Statement of Program Service Accomplishments

The Evanston Work Ethic Program recognizes that every strong community needs a strong and skilled workforce to ensure diverse opportunities and economic stability. The goal of the Evanston Work Ethic (WE Program) is to help Evanston Township High School students improve their career and technical employment outcomes while meeting the needs of local employers and growing sectors and industries. The Work Ethic Program empowers students by providing tools and resources that initiate self-reflection, strong soft skills development including: interpersonal skills, financial awareness, professionalism, self-branding, and more. The WE Program helps students determine which career best suits their interest and personal goals within the Tech and Trades. The WE Program's most recent accomplishments include the graduation of its second cohort. This cohort consisted of 4 students. All students received 17 months of pre-professional training workshops that focused on an array of soft skills development (communication, conflict resolution, etc), career planning, work ethic, professionalism, leadership, and more. All students received a one-on-one career matched mentor and a paid summer internship to test out their prospective career field. All 4 students have now enrolled in either a certification, associates, or apprenticeship program.
