Gibson Area Hospital and Health Services	Part V, Section B, Line 11 The Implementation Strategy was developed through a facilitated meeting involving key administrative staff at Gibson Area Hospital & Health Services on October 1, 2018. The group reviewed the needs assessment process completed to that point and considered the prioritized significant needs and supporting documents. They discussed steps taken to address the previous Community Needs Assessment. They also conducted internal and external resources potentially available to address the current prioritized needs. The group then considered each of the prioritized needs. For each of the six categories, actions the hospital intends to take were identified along with the anticipated impact of the actions, the resources the hospital intends to commit to the actions, and external collaborators the hospital plans to cooperate with to address the need. The plan will be evaluated by periodic review of measurable outcome indicators in conjunction with annual review and reporting. Priority #1 - The group identified and prioritized access to mental health services as the first significant issue facing the Gibson Area Hospital & Health Services' report area. The hospital intends to take the following actions: Gibson Area Hospital & Health Services will add a full-time psychiatrist to its providers, add behavioral health access services for adults with Medicaid, conduct annual mental health awareness days for youth, expand mental health first aid training, add certification with Medicine Assisted Treatment for a staff physician, explore ways to improve discharge communications from inpatient care facilities, develop a resource tool for mental health and substance abuse referrals, hire an integrated behavioral health clinician to work in the primary care setting, and develop relationships with Schools of Social Work at University of Illinois and Illinois State University to encourage internships and develop future employees. Priority #2 - Transportation - Gibson Area Hospital & Health Services will add a second van to its fleet and will utilize social media to provide information to the community about services, availability times, and routes of area transportation providers. Priority #3 - Issues related to chronic illness - Gibson Area Hospital & Health Services will increase the capacity of the Infusion Center, continue AHEC (Area Health Education Center) programs, establish a chronic disease management program, create a youth obesity education program, expand Mental Health First Aid, and encourage Public Health and local governments to explore potential causes of elevated cancer rates. Priority #4 - Increased opportunities for exercises and recreation through public leagues and resources - Gibson Area Hospital & Health Services will continue to expand the ELITE program. Priority #5 - Better access to dental care - Gibson Area Hospital & Health Services will open a full-service dental clinic that will provide care to low-income, underinsured, and uninsured.
