Supplemental Information

Return Reference	Explanation
Schedule D, Part X, Line 2 FIN 48 (ASC 740) footnote	MERCY MEDICAL CENTER's financial information is included in the consolidated audited financial statements of CommonSpirit Health, a related organization. CommonSpirit Health's FIN 48 (ASC 740) footnote for the year ended June 30, 2019, reads as follows: "CommonSpirit has established its status as an organization exempt from income taxes under the Internal Revenue Code Section 501(c)(3) and the laws of the states in which it operates, and as such, is generally not subject to federal or state income taxes. However, CommonSpirit's exempt organizations are subject to income taxes on net income derived from a trade or business, regularly carried on, which does not further the organizations' exempt purposes. No significant income tax provision has been recorded in the accompanying consolidated financial statements for net income derived from unrelated trade or business. CommonSpirit's for-profit subsidiaries account for income taxes related to their operations. The for-profit subsidiaries recognize deferred tax assets and liabilities for temporary differences between the financial reporting basis and the tax basis of their assets and liabilities, along with net operating loss and tax credit carryovers, for tax positions that meet the more-likely-than-not recognition criteria. Changes in recognition or measurement are reflected in the period in which the change in judgement occurs. Income tax interest and penalties are recorded as income tax expense. For the years ended June 30, 2019 and 2018, CommonSpirit's taxable entities recorded an immaterial amount of interest and penalties as part of the provision for income taxes. CommonSpirit's taxable entities did not have any material unrecognized income tax benefits as of June 30, 2019 and 2018. CommonSpirit reviews its tax positions quarterly and has determined that there are no material uncertain tax positions that require recognition in the accompanying consolidated financial statements".

Form and Line Reference	Explanation
Schedule H, Part I, Line 3c eligibility criteria for a patient to qualify for Financial Assistance	Unless eligible for Presumptive Financial Assistance, the following eligibility criteria must be met in order for a patient to qualify for Financial Assistance: * The patient must have a minimum account balance of thirty-five dollars (\$35.00) with the CHI Hospital Organization. Multiple account balances may be combined to reach this amount. Patients/Guarantors with balances below thirty-five dollars (\$35) may contact a financial counselor to make monthly installment payment arrangements. * The patient's Family Income must be at or below 300% of the FPG. * Any patient whose Family Income is between 301% of the FPG and at or below 400 percent of the FPG shall receive discounted care up to 50% from his or her account balance for EMCare provided to the Patient after payment, if any, by any third party(ies). * The patient must comply with Patient Cooperation Standards as described [in the FAP]. * The patient must submit a completed Financial Assistance application. For patients and Guarantors who are unable to provide required documentation, a Hospital Facility may grant Presumptive Financial Assistance based on information obtained from other resources. In particular, presumptive eligibility may be determined on the basis of individual life circumstances that may include: * Recipient of state-funded prescription programs; * Homeless or one who received care from a homeless clinic; * Participation in Women, Infants and Children programs (WIC); * Food stamp eligibility; * Subsidized school lunch program eligibility; * Eligibility for other state or local assistance programs (e.g., Medicaid spend-down); * Low income/subsidized housing is provided as a valid address; or * Patient is deceased with no known estate. A determination that a patient is presumptively eligible for Financial Assistance will result in free or discounted EMCare for the period during which the individual is presumptively eligible. Patient accounts granted presumptive eligibility status will be provided free or discounted care for eligible services for retrospective dates of service only. This decision will not constitute a state of free or discounted care as available through the traditional application process.

