We also help our students gain skills to enter the workforce or enter additional education or training. Our students range in age from 16-73 years old with a variety of basic education goals--many study Mathematics.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? ☐ Yes ☒ No

If "Yes," describe these changes on Schedule O.

121 participants enrolled to learn basic reading, writing, and math skills through one-to-one and small group instruction. Students are 16 or older and not enrolled in public school. They seek to improve their lives and the lives of their families through education. The program provides direct instruction to enable students to better function on the job, in their families, and in society. 37 students completed their high school equivalency diploma and 18 entered college or technical training.

Explanation of grants: 54 students received scholarships for testing fees for the high school equivalency exam, ranging in amount from \$10 to \$75 per person and totaling \$1,082. Payments were made directly to the test center so the funds could not be used for any other purpose. Local private donations provided the funds to pay the testing fees for all our students during the year.

4b (Code:) (Expenses \$ 251 including grants of \$) (Revenue \$)

English Language Learners met with tutors to improve their English so they can communicate with teachers, doctors, colleagues, supervisors, and friends. Five students were served; all of the teachers were volunteers. The program director tested the students and supervised the volunteers.

Family Literacy activities included the distribution of 475 new books to low-income children 3 to 5 years old who are enrolled in Head Start.
