990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part V, Section B Hospital Websites	Part V, Section B: During the course of the tax year and/or prior to the filing of the return for the taxable year, the filing organization, which is part of a larger health system, transitioned from a separately hosted website (or websites), to being a part of the health system's centrally hosted hospital website. This transition was intended to facilitate public access to information, including enabling the health system to better manage and monitor compliance requirements that IRC Section 501(r) information be made widely available to the public. During and as a result of the migration of hospital facility information to the new central website, it is possible that there may have been brief instances of web access interruption. If so, the filing organization believes that any such interruptions would have been minor and inadvertent, and due to reasonable cause, and that any such instances would have been immediately addressed when identified. The filing organization and health system have established procedures in place as part of its centralized monitoring and management processes that are reasonably designed to address, monitor and promote compliance with the requirements of IRC Section 501(r). In an effort to be fully transparent, the filing organization has chosen to pro-actively disclose on this Form 990 this possibility of very minor and inadvertent web access interruptions that could have occurred in the normal course of migrating locally maintained hospital facility information to an improved centrally managed website. In so disclosing, the organization is not reporting that interruptions in the nature of a Section 501(r) violation in fact occurred. Rather, the organization is pro-actively disclosing that the migration process was undertaken and that, in completing that process, it is possible that brief interruptions in web access may have occurred as the hospital facility data was relocated to the central website.

The best available data was used to calculate the amounts reported in the table. For the information in the table, a cost-to-charge ratio was calculated and applied.

WHEN THE NEED ARISES, ST. VINCENT'S IS ALSO QUICK TO RESPOND TO COMMUNITY ISSUES INVOLVING NATURAL DISASTERS. THIS IS EVIDENCED BY COLLECTION AND DONATION OF ITEMS FOR HURRICANE, FLOOD AND TORNADO SURVIVORS AS WELL AS VOLUNTEER EFFORTS TO ASSIST WITH THOSE AFFECTED. IN THE PAST, ST.