Schedule H, Part VI LINES 2, 4: COMMUNITY BENEFIT NARRATIVE AND NEEDS ASSESSMENT	Mercy Medical Center, Inc. led a community wide needs assessment, gathering input on health care needs and priorities from community residents and partners. Outreach was conducted via a Community Perception phone survey, a Community Engagement Forum and one-on-one interviews with key community leaders and residents, as well as a survey monkey was provided electronically to approximately 200 not-for-profit and human services organizations. In addition, Mercy Medical Center, Inc. conducted a patient survey regarding access and usage of health care services. The community engagement forum was facilitated to review the results of the surveys above, and prioritize the needs. A report from the process was available in June, 2019. Mercy Medical Center, Inc. is a Sole Community Provider in Douglas County, Oregon. Douglas County covers an expansive 5,036 square miles from the Pacific Ocean to well into the Cascade Mountains. Douglas County includes the entire Umpqua River watershed and a large portion of the Umpqua National Forest. It is primarily rural and forested area, and the Federal Government owns approximately half of the land in the county. The latest census places the population of Douglas County at 110,283, most of the residents live near the I-5 corridor that runs through the county. The largest city is the county seat of Roseburg where most of the health services are provided. Douglas County faces challenges from an aging population and high rates of unemployment and poverty. Because only 16.3% of local adults have a Bachelor's degree compared to Oregon's 31.4%, many workers have relied on manual labor jobs. Many of these residents were previously employed in relatively good-paying jobs in natural resources such as timber and mining but automation has had impact on employment in these fields. The median household income in Douglas County is \$40,468 compared the statewide average of \$56,119. The result is we have one of the highest childhood poverty rates in Oregon at 23.2% compared to the state average of 17.2% and 60.6% of children qualify for free and reduced lunch. The overall poverty rate for adults is 14.9%. Douglas County has been designated as a federally designated medically underserved area. ORGANIZATION'S MISSION, VISION, AND TAX-EXEMPT PURPOSE: Since it was founded more than 100 years ago, Mercy Medical Center has always been committed to providing the highest quality health and wellness to our community. Our commitment urges us towards compassionate support, greatly enhancing the health care experience of our patients and their families. From community health and health care education to providing essential health services, giving back to our community is an essential part of what we do. Mercy Medical Center, founded in 1909, is a not-for-profit hospital located in Roseburg, OR. Mercy Medical Center ("MMC") is a 174-bed facility with a level III Trauma designation, including two specialty units and an Adult and Adolescent Intensive Care. As a Not-For-Profit organization, MMC serves all persons in the community on a nondiscriminatory basis regardless of ability to pay serving all of Douglas County. From inception, Mercy Medical Center embraced the mission of the founding Catholic congregation, and has joined with other congregations to form Catholic Health Initiatives. The mission of Mercy Medical Center is to provide excellent, compassionate care for the people of our community. It also has a board of directors that is comprised of independent community representatives. In addition to providing medical services, Mercy Medical Center provides many community-based services, designed to promote healthier communities. To enhance the health status of the population, we focus on holistic care including spiritual, emotional and physical well-being. Mercy Medical Center operates a 24-hour emergency room 365 days per year. That emergency room is open to all individuals regardless of ability to pay. Mercy Medical Center participates in Medicare and Medicaid, and has an active charity care program. Mercy Medical Center has an open medical staff with privileges available to all qualified physicians in the area. It also engages in training and education of health care professionals. Mercy Medical Center is included in the Official Catholic Directory as a tax-exempt hospital. I. Community Benefit Approach: Since 1909, Mercy Medical Center has been serving the medical needs of Douglas County. In fact, 2019 marks 110 years of service to our community. Over the years, our focus has remained on meeting the diverse health care needs of our county's residents. With a population of greater than 100,000; Douglas County has higher than average unemployment, lower than average household income and poverty. Through collaboration with community agencies, Mercy and Mercy Foundation have been instrumental in increasing healthcare services for families with ill children. In 2007, the foundation launched the Healthy Kids

In an effort to bring new and needed services to town, Mercy added a coronary intervention program in 2007 to our Shaw Heart and Vascular Center. By having this service locally for the first time, patients had access to state-of-the-art angioplasty services without having to travel. Realizing the strong connection that physician access has to building overall community health, Mercy has been active in helping to recruit an impressive number of new physicians. These new physicians include internists and specialists, who continue to enhance Douglas County residents' access to care. II. Uncompensated Care: Mercy Medical Center provides a significant level of free care each year. In FY 2019, the cost of charity care provided by the organization was \$2,170,267. Mercy Medical Center also incurred \$16,066,711 in unreimbursed costs for services provided to Medicare and Medicaid patients, which represent over 71% of the patients served by Mercy Medical Center. Frequently, the cost of providing services to Medicare and Medicaid patients is greater than the payments Mercy Medical Center receives from the government/state. QUALITATIVE DESCRIPTION OF COMMUNITY BENEFIT: I. Community Outreach for