Page 2, Part III - Line 31, Other Program ServicesDescription

Line 28) Lafayette sponsored AgVenture Day for 100 elementary school students. We incorporated stations which focused on the importance of agricultural education. We included forestry, corn, poultry, dairy, beef, cotton, and peanuts. A mechanical cow provided a unique learning experience on proper milking techniques. Students received hands-on experience and learned the importance of agriculture and farming on a local state, and national level.

Line 29) Lafayette county is involved in several programs throughout the school year to educate students and cultivate an appreciation for agriculture. Farm Tours allow students to observe first-hand the processes involved in producing various foods such as milk and cane syrup. Students visited a local dairy farm where they learned how to milk a cow and observed the process of cane grinding.

Line 30) Essay and poster contest were held this year for fifth graders and first graders. The essay topic was 'Why agriculture is important in America?' These programs make sure that all children know and appreciate what farmers and ranchers do for our county, state, and nation.
