LAND PROTECTIONThe organization secured seven permanent conservation easements on 996 acres of land. These easements provide the following public benefits: protection of significant wildlife habitat as identified by our state wildlife action plan; expansion of existing undeveloped blocks of conservation land; conservation of highly productive soils that are suitable for both farming and forestry; protection of water resources, including streams, wetlands, floodplain, and aquifers; protection of scenic views and rural character, including land along the federally-designated Connecticut River scenic byway; and protection of public access for nonmotorized recreational uses on four of the easements. Staff presented educational workshops on land conservation and related topics at regional, statewide, and national conferences. The organization was an active member of the Quabbin-to-Cardigan Initiative, which is a collaborative landscape-scale effort to conserve the Monadnock highlands of north-central Massachusetts and western New Hampshire. continued on Schedule O