the Poor: Food Donations to Mission: Mercy Medical Center helps to alleviate hunger in the community by donating excess food prepared by the hospital kitchen to the Roseburg Rescue Mission and Umpqua Community Action Network (UCAN) (Foodbank). Additionally Mercy Medical Center, Inc. participates in UCAN's "March Against Hunger" annual event, encouraging staff to assist in the planning and implementation. Childbirth Education: Mercy Medical Center's Family Birthplace provides classes that meet every week throughout the year, and include prenatal education, breastfeeding, Gift of Motherhood and Childbirth classes. These classes cover all kinds of issues surrounding childbirth and parenting. United Way Day of Caring: Each year, the United Way hosts a "Day of Caring" event. United Way agencies submit requests for volunteers to paint, plant, or clean at their facility. Each agency is assigned volunteers who help meet the needs of the different agencies. Examples of past Day of Caring projects include sprucing up a United Way funded day care center, helping with the Kids on the Block festival, painting interior and exterior facilities, cleaning, and gardening. Mercy Medical Center's employees have participated in several Day of Caring projects. Disease Prevention and Awareness: Mercy Medical Center collaborates with local partners to raise awareness and help fund prevention of diseases such as cancer, diabetes, cystic fibrosis, muscular dystrophy and AIDS. Mercy Medical Center donated to local organizations sponsoring promotions in presentation formats, covering topics such as heart disease, diabetes, stroke, and breast cancer awareness. Strategic Planning and Recruiting Costs: Douglas County has been designated as a Physician underserved area. There is a need for significant physician recruitment to the area, to meet the current needs for care for the county residents as well as an increased need for future demand for patient medical care. Mercy has supported research into county needs by type of physician, and also has supported recruitment of new physicians in the area in conjunction with other community medical providers. Health Fairs and Screenings: Mercy Medical Center provides blood pressure checks and free lab draws for the local Total Health Improvement Program. Support Groups: Mercy Medical Center provides a location for the largest AA meeting in the county each Monday.

Schedule H, Part VI LINES 2, 4: COMMUNITY BENEFIT NARRATIVE AND NEEDS ASSESSMENT	Board Activities: Mercy Medical Center employees are encouraged to be involved in community leadership. Employees serve in a variety of leadership capacities in the community including serving on boards such as Battered Persons Advocacy, Neighborworks Umpqua, Council on Aging, Economic Development Committee, UCC Foundation and the United Way. Agencies Supported: Mercy Medical Center provided cash donations to numerous agencies such as the Boys and Girls Club, Camp Millennium, Roseburg Chamber of Commerce, Rotary Foundation, United Way, Wish, COBB St, DCCAPS, Umpqua Community Health Clinic, Family Development Center, YMCA of Douglas County, Umpqua Valley Arts Association and various High Schools in Douglas County. In all, Mercy Medical Center had expenses that exceeded \$416,535 in Community Building activities. Contributions: Mercy Medical Center receives some community support from donations that helps fund research and education, capital expansion and renovation, indigent care, new equipment and operating costs. The value of this community support is returned to the community through lower costs in patient programs and community services described throughout this document.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	A COST ACCOUNTING SYSTEM WAS NOT USED TO COMPUTE AMOUNTS IN THE TABLE; RATHER COSTS IN THE TABLE WERE COMPUTED USING THE ORGANIZATION'S COST-TO-CHARGE RATIO. THE COST-TO-CHARGE RATIO COVERS ALL PATIENT SEGMENTS. THE COST-TO-CHARGE RATIO FOR THE YEAR ENDED 6/30/19 WAS COMPUTED USING THE FOLLOWING FORMULA: OPERATING EXPENSE (BEFORE RESTRUCTURING, IMPAIRMENT AND OTHER LOSSES) DIVIDED BY GROSS PATIENT REVENUE, WHICH RESULTS IN A 25.95% COST-TO-CHARGE RATIO. WORKSHEET 2 WAS NOT USED TO DERIVE THE COST-TO-CHARGE RATIO.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	Costing methodology for amounts reported on line 2 is determined using the organization's cost/charge ratio of 25.95%. When discounts are extended to self-pay patients, these patient account discounts are recorded as a reduction in revenue, not as bad debt expense.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 3 Bad Debt Expense Methodology	MERCY MEDICAL CENTER, INC. does not believe that any portion of bad debt expense could reasonably be attributed to patients who qualify for financial assistance since amounts due from those individuals' accounts will be reclassified from bad debt expense to charity care within 30 days following the date that the patient is determined to qualify for charity care.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	MERCY MEDICAL CENTER, INC. does not issue separate company audited financial statements. However, the organization is included in the consolidated financial statements of CommonSpirit Health. The consolidated footnote reads as follows: CommonSpirit relies on the results of detailed reviews of historical write-offs and collections in estimating the collectability of accounts receivable. Updates to the hindsight analysis is performed at least quarterly using primarily a rolling eighteen-month collection history and write-off data. Subsequent changes to estimates of the transaction price are generally recorded as adjustments to net patient revenue in the period of change. Subsequent changes that are determined to be the result of an adverse change in a third-party payor's ability to pay are recorded as bad debt expense in purchased services and other in the accompanying consolidated statements of operations and change in net assets. Bad debt expense for 2019 was not significant.