**990 Schedule H, Supplemental Information**

Form and Line Reference	Explanation
SCHEDULE H, PART III, SECTION A, LINE 4	BAD DEBT FOOTNOTE Accounts receivable are reduced by an allowance for doubtful accounts In evaluating the collectability of accounts receivable, the Hospital analyzes its past history and identifies trends for each of its major payer sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for uncollectible accounts Management regularly reviews data about these major payer sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts For receivables associated with services provided to patients who have third-party coverage, the Hospital analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for uncollectible accounts, if necessary (for example, for expected uncollectible deductibles and copayments on accounts for which the third-party payer has not yet paid, or for payers who are known to be having financial difficulties that make the realization of amounts due unlikely) For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Hospital records a significant provision for uncollectible accounts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible The difference between the standard rates (or the discounted rates if negotiated or provided by policy) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts
