

B. Minority Assistance

The Foundation will consider grants to programs which help provide jobs or job training for the disadvantaged, and foster the movement of minorities into the mainstream of economic life.

C. Youth Programs
The Foundation will consider grants for continuing financial support as well as for special, one-time needs of organizations committed to the education and social development of youth.

D. Hospitals & Health
Hospitals that offer unique services (such as burn centers or children's services), those that serve the medically indigent, or those whose appeals are for start-up programs will be considered for funding. Special appeals for capital needs will be considered. Otherwise, funding for hospitals and health will not normally be considered by the Foundation.

E. Neighborhoods and Housing
The Foundation is committed to a strong central city and the continued vitality of neighborhoods. Non-residential building programs that encourage revitalization and preservation of neighborhoods will receive consideration by the Trustees.

F. Essential Human Services
The Foundation will consider grants for programs which help the meet the basic human needs in our communities, including emergency relief services.

G. Matching Gifts -- Community
A one-for-one matching gift program is available to all regular, full-time employees of BlueScope and its affiliates located within the U.S. for gifts to eligible community organizations that service the community at large in areas such as education, youth programs, housing, employment, social services, cultural enhancement, and economic development. The organization must be tax-exempt, located in the U.S. and have trained professional direction and management. [NOTE: The Government Printing Office publishes a listing entitled *Cumulative List of Organizations, Publication No. 78* which will be the source of determining eligible community institutions.]
Employee gifts may be in cash, check, or marketable securities only. The minimum single gift that the Foundation will match per eligible donor is $25. The maximum single or total of annual gifts to be matched per eligible donor is $2,000 per fiscal calendar year, including gifts to educational, cultural, and community organizations.

II. EDUCATION
A. Internal Scholarships
A scholarship program for children of regular, full-time employees of BlueScope and its U.S. based affiliates is funded by the Foundation. Annually the Foundation offers baccalaureate scholarship awards for students attending accredited four-year academic institutions in the U.S. The amount of the annual award for baccalaureate recipients is $3,000. The Foundation also offers Centennial scholarships annually for students attending community colleges or vocational technical schools. The amount of the annual award for Centennial recipients attending accredited academic institutions in the U.S. is $1,000. Centennial scholars that transfer to a four-year institution will be eligible for an award extension of $3,000 annually for two years or a maximum of $8,000 total award, provided that they continue to meet the academic criteria outlined below.

The number of scholarship awards issued varies depending on the number of applications received (not to exceed 25% of the total applications received) and the funds available.

Each baccalaureate scholarship is carried throughout a four-year course of study leading to a baccalaureate degree at an accredited college or university, provided the student performs in the upper half of the class academically, maintains conduct acceptable to the school and to the Foundation, and carries a normal academic program. Each Centennial scholarship is carried throughout a two-year course of study leading to an associates degree or vocational certificate at an accredited college or university, provided the student performs in the upper half of the class academically, maintains conduct acceptable to the school and to the Foundation, and carries a normal academic program.

An independent committee of professional educators recommends the new scholarship recipients each year selected from applications submitted by children of BlueScope employees. Scholarship awards are based on academic achievement, financial need, personal characteristics, and future promise.

B. External Scholarships
The Foundation funds an annual scholarship program at local community colleges within the hometowns of BlueScope offices and production facilities. The scholarship is administered directly through the financial aid office of participating colleges to support the educational opportunities of the communities in which BlueScope employees reside. The annual award amount is $1,000, which may be renewed for one year if academic criteria continue to be met as determined by the college.

C. Colleges and Universities
The Foundation will consider grants to institutions of higher learning that: (1) supply significant numbers of employees to BlueScope and/or that provide opportunities for continuing education to BlueScope employees residing in BlueScope plant cities, and (2) have programs that have the objective of providing education to residents of the city where BlueScope plants are located.

D. Educational Programs
The Foundation will consider grants to programs that contribute to a community's ability to provide quality educational opportunities for its citizens.

E. Minority Assistance
The Foundation will consider grants to accredited institutions that (1) help disadvantaged students who demonstrate ability and desire to prepare for and remain in colleges or universities, and (2) provide educational opportunities which advance minorities, women and people with disabilities.

F. Marketable Career Skills for Youth
The Foundation will consider grants to organizations and programs that develop "marketable career skills" in youth. "Marketable career skills" are generally defined as those abilities, including required vocational and interpersonal skills, that enable a person to make a successful transition from school to the labor force. "Youth" is defined as young people from elementary age through college.

G. Matching Gifts -- Education
A one-for-one matching gift program is available to all regular, full-time employees of BlueScope and its affiliates located within the U.S. for gifts to eligible educational institutions. Matching Gifts are limited to public and private accredited junior colleges, four year colleges, universities, and graduate schools located in the United States. [Note: U.S. Office of Education maintains a listing entitled *Education Directory: Colleges & Universities*, together with the accreditation of each school. This listing will be the source for determining eligible educational institutions.]

Employee gifts may be in cash, check, or marketable securities only. The minimum single gift that the Foundation will match per eligible donor is $25. The maximum single or total of annual gifts to be matched per eligible donor is $2,000 per fiscal calendar year, including gifts to educational, cultural, and community organizations.

III. CULTURE

A. Arts Organizations

The Foundation will consider grants to principal professional arts organizations that have a cultural impact on a broad segment of those communities where BlueScope employees reside.

B. Minority Assistance

The Foundation will consider grants to professional minority arts groups and to programs which bring cultural opportunity to the economically disadvantaged.

C. Matching Gifts -- Culture

A one-for-one matching gift program is available to all regular, full-time employees of BlueScope and its affiliates located within the U.S. for gifts to eligible cultural institutions including museums, libraries, public broadcasting corporations, zoos, botanical gardens, and performing and visual arts. (NOTE: The Government Printing Office publishes a listing entitled *Cumulative List of Organizations, Publication No. 78* which will be the source of determining eligible cultural institutions.)

Employee gifts may be in cash, check, or marketable securities only. The minimum single gift that the Foundation will match per eligible donor is $25. The maximum single or total of annual gifts to be matched per eligible donor is $2,000 per fiscal calendar year, including gifts to educational, cultural, and community organizations.