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	Using essentially the same Medicare cost report principles as to the allocation of general services costs and "apportionment" methods, the "CHI Workbook" calculates a payers' gross allowable costs by service (so as to facilitate a corresponding comparison between gross allowable costs and ultimate payments received). The term "gross allowable costs" means costs before any deductibles or co-insurance are subtracted. MERCY MEDICAL CENTER, Inc.'s ultimate reimbursement will be reduced by any applicable copayment/ deductible. Where Medicare is the secondary insurer, amounts due from the insured's primary payer were not subtracted from Medicare allowable costs because the amounts are typically immaterial. Although not presented on the Medicare cost report, in order to facilitate a more accurate understanding of the "true" cost of services (for "shortfall" purposes) the CHI Workbook allows a health care facility not to offset costs that Medicare considers to be non-allowable, but for which the facility can legitimately argue are related to the care of the facility's patients. In addition, although not reportable on the Medicare cost report, the CHI workbook includes the cost of services that are paid via a set fee-schedule rather than being reimbursed based on costs (e.g. outpatient clinical laboratory). Finally, the CHI Workbook allows a facility to include other health care services performed by a separate facility (such as a physician practice) that are maintained on separate books and records (as opposed to the main facility's books and records which has its costs of service included within a cost report). True costs of Medicare computed using this methodology: Total Medicare Revenue: \$49,830,289 Total Medicare costs: \$52,724,417 Surplus or Shortfall \$(2,894,128) MERCY MEDICAL CENTER, Inc. believes that excluding Medicare losses from community benefit makes the overall community benefit report more credible for these reasons: Unlike subsidized areas such as burn units or behavioral-health services, Medicare is not a differentiating feature of tax-exempt health care organizations. In fact, for-profit hospitals focus on attracting patients with Medicare coverage, especially in the case of well-paid services that include cardiac and orthopedics. Significant effort and resources are devoted to ensuring that hospitals are reimbursed appropriately by the Medicare program. The Medicare Payment Advisory Commission (MedPAC), an independent Congressional agency, carefully studies Medicare payment and the access to care that Medicare beneficiaries receive. The commission recommends payment adjustments to Congress accordingly. Though Medicare losses are not included by Catholic hospitals as community benefit, the Catholic Health Association guidelines allow hospitals to count as community benefit some programs that specifically serve the Medicare population. For instance, if hospitals operate programs for patients with Medicare benefits that respond to identified community needs, generate losses for the hospital, and meet other criteria, these programs can be included in the CHA framework in Category C as "subsidized health services." Medicare losses are different from Medicaid losses, which are counted in the CHA community benefit framework, because Medicaid reimbursements generally do not receive the level of attention paid to Medicare reimbursement. Medicaid payment is largely driven by what states can afford to pay, and is typically substantially less than what Medicare pays.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	The organization's billing and collections policy applies to all individuals presenting for emergency or other medically necessary care. The policy contains provisions for collecting amounts due from those patients who the organization knows to qualify for financial assistance either through the traditional financial assistance application process or through presumptive eligibility processes. Before engaging in extraordinary collection actions (ECAs) to obtain payment for EMCare, Hospital Facilities must make reasonable efforts through its billing and collections processes, pursuant to Treas. Reg. Â§1.501(r)-6(c), to determine whether an individual is eligible for Financial Assistance. In no event will an ECA be initiated prior to 120 days from the date the Facility provides the first post-discharge billing statement (i.e., during the Notification Period) unless all reasonable efforts have been made. Hospital Facilities will not refer accounts for collection where the patient has initially applied for Financial Assistance, and the Hospital Facility has not yet made reasonable efforts with respect to the account. For patients and Guarantors who are unable to provide required documentation, a Hospital Facility may grant Presumptive Financial Assistance based on information obtained from other resources. Patients who qualify for Medicaid are presumed to qualify for full charity write off. Any charges for days or services written off (excluding Medicaid denials related to timeliness of billing, insufficient medical record documentation, missing invoices, authorization, or eligibility issues) as a result of a Medicaid are booked as charity. Some Medicaid plans offer coverage for a limited or restricted list of services. If a patient is eligible for Medicaid, any charges for days or services not covered by the patient's coverage may be written off to charity without a completed application. This does not include any Share of Cost (SOC) or other patient cost-sharing amounts such as deductibles or copayments, as such costs are determined by the state to be an amount that the patient must pay before the patient is eligible for Medicaid. Health and Human Services (HSS) uses the term "Spend Down" instead of Share of Cost. All collection activities conducted by the Facility, a Designated Supplier, or its third-party collection agents will be in conformance with all federal and state laws governing debt collection practices. All third-party agreements governing collection and recovery activities must include a provision requiring compliance with the hospital facilities' financial assistance and billing and collections policy and indemnification for failures as a result of its noncompliance. This includes, but is not limited to, agreements between third parties who subsequently sell or refer debt of the Hospital Facility.

Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	Notification about the availability of Financial Assistance from CHI Hospital Organizations shall be disseminated by various means, which may include, but not be limited to: * Conspicuous publication of notices in patient bills; * Notices posted in emergency rooms, urgent care centers, admitting/registration departments, business offices, and at other public places as a Hospital Facility may elect; and * Publication of a summary of this Policy on the Hospital Facility's website, www.catholichealth.net, and at other places within the communities served by the Hospital Facility as it may elect. Such notices and summary information shall include a contact number and shall be provided in English, Spanish, and other primary languages spoken by the population served by an individual Hospital Facility, as applicable. Referral of patients for Financial Assistance may be made by any member of the CHI Hospital Organization non-medical or medical staff, including physicians, nurses, financial counselors, social workers, case managers, chaplains, and religious sponsors. A request for assistance may be made by the patient or a family member, close friend, or associate of the patient, subject to applicable privacy laws. In addition, Hospital registration clerks are trained to provide consultation to those who have no insurance or potentially inadequate insurance concerning their financial options including application for Medicaid and for assistance under the Financial Assistance Policy. Counselors assist Medicare eligible patients in enrollment by providing referrals to the appropriate government agencies. Once it is determined that the patient does not qualify for any third party funding, the patient is verbally notified about the existence of Financial Assistance Application and additional screening takes place by a Hospital employee to determine if the patient is eligible for charity service prior to discharge. Upon registration (and once all EMTALA requirements are met), patients who are identified as uninsured (and not covered by Medicare or Medicaid) are provided with a packet of information that addresses the Financial Assistance Policy, the plain language summary of that policy, and an application for assistance. Hospital registration clerks read the organization's medical assistance policy to those who appear to be incapable of reading, and provide translators for non-English-speaking individuals. Patients that have been discharged prior to charity screening, such as emergency room patients, receive a written notification of possible eligibility for services. If the patient is determined not to be eligible for government assistance, he/she may notify the hospital that they seek charity assistance. The appropriate charity form is sent to the patient/guarantor for completion and then returned to the hospital for evaluation and qualification. Once determination of eligibility is made, the patient is sent a notice informing him/her if they qualify for full, partial, or no charity care services. Hospital Facilities must make reasonable efforts through its billing and collections processes, pursuant to Treas. Reg. Â§1.501(r)-6(c), to determine whether any individual is eligible for Financial Assistance.

The organization's hospital facility(ies) have an open medical staff. Its board of trustees is composed of prominent citizens in the community. Excess funds are generally applied to expansion and replacement of existing facilities and equipment, amortization of indebtedness, improvement in patient care, and medical training, education, and research. The facility(ies) treat persons paying their bills with the aid of public programs like Medicare and Medicaid. All patients presenting at the hospital for emergency and other medically necessary care are treated regardless of their ability to pay for such treatment.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part VI, Line 6 Affiliated health care system	The organization is affiliated with CommonSpirit Health. CommonSpirit Health was created by the alignment of Catholic Health Initiatives and Dignity Health as a single ministry in early 2019. CommonSpirit Health, a nonprofit, faith-based health system is committed to building healthier communities, advocating for those who are poor and vulnerable, and innovating how and where healing can happen - both inside its hospitals and out in the community. CommonSpirit Health owns and operates health care facilities in 21 states and comprises 142 hospitals, including three academic health centers, major teaching hospitals as well as 31 critical-access facilities; community health services organizations; accredited nursing colleges; home health agencies; living communities; a medical foundation and other affiliated medical groups; and other facilities and services that span the inpatient and outpatient continuum of care. In fiscal year 2019, CommonSpirit Health provided more than \$2.1 billion in financial assistance and community benefit for programs and services for the poor, free clinics, education and research. Financial assistance and community benefit totaled more than \$4.4 billion with the inclusion of the unpaid costs of Medicare. The health system, which generated operating revenues of \$20.96 billion in fiscal year 2019, has total assets of approximately \$40.6 billion. CommonSpirit Health provides strategic planning and management services as well as centralized "share services" for its Divisions. The provision of centralized management and shared services including areas such as accounting, human resources, payroll and supply chain provides economies of scale and purchasing power to the Divisions. The cost savings achieved through CommonSpirit Health's centralization enable Divisions to dedicate additional resources to high-quality health care and community outreach services to the most vulnerable members of our society.

