Schedule H, Part V, Section B, Line 11 Addressing Needs Identified in CHNA (Continued)	(Continued from Part V, Section C) -Significant Health Priorities to be Addressed- Health Behaviors - Needs include alcohol and drug use, poor diet, lack of health literacy / lack of knowledge of healthy behaviors, culture of healthy behaviors not a priority, lack of exercise Carilion Clinic addressed health behavior-related priorities from the 2018 GCACHNA Improving poor diets and the general health culture served as a start to making healthy behaviors more of a priority Carilion provides a variety of free health education classes and screenings in community settings Community health education is provided by the Community Health and Outreach department, as well as on occasion by other departments Health and wellness education topics include-general wellness, healthy eating and activity, child safety tips, and other topics as requested The local health educator also leads guided public walks and hikes to increase access to exercise opportunities Resources committed to these programs include staff time and often food and giveaway items that encourage healthy behaviors Support groups also often contribute to wellness In fiscal year 2019 (tax year 2018) support groups were offered for people with breathing related chronic diseases as well as Diabetes CGCH and Carilion Pharmacy have implemented an initiative called A3, engaging diabetic patients with pharmacists to provide discharge medication education and to coordinate after discharge in the clinic setting The goal of his program is to reduce the number of diabetics who have A1C's greater than 9% Diabetic patients will be identified for pharmacist intervention Pharmacists are able to conduct medication reconciliation, coordinate with patients' pharmacies and primary care providers, discuss diabetes management with the patients and caregivers on site, provide medication counseling and coordinate follow-up with patients to help optimize their medication therapy and manage their disease Carilion remains committed to the Healthier Hospital Initiative pledge and continues to work to improve the amount of healthy, local, sustainable foods purchased and served through its cafeterias In addition to community events, Carilion works to encourage healthy behaviors by offering classes to its employees and through partnerships with other employers in the Giles County area As a large employer in the region, efforts to engage employees and their families in their own health impact community health overall Carilion has rolled out the Virgin Pulse program to employees This program enables employees to connect personal activity trackers and include others on the platform to encourage daily healthy behaviors such as exercise, climbing stairs, and planning healthy diets In addition, CGCH hosts a momentum studio with exercise equipment available for employees Through partnership and support of the local Giles Wellness Center, CGCH encourages exercise and other healthy behaviors CGCH has provided support for equipment at the Giles Wellness Center and partner s to regularly offer free health screenings at their location CGCH also partnered with Giles County to advertise the local walking trails available to the public to encourage residents and visitors to utilize these free exercise opportunities -Alcohol and drug use- Carilion's Opioid Task Force brings together expertise from throughout the Carilion system to better understand and address the opioid epidemic in Southwest Virginia The Opioid Task Force works to address this epidemic internally and in the community Efforts arising from this task force include-developing system-wide guidelines and a system dashboard for opioid prescriptions, developing treatment pathways for opioid addiction in specific high-risk groups, developing best practices for risk assessment, treatment and standard orders in Carilion's electronic medical record system, EPIC, developing an inventory of community resources related to prevention, treatment and recovery services for opioid patients and community members, and providing locations for free, safe, prescription drug returns or deactivation bags CGCH is a partner in the Giles County Recovery Court program helping participants learn about healthy behaviors as part of their recovery process The Recovery Court is an alternative to prison, taking up to two years, through which an addicted person may have their charges dropped upon completion of the program (https://www.roanoke.com/news/local/giles-county/giles-county-recovery-court-graduation-celebrates-lives-put-back-in/article_75cb28ec-82f9-54ff-8251-73b06f56242e.html) CGCH will be participating in the Virginia Rural Health Association's High Risk Patient Education Program, focused on addressing the opioid abuse crisis at a local level The program will involve identification of high-risk patients, provision of patient and family education on opioid risks and disposal sites for unused medications, assistance acquiring Narcan,

Carilion employees and their dependents will now be eligible for a new, pharmacist-led smoking cessation program. This program includes group sessions, individual follow-up, resource referrals and free access to nicotine replacement therapy products. Another option includes free participation in the Quit for Life program. Employees are offered a financial incentive when they are tobacco free. CGCH is a participant in the Giles Youth Adult Partnership, through which partners work together with youth to prevent risky behaviors and encourage healthy choices for local youth. The Giles Youth Adult Partnership has put particular focus on reducing use of tobacco products. CGCH also partnered with Giles County to bring in a tobacco cessation expert to conduct health education in local schools and then educate hospital providers on tobacco use prevention. -Clinical Care- Needs include access to mental health and substance use services, access to specialty care. Issues with access to care are a focus for CGCH when addressing community health needs. In addition to providing financial support to qualifying patients who cannot afford care, Carilion is working to improve affordable access to care and resources. Carilion is committed to helping improve