Facts And Circumstances Test

Current Year Facts and Circumstances: As a nonprofit organization, Vascular Cures must be able to demonstrate that it "normally" receives at least 33 1/3% of its support from the general public. In calculating this support test, Form 990 Schedule A reflects a support percentage of over 27%. Vascular Cures believes that other factors provide sufficient evidence that the organization is a valid publicly supported nonprofit charity. The other test is a facts and circumstances test. Under this test, the organization is treated as publicly supported if it normally receives a substantial part of its support from governmental units, from direct or indirect contributions from the general public, and if it is organized and operated to attract new and additional public or governmental support on a continuous basis [Reg. Section 1.170A-9(e)(3)]. The organization will be treated as normally receiving substantial public support if at least 10 percent of the total support normally received by the organization is governmental or public support [Reg. Section 1.170A-9(e)(3)(i)]. An organization meets the requirement of attracting new and additional public or governmental support if it maintains a continuous and bona fide program for soliciting funds from the general public or it carries on activities designed to attract support from governmental units, churches, educational organizations, or other publicly supported charitable or cultural organizations [Reg. Section 1.170A-9(e)(3)(ii)]. Although the public support test for the fiscal years ended June 30, 2019 and 2018 was below the 33 1/3 threshold, Vascular Cures believes this is a temporary decline due to the large, unusual, and unanticipated donations it has received during the fiscal years ending June 30, 2016 and 2017. Vascular Cures is confident it satisfies the 10% facts and circumstances support test. Vascular Cures has an active ongoing campaign to secure funds from a variety of third-party sources. The organization's Marketing and Development departments are actively engaged to solicit funds from foundations and corporate entities. Mail, email, special events, and other activities are used to expand the individual donor base. All donors are added to the organization's donor database and follow up contact is made through a combination of accepted practices. Vascular Cures has a diverse Board of Directors, with representatives from a variety of backgrounds providing guidance, support, and foresight. Prior Year Facts and Circumstances: As a nonprofit organization, Vascular Cures must be able to demonstrate that it "normally" receives at least 33 1/3% of its support from the general public. In calculating this support test, Form 990 Schedule A reflects a support percentage of almost 23%. Vascular Cures believes that other factors provide sufficient evidence that the organization is a valid publicly supported nonprofit charity. The other test is a facts and circumstances test. Under this test, the organization is treated as publicly supported if it normally receives a substantial part of its support from governmental units, from direct or indirect contributions from the general public, and if it is organized and operated to attract new and additional public or governmental support on a continuous basis [Reg. The organization will be treated as normally receiving substantial public support if at least 10 percent of the total support normally received by the organization is governmental or public support [Reg. Although the public support test for the fiscal year ended June 30, 2017 was below the 33 1/3 threshold, Vascular Cures believes this is a temporary decline due to the large, unusual, and unanticipated donations it has received during the last two years. Vascular Cures is confident it satisfies the 10% facts and circumstances support test. Vascular Cures has an active ongoing campaign to secure funds from a variety of third-party sources. The organization's Marketing and Development departments are actively engaged to solicit funds from foundations and corporate entities. Part X : FIN48 Footnote	Income TaxesFinancial statement presentation follows the recommendations of ASC 740, Income Taxes. Under ASC 740, Vascular Cures (VC) is required to report information regarding its exposure to various tax positions taken by VC and requires a two-step process that separates recognition from measurement. The first step is determining whether a tax position has met the recognition threshold; the second step is measuring a tax position that meets the recognition threshold. Management believes that VC has adequately evaluated its current tax positions and has concluded that as of June 30, 2019, VC does not have any uncertain tax positions for which a reserve or an accrual for a tax liability would be necessary.