Schedule H, Part V, Section B, Line 5 Facility , 1	Facility , 1 - Mercy Medical Center, Inc.. Since the implementation of CHI Mercy Health's 2019-2022 Community Health Improvement Plans, assessment of community needs and opportunities has been ongoing with Mercy leadership in partnership with community stakeholders. To ensure a broad understanding of the community needs and opportunities, Mercy's leadership sought input from local residents and community partners. Community Stakeholder Organizations included the Community Cancer Center, Compass Behavioral Health, Cow Creek Umpqua Tribe, Douglas Education Service District, Douglas Public Health Network, Evergreen Family Practice Medicine, Mercy Foundation, Roseburg City Manager, United Community Action Network, Umpqua Community Health Center, and Umpqua Health. CHI Mercy Health commissioned Conduent Health Communities Institute (HCI) to assist with its Community Health Needs Assessment (CHNA). Community input was collected via a 22-question online and paper survey. The community health perception survey was disseminated through social media channels, our internal email directory, through digital correspondence to key selected stakeholders, and in paper copy form via our hospital-based medical eligibility counseling service group. A total of 408 responses were collected across Douglas County, with a survey completion rate of 94.4%, resulting in 385 complete responses across the entire survey area. Further input was sought through brief community interviews. Nine participants receiving services at CHI Mercy Health participated, and were asked specific questions about their perspective of top health needs and issues. The interviews took place in late 2018.

Schedule H, Part V, Section B, Line 11 Facility , 1	Facility , 1 - Mercy Medical Center, Inc.. The Community Health Needs Assessment and the Implementation Plan to address the needs identified are included in the Community Benefit Report posted to Mercy Medical Center's website at the link above. From the list of significant health needs identified in the data analysis process, five focus areas have been prioritized: (1) Mental Health & Mental Disorders (2) Children's Health (3) Access to Health Services (4) Education and (5) Substance Abuse. Within the categories are secondary sub-groups: Violence Prevention, Human Trafficking, Parenting Wisely, Healthy Kids Outreach Program (HKOP), Youth Diabetes, Opioid, Smoking Cessation and Workforce Violence Prevention. Even with great challenges, Douglas County residents have a strong history of collaboration on initiatives to improve the health of our community members. Stakeholder work effort over the last three years has created new opportunities to form partnerships to increase community engagement. Stakeholders know that a healthier Douglas County is not the responsibility of a single entity, nor a single sector of the community; rather, achieving measurable health improvements requires broad community involvement and collective action across all sectors of our community. Partnerships and collaborations are the key to the success of any initiative undertaken by Mercy. Mercy will continue to support existing programs, and leverage community resources and expertise to build a more accessible and sustainable network of programs and services for the prevention, early detection and management of chronic disease. In our efforts to improve the health of the community Mercy will continue to use the model of The Spectrum of Prevention, "a fundamental model in public health, acknowledges that a broad range of factors play a role in health," as we develop health improvement implementation plans for 2019-2022. Based on current work and ongoing dialogue with stakeholders regarding collaboration opportunities some of the potential strategies include: Mental Health Addressing the needs of patients with mental health and/or behavioral issues is a priority for Mercy. A focus on increasing access to treatment, developing prevention services and broad community engagement are among the strategies we will incorporate. With a shortage of mental health providers, Mercy will explore how to utilize existing resources in order to maximize services for patients experiencing mental health issues. * Providing an inpatient unit with twelve observation beds to provide a safe environment for behavioral health psychiatric patients. * Utilizing a tele-psychiatry program to provide 24/7 access for patients to have a private consultation with a psychiatrist. * Ongoing partnerships with Compass Behavioral Health. * Utilizing Rural Teams to share information about available resources to assist residents living in isolated communities gain a greater understanding of services. Schedule H, Part V, Section B, Line 13 Facility , 1	Facility , 1 - Mercy Medical Center, Inc.. The patient must have a minimum account balance of thirty-five dollars (\$35.00) with the CHI Hospital Organization. Multiple account balances may be combined to reach this amount. Patients/Guarantors with balances below thirty-five dollars (\$35) may contact a financial counselor to make monthly installment payment arrangements. The patient must submit a completed Financial Assistance application. Patient Cooperation Standards - A patient must exhaust all other payment options, including private coverage, federal, state and local medical assistance programs, and other forms of assistance provided by third-parties prior to being approved. An applicant for Financial Assistance is responsible for applying to public programs for available coverage. He or she is also expected to pursue public or private health insurance payment options for care provided by a CHI Hospital Organization within a Hospital Facility. A patient's and, if applicable, any Guarantor's cooperation in applying for applicable programs and identifiable funding sources, including COBRA coverage (a federal law allowing for a time-limited extension of employee healthcare benefits), shall be required. If a Hospital Facility determines that COBRA coverage is potentially available, and that a patient is not a Medicare or Medicaid beneficiary, the patient or Guarantor shall provide the Hospital Facility with information necessary to determine the monthly COBRA premium for such patient, and shall cooperate with Hospital Facility staff to determine whether he or she qualifies for Hospital Facility COBRA premium assistance, which may be offered for a limited time to assist in securing insurance coverage. A Hospital Facility shall make affirmative efforts to help a patient or patient's Guarantor apply for public and private programs.

