Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	Genesis Medical Center Aledo (GMC Aledo) utilized worksheet 2 to calculate its cost-to charge ratio. The calculated cost-to-charge ratio was used to calculate the cost of charity care and unreimbursed Medicaid Costs of the "other benefits" report in 7e-7i were complied throughout the year in the community benefit database (I E , CBISA) that GMC Aledo utilizes. The organization's total community benefit expense as a percentage of total expenses is 16.99% and the percentage increase to 49.07% if Medicare cost report allowable costs are included in total community benefit expense.

Discounts on patient accounts provided by third-party payers were written off to a contractual allowance account.

Schedule H, Part III, Line 3 Bad Debt Expense Methodology	GMC, Aledo utilizes Avadyne Health to process aging patient accounts. Avadyne Health's collection process utilizes publicly available information to ensure all aging patient accounts receive financial assistance in accordance to GMC, Aledo policy before being deemed bad debt. GMC, Aledo reported zero dollars for the estimated amount of the organization's bad debt attributable to patients eligible under the organization's financial assistance policy.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	During 2018, the System analyzed its past history and identified trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviewed data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who had third-party insurance coverage, the System analyzed contractually due amounts and provided an allowance for doubtful accounts and a provision for bad debts, if necessary (for example, for expected uncollectible deductibles and copayments on accounts for which the third-party payor has not yet paid, or for payors who are known to be having financial difficulties that make the realization of amounts due unlikely). For receivables associated with self-pay patients (which include both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the System recorded a provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. As part of this process, the System regularly performed hindsight procedures to evaluate historical write-off and collection experience over time to assist in determining the reasonableness of its process for estimating the allowance for doubtful accounts. The difference between the standard rates (or the discounted rates, if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted were charged off against the allowance for doubtful accounts. Recoveries of receivables previously written off were recorded as a reduction of the provision for bad debts when received.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	The Medicare cost report was used to determine the amount reported in part III, lines 5, 6, and 7 for the hospital. No Medicare shortfalls were included in community benefit. The Medicare cost report shortfall represents the difference between the total revenue received from Medicare based on Medicare cost report reimbursement rates and the costs incurred by GMC, Aledo in providing healthcare services to the elderly. The total Medicare shortfall, which includes fee screen services, was \$220,720. In accordance with GMC, Aledo's mission statement, "To Provide Compassionate, Quality Health Services to All Those in Need," the elderly were served despite the total Medicare loss of \$220,270. GMC, Aledo has a clear mission to serve all those in need and to improve the health of the community including the elderly. Furthermore, there are no for-profit hospitals in the community, and therefore GMC, Aledo is the only healthcare organization in the community who provides access to healthcare for Medicare patients. Accordingly, it is GMC, Aledo's position for the reasons stated above that the total Medicare shortfall of \$220,720 represents a Community Benefit. Pursuant to the instructions to the Form 990, Schedule H, the Medicare shortfall is not included in Part I, line 7. If the total Medicare shortfall was included in Part I, line 7, then Part I, line 7k, Column f would be 5.32%.

Schedule H, Part VI, Line 2 Needs assessment	To complete this CHNA, existing health-related data was collected via the online Community Commons Community Health Needs Assessment report tool at http://www.communitycommons.org/maps-data. This site allows for identification of 87 distinct health and social indicators at the county level, along with comparisons to state and national data, and Healthy People 2020 Targets, where available. Once an indicator report was generated, relevant indicators were reviewed to determine how Mercer County compared to available state/national data. See the "Detailed Health Indicators" section of this document. Genesis Health System Business Intelligence conducted a comprehensive Community Health Needs Assessment in 2017 along with receiving valuable input from following community representatives: Genesis Ambulance, American Red Cross, Genesis Medical Center, Aledo Mercer County Crisis Center, Genesis Senior Living, Aledo Mercer County School System, Genesis Health Group, Aledo Brookstone of Aledo, Advanced Rehab & Sports Medicine, Mercer County YMCA, Mercer County Health Department, University of Illinois Extension, Sherrard School System, Eagle View Health, Community Health, Aledo Rehab and Healthcare. As part of this CHNA, GMC - Aledo partnered with the Mercer County Public Health Department and sought input from public health representatives and other community stakeholders with an interest in the health of the community through a series of discussion meetings. Organizations and sectors represented at these community stakeholder meetings include: Private Sector: Business Owners and Representatives; Voluntary Sector: Ministerial and Non-Profit Service Agencies; Informal Sector: Foundation and Daycare; Policy Partners: Law Enforcement, Board of Health and 708 Board Health practitioners; Home Health, Public Health, Assisted Living, Long-term Care, Primary Care, Pharmacy, Dental Care and Hospital Care; Beneficiaries: Insurance, Emergency Services, Coroner Resource Partners; Search and Rescue, Extension Office; Public Sector: Schools and County Board. An important component to these meetings was a discussion of the primary and chronic disease needs and other health issues of uninsured persons, low-income persons, and minority groups. This qualitative input was used to further inform the prioritization process described later in this summary.
