Part III Statement of Program Service AccomplishmentsCheck if Schedule O contains a response or note to any line in this Part III ☒**1** Briefly describe the organization's mission

Partners for Better Futures (PBF) helps improve the lives of poor people around the world, primarily focusing on children and education. PBF does this by partnering with local organizations that are deeply involved in their own communities, and participating in carefully evaluated projects and programs. There are three programs within PBF: Build a School in Burma (BSB), Build a School in India (BSI), and APC School Philippines (APC). Prior to the PBF's founding these programs had each operated for several years through "fiscal sponsors." In 2018 these operations joined together in a shared purpose, to help produce better futures for under-served people around the world. In 2019 BSB made grants that resulted in new school buildings for 8 schools and APC made grants to the APC School in the Philippines. The biggest grant was made to expand a school at which one of the first US Peace Corp volunteers in Burma was teaching.

Form 990 (2018)

Form 990, Part III, Line 4a:

The "Build a School in Burma" (BSB) program made grants and oversaw grant expenditures in Burma that resulted in construction of school buildings in 8 communities, providing classroom space for over 600 students. Some grants were for new schools, some were for classrooms to add grade levels, some were to relieve overcrowding. All were to provide safe, secure learning environments for the students. The largest grant was for construction of a new building in a school where a US Peace Corp volunteer was completing 2 years of service. This grant/project was particularly noteworthy, as the two founders of BSB were former Peace Corp volunteers themselves. The opening ceremony was attended by the Peace Corps in Burma Director and by the Deputy Chief of Mission of the US Embassy in Burma. Several other grants in other locations throughout Burma also funded construction of new school buildings. Some were to allow existing schools to add grade levels, some were to relieve overcrowding, some were for new schools, some were to replace temporary bamboo and thatch buildings with buildings that provide good and safe learning environments.

Form 990, Part III, Line 4b:

"APC School" program made grants to support ongoing operations and expansion of the Apu Palamguwan Cultural Education Center (APC) which provides an integrated and holistic education for the indigenous children and youth along the Pantaron Range of Mindanao, Philippines. The APC school works to promote and deepen cultural understanding while providing indigenous children with the knowledge and skills they need to confidently relate with mainstream Philippine society and advance in the formal education ladder.

Form 990, Part III, Line 4c:

The Build a School in India program researched and considered various possible grant recipients and grant possibilities. No grants were made this year, however, the research conducted will result in grants being made during the FYE 2020.

990 Schedule F, Supplemental Information

Return Reference	Explanation
Schedule F, Part I, Line 2	PBF provides a Proposal form to prospective Grantees, stating PBF's mission, grant criteria, and grantee requirements, and how use of the grant funds will be monitored. After a Grant Proposal has been submitted to PBF, the executive committee, along with the Country Director, evaluates the proposal. Typically the Country Director and one or more of the PBF directors visit the site of the proposed grant project, meet with the grantee organization leaders, gather information, and make followup inquiries, to decide whether to make a grant. Documents include (1) Grant Proposal, (2) Budget, (3) Photos of the proposed building site. PBF leaders evaluate Grant proposals primarily for expected impact in achieving PBF's mission. If a decision is made to make a grant, a Grant Agreement is drafted and signed. All these documents information are recorded in a "Slack" database channel specific to that grant. After the grant has been made and funds sent, the PBF Country Director monitors the progress in achieving the purpose of the grant, by making periodic site visits, and documents in monthly reports, and with photographs, the progress in achieving the grant purpose. He closely monitors expenditures of grant funds, to ensure funds are used in accord with the terms of the grant. The monthly reports are saved in the "Slack" database, which is accessed by the PBF executive committee. Photographs are saved and shared in a Google Photos albums, with links in the Slack channel for that grant. Throughout the year, PBF board members review results of each grant, including compliance with terms of each grant. For grants that are for programs and activities, not for construction, a different process is used. For such grants - specifically this year for the APC School program, monitoring of grants is performed by review of annual and periodic reports from the grantee, and ongoing communication between the program manager and the grantee.