Form 990, Part VI, Line 12c CONFLICT OF INTEREST POLICY	c) Board evaluation of non-transactional conflicts - I. The board carefully reviews and scrutinizes any non-transactional conflict of interest (e.g., disclosure of nonpublic information, competition with CHI or a CHI entity, failure to disclose a corporate opportunity, excessive gifts or entertainment, etc.). II. In such circumstances, by a majority vote of the disinterested trustees, the board takes whatever action is deemed appropriate with respect to the trustee or corporate officer under the circumstances (including possible disciplinary or corrective action) to best protect the interests of CHI or the CHI entity. The board is encouraged to consult with the general counsel of CHI or his or her designee when considering disciplinary or corrective action. III. The conflicted trustee or corporate officer is not permitted to use his or her personal influence with respect to the conflict matter. However, if requested, such trustee or corporate officer is not prevented from briefly stating his or her position in the matter, nor from answering pertinent questions from trustees, as his or her knowledge may be relevant. The trustee or corporate officer is excused from the meeting during discussion and vote on the conflict of interest. d) Record of proceedings - with respect to board member and officer conflicts of interest, minutes of the board are expected to reflect the identity of the individual making the disclosure, the nature of the disclosure, discussion regarding any proposed transaction, the decision made by the board, and that the interested trustee or corporate officer was excused during the discussion, and that the interested trustee abstained from voting. D. Conflicts reporting: All conflicts of interest are reported by CHI as required by law, regulations, and policy.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Line 12c Conflict of interest policy	The organization has a conflicts of interest ("COI") policy (the "policy") in place to maintain the integrity of its activities. Through February 7, 2019, conflicts were administered solely through Catholic Health Initiatives' ("CHI") Governance Policy No. 1 (described below). On February 8, 2019, in connection with the alignment of the Catholic Health Ministries of CHI and Dignity Health, the CommonSpirit Health Board of Stewardship Trustees approved CommonSpirit Health Corporate Responsibility Policy No. G-001, a CommonSpirit Health conflicts of interest policy. This policy stipulates that, at minimum, the pre-closing CHI COI policies and pre-closing Dignity Health COI policies identify the individuals that are covered under the new policy. In addition, subject to certain exceptions, pre-closing CHI COI policies shall continue to apply to the CHI entities and the individuals who were subject to the Pre-Closing CHI COI policies; and the Pre-Closing Dignity Health COI policies shall continue to apply to the Dignity Health entities and the individuals who were subject to the Pre-Closing Dignity Health COI policies. Until CommonSpirit Health adopts a single process for identifying and managing conflicts of interest for all system entities, the following individuals shall be subject to the Pre-Closing CHI COI policies from and after the effective date of Corporate Responsibility Policy No. G-001: 1. Members of the CommonSpirit Health Board of Stewardship Trustees and members of the committees of the Board of Stewardship Trustees; 2. Corporate officers of CommonSpirit Health; 3. Members of the Board of Directors of Dignity Health and members of the committees of the Board of Directors of Dignity Health. CHI Governance Policy No. 1: The policy applies to the following persons: members of the CHI board of stewardship trustees and its committees; members of any CHI direct affiliate or subsidiary (each a CHI entity) board and their committees; employees of CHI entities, and all CHI researchers (as defined in the policy). Disclosure, review and management of perceived, potential or actual conflicts of interest are accomplished through a defined COI disclosure review process. A. Disclosure obligations: 1. Ongoing: Each person is required to promptly and fully disclose to his/her direct manager, supervisor, medical staff office, board or board committee chair any situation or circumstance that may create a conflict of interest. The person must disclose the actual or potential conflict as soon as she/he becomes aware of it. In any situation in which the person is in doubt it is expected that full disclosure be made to permit an impartial and objective determination as to the existence of a conflict. 2. Periodic written: In addition to the ongoing disclosure obligation, periodic written conflict of interest disclosure forms must be completed as follows: a) Initially: 1) Upon hiring (employees), 2) Appointment (board / committee members), 3) Upon consideration

Failure to disclose - an individual who fails to disclose a perceived, potential, or actual conflict of interest, or all material facts surrounding an actual or potential conflict or fails to abide by the final decision regarding the conflict may be subject to disciplinary or corrective actions such as termination of employment, removal from a board or committee, loss or restriction of clinical privileges, or restrictions on research activities in accordance with applicable laws, regulations, rules, contracts, and bylaws. B. Conflicts review: 1. No disclosed conflicts: In the absence of perceived, potential or actual conflicts of interest, no follow-up conflicts review is required or performed. 2. Disclosure of perceived, potential or actual conflicts: a) Are initially reviewed by national or regional legal or corporate responsibility team members (depending upon the role of the individual disclosing the actual or potential conflict) to determine whether an actual or potential for a conflict may exist. b) If it is determined that a potential or actual conflict may exist, I. In the case of board or committee members or officers, issues are elevated to the executive committee of the board or board chair. II. In the case of other persons, conflicts issues are elevated to the conflicts of interest review committee ("C-CIRC"). C. Conflicts determination and management: 1. Matters elevated to C-CIRC: a) The C-CIRC determines whether a disclosed or otherwise identified interest is a conflict of interest. If the C-CIRC determines that a COI exists, and adequate controls are not in place to mitigate the conflict, the C-CIRC facilitates development of a COI management plan designed to mitigate the conflict. Designated entity staff are responsible for monitoring the COI management plan and for documenting monitoring activities. Notwithstanding the foregoing, at its sole discretion, an entity may reject a person's request to enter into the relationship in question, or require the relationship be sufficiently altered to avoid a potential conflict of interest. b) Appeal - if a person does not agree with a determination made by the C-CIRC, its interpretation of the COI policy, still seeks an exemption or exception, or seeks further clarification of the C-CIRC's decision, the individual may appeal the decision through his or her manager for reconsideration by the C-CIRC, and the C-CIRC will review and issue a final determination based upon any new or additional information presented. 2. Matters elevated to the executive committee or board chair: a) Determination of existence of conflict - th

If the conflict involves the board chair, the vice chair assumes the chair's role outlined in the COI policy. Based on review and evaluation of the relevant facts and circumstances, the board chair makes an initial determination as to whether a conflict of interest exists and whether, pursuant to the COI policy, review and approval or other action by the board is required. A written record of the board chair's determination, including relevant facts and circumstances, is made. The board chair then makes an appropriate report to the executive committee of the board concerning the COI review, evaluation and determination. If a difference of opinion exists between the board chair and another trustee as to whether the facts and circumstances of a given situation constitute a conflict of interest or whether board review and approval or other action is required under the COI policy, the matter is submitted to the board's executive committee, which makes a final determination as to the matter presented. That determination, including relevant facts and circumstances, is reflected in the executive committee minutes and is reported to the board. b) Board evaluation of transactions involving an officer / board member conflict of interest - I. The board carefully scrutinizes and must in good faith approve or disapprove any transaction in which CHI or a CHI entity is a party and in which the trustee or a corporate officer either: 1. Has a material financial interest; or 2. Is a trustee or corporate officer of the other party (other than a CHI affiliated organization). II. The board must approve the transaction by a majority of the trustees on the board (not counting any interested trustee). In reviewing such transactions between CHI or CHI entities and vendors or other contractors who are, or are affiliated with, trustees or corporate officers, the board acts no more or less favorably than it would in reviewing transactions with unrelated third parties. The transaction is not approved unless the board determines that the transaction is fair to CHI or the CHI entity. III. A conflicted trustee or corporate officer is not permitted to use his or her personal influence with respect to the approval or disapproval of the conflicted transaction. However, if requested, such trustee or corporate officer is not prevented from briefly stating his or her position in the matter, nor from answering pertinent questions from trustees, as his or her knowledge may be relevant. The trustee or corporate officer is excused from the meeting during discussion and vote on the conflict of interest. (CONTINUED ON SCHEDULE O)