access to affordable medical care in our communities. With expansion of Medicaid in the Commonwealth of Virginia in 2019, Carilion worked diligently to help patients and community members with enrollment in Medicaid for newly eligible beneficiaries. Carilion remains dedicated to recruiting and retaining quality practitioners who provide access to care in the service area. CGCH will work to provide individualized recruitment in the Giles County area. In an ongoing effort to increase access to psychiatry and mental health services, the technological infrastructure to provide telepsych services has been put in place in the CGCH Emergency Department and at Carilion Family Medicine Giles. Service provision is currently limited by provider availability. Carilion is committed to serving the needs of its communities and continues to work toward providing telepsych services in the Giles County Area. To expand access to specialty care in the Giles County area, Carilion has built an addition adjacent to the hospital that houses orthopaedics, general surgery and other specialties. Carilion was able to increase access to OBGYN services as well as cardiology, pulmonology, urology, forensic nursing and other specialties in Giles. -Social and Economic Factors- Child abuse / neglect, transportation / transit system needs. CGCH participates on the Giles County Community Policy and Management Team, a committee responsible for the implementation of the Children's Services Act structure in the county. In fiscal year 2019 (tax year 2018), the committee worked to address foster care needs within Giles County, including early intervention to reduce foster placements and increasing resources for foster families. Carilion has also provided support for the NRV CARES Parenting Young Children Course in an effort to reduce the potential for child abuse and neglect through enhanced parenting skills.

Schedule H, Part V, Section B, Line 11 Needs Identified in CHNA (Continued)	CGCH coordinated drives to collect and donate food to the Giles Christian Mission and annually coordinates a drive for baby items in support of the local Baby Toddler Shop. In its commitment to reducing inequity of care, Carilion provides financial support for people who cannot afford insurance or healthcare. Carilion also makes available a Medication Assistance Program helping people gain access to affordable needed medication. Medication is also replenished by Carilion for emergency medical service vehicles as they are used in transport. Support is also provided to many not-for-profit organizations helping to reduce the impacts of poverty on health through investments in social determinants such as housing, transportation, employment, education, access to healthy foods and many others. Each year, Carilion Clinic coordinates a system-wide United Way campaign through which employees can provide additional support to these causes. -Physical Environment- While physical environment did not necessarily arise as a top priority in the 2018 GCACHNA, Carilion still recognizes the impact the environment has on the health of our communities. Therefore, efforts continue to improve the efficiency of Carilion's hospitals and other structures, the utilization of recycling and recyclable or bio-degradable materials where possible, the reduction of waste and the utilization of local, sustainable foods. -Implementation and Measurement- Carilion has invested in multiple systems to help manage data and track outcomes of our community work. In fiscal year 2019 (tax year 2018) Clear Impact software helped develop hospital-specific scorecards with appropriate outcome measures. Community health education programs and screenings contained program level outcomes assigned based on the topic. These outcomes were tracked with pre- and post-tests as well as through screening results. Community programs supported by Carilion grants were responsible for regularly reporting program outcomes. Scorecards developed contain key secondary data points which are updated annually to track impact of community health initiatives. Specifically, Carilion tracked and measured impact on certain aligned indicators contributing to the Robert Wood Johnson Foundation County Health Factors Ranking and County Health Outcomes Ranking. Our goal is to improve County Health Rankings for the entire Giles County Area, but we understand that by the nature of County Health Rankings, improvements are relative to improvements in other communities within the Commonwealth of Virginia. -Priority Areas Not being Addressed and the Reasons- A community approach to determine and address priority needs as described earlier in this document was used to determine which needs cannot be immediately addressed. The needs not identified as "priority" are those that will not be actively addressed in this time period. It is CGCH's intent to address many of the identified priority health issues through the aforementioned initiatives, partnerships, programs and/or grants. Of the top 10 identified priorities in the 2018 GCACHNA, transportation is the only one not directly addressed by initiatives included in the Implementation Strategy. Carilion has provided grant funding to support transportation efforts in the Giles County area. Carilion will continue to explore ways to provide support for improved transportation in the Giles County area. At this time, CGCH does not have the local expertise to provide transportation services. Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	Accounts receivable are stated at net realizable amounts due from patients, third-party payors, and other insurers for which Carilion Giles Community Hospital expects to be entitled in exchange for providing patient care. For patient accounts receivable resulting from revenue recognized prior to October 1, 2018, an allowance for doubtful accounts was established to reduce the carrying value of such receivables to net realizable value. Subsequent to the adoption of Accounting Standards Update (ASU) No. 2014-09, Revenue from Contracts with Customers (Topic 606) (ASU 2014-09), the estimated uncollectible amounts are generally considered implicit price concessions that are a direct reduction to patient accounts receivable rather than an allowance for doubtful accounts.

Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	The Hospital believes our Medicare shortfall is a cost we incur as a benefit to the community. IRS Rev. Rul. 69-545, provides that one of the factors demonstrating community benefit is operating an emergency room open to all persons regardless of ability to pay and providing hospital care for all patients able to pay, including those who pay their bills through public programs such as Medicare. In order to operate for the benefit of the broad community that we serve we must include our significant Medicare population, even if we are required to subsidize care to our Medicare patients due to being reimbursed at less than cost by Medicare's nonnegotiable rates. Medicare allowable costs are determined from the Medicare cost report using the cost-to-charge ratio.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	When accounts receivable efforts are exhausted, the account may be placed with a collection agency and Extraordinary collection actions (ECAs) may be considered. Accounts will not be placed with a collection agency prior to 120 days from the date the first billing statement is provided except when mailings are returned with no forwarding address and combining multiple accounts of varying age with those already transferred or for legal verification regarding other liabilities. Reasonable efforts will be made to identify appropriate forwarding addresses. When a Financial assistance application (FAA) is received during the application period (within 240 days after the date the first billing statement is provided), but after initiation of ECAs, all ECAs will be suspended. Best efforts will be made to process completed applications within 30 days of receipt of the application, financial assistance eligibility will be determined and communicated to the individual. Incomplete applications must be completed within 30 days of the initial notification of additional items required, otherwise, the application will be deemed incomplete and closed. If an individual is eligible for financial assistance, ECAs, other than the sale of debt, will be reversed and any payments related to eligible care refunded to the extent no longer owed. ECAs will be reinstated if the individual is not eligible for financial assistance or does not complete the FAA by the deadline. At least 30 days before initiating an ECA, Carilion will send the patient written notice of intended ECA(s), a plain language summary explaining financial assistance available and the process for determining eligibility, and the deadline for applying for assistance. Carilion will also attempt to call individuals at least 30 days before initiating an ECA to make them aware of the financial assistance available and how to obtain assistance with the application process. Carilion shall enter into a written contract with any collection agency to which it refers bad debt. The contract will obligate the collection agency to observe and comply with Carilion's obligations under this Policy and the Financial Assistance Policy. A collection agency to which bad debt is referred for collection may not engage in any ECAs without the prior written consent of Carilion. After making reasonable efforts to determine if a patient qualifies for Financial Assistance and the patient either does not qualify for Financial Assistance or fails to submit an application as requested, within 240 days from the date the first billing statement is provided, Carilion may engage in one or more of the following ECAs: 1. Place a lien on an individual's property, 2. Attach or seize an individual's bank account or any other personal property, 3. Commence a civil action against an individual, 4. Garnish an individual's wages, 5. Sell an individual's debt to another party, or 6. Report the account to credit agencies. Individual account balances greater than \$5,000 are not sent to a collection agency. These are handled through the Debt Recovery Department (DRD) for verification of Financial Assistance status before further collection activity occurs. DRD will also investigate any accounts that require special handling. For example, when the billing office becomes aware that a patient is deceased, auto accident or any other unique circumstances requiring special handling, the accounts are placed with the DRD. When all collection efforts have been exhausted, all hospital accounts will be returned and closed as uncollectible. No further collection activity is taken at that time. Accounts with satisfactory payment arrangements, legal activity or accounts with pending payment will be considered active and are not returned.

