1. What is the main purpose of the study?  
 The main purpose of the study is to investigate the effects of a new educational program on student performance.

2. What are the research objectives?  
 The research objectives are to determine the effectiveness of the program, to compare student performance before and after the program, and to identify factors that influence the results.

3. What is the significance of the study?  
 The study is significant because it provides valuable insights into the effectiveness of the new educational program, which can be used to improve teaching methods and student outcomes.

4. What are the limitations of the study?  
 The limitations of the study include a small sample size, a short duration of the program, and the potential for external factors to influence the results.

5. What are the conclusions of the study?  
 The conclusions of the study are that the new educational program has a positive effect on student performance, but further research is needed to confirm these findings and to explore the long-term effects of the program.