Schedule H, Part VI, Line 2 Needs assessment	In addition to conducting regular Community Health Needs Assessments, Carilion closely monitors community health indicators and responds to needs as they arise. Each year, Carilion updates scorecards with refreshed County Health Rankings indicators provided by the Robert Wood Johnson Foundation. Carilion is also responsive to needs identified through clinical data and departments. Carilion's call center is available for community members to ask questions and to direct callers to community resources as issues are raised. The Planning department monitors data such as self-pay and Medicaid rates, patient origin and travel time, and age and income distributions to drive Carilion's access to care strategies. Carilion Clinic's community health improvement process was adapted from Associates in Process Improvement's Model for Improvement and the Plan-Do-Study-Act (PDSA) cycle developed by Walter Shewhart. It consists of five distinct steps: (1) conducting the CHNA, (2) strategic planning, (3) creating the implementation strategy, (4) program implementation, and (5) evaluation. This cycle is repeated every three years. Carilion Clinic fosters community development in its CHNA and community health improvement processes by using the Strive Collective Impact Model for the Community Health Assessment Team (CHAT). This evidence-based model focuses on solving problems together with coalitions of cross-sector partners and has been proven to lead to large-scale changes. It focuses on relationship-building between organizations and the progress towards shared strategies. Carilion Clinic, the New River Health District of the Virginia Department of Health and Focus on Communities Utilizing Services (FOCUS) partnered to conduct the 2018 Giles County Area Community Health Needs Assessment. This process was community-driven and focused on high levels of community engagement involving health and human services leaders, stakeholders, providers, the target populations, and the community as a whole. The Giles County FOCUS Program is a formalized network of service providers that interact extensively with underserved Giles citizens. Through "focused" and coordinated service provision, addressing the physical, educational and economic well-being of individuals, families and communities, FOCUS elevates the status of their human condition(s). The mission of FOCUS is to lead positive social change for families and individuals living in Giles County through the coordination of advocacy, information, opportunity and community involvement. Its vision is three-fold: that every child is provided relationships to help them achieve his/her greatest potential and participate in and contribute to the community, that every parent is provided relationships to help them improve the quality of life for their families, and that every adult is provided the relationships to help them become responsible, participating citizens. FOCUS believes that to better impact the physical, social and economic well-being of Giles County citizens, it is important to identify locations of need, specifically neighborhoods, to focus its investment (https://www.vagovernorshousingconference.com/images/Pres2016/Thursday/130-Appalacia--Governors-Housing-Conference-FOCUS-Final.pdf). CGCH is an active participant in FOCUS and supports the work of many FOCUS partners.

Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	Information on Financial Assistance is provided to the patient at hospital admission and ambulatory areas in the form of signage, a plain language summary which includes contact information, financial assistance application and documentation in the inpatient handbook. Patient Access staff, Hospital social workers and customer service representatives verbally inform patients on availability of assistance. Each patient statement and patient financial responsibility letter includes information on the Financial Assistance policy including who to contact for additional information and location of in-person assisters. The Application, the Policy, and the plain language summary are available free of charge to the patient. They are available by mail and on the web site if the patient did not receive written information at the time of service. Financial Assistance policy and application are also distributed to community partners through electronic mailing groups. Carilion Clinic employs an Eligibility staff that counsel patients on federal and state programs. The staff completes applications for Medicaid, Social Security, Social Security Disability and Medicare. The staff provides support services ensuring the applications are processed correctly based on federal and state policy. In addition, the Eligibility staff is trained as Certified Application Counselors and will assist patients in enrollment in the insurance exchange Marketplace. Eligibility staff will also complete Carilion's financial assistance application and counsel patient on the requirements for financial assistance.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part VI, Line 4 Community Information	The Giles County area, including Giles County, Virginia and Monroe County, West Virginia, is the service area for the GCACHNA. Giles County is a picturesque region of Appalachian America, with mountainous terrain, cliffs, rivers and streams. It is part of the New River Valley, which includes the counties of Floyd, Giles, Montgomery (including the towns of Christiansburg and Blacksburg), and Pulaski and the independent City of Radford. The County is rural and topographically isolated with 48.6 persons per square mile compared 202.6 persons per square mile in Virginia as a whole. (https://www.census.gov/quickfacts/fact/table/va,gilescountyvirginia/PST045217) It is a part of the New River Valley Planning District (Health Planning District 4) and is commonly referred to as Rural Appalachia (http://www.vdh.virginia.gov/new-river/). The area is bordered on the south by the Blue Ridge Mountains and the north by the Alleghany Mountains. One of the oldest rivers in America, the New River, runs through this region (http://www.newriverwatertrail.com/NRWT/history-of-the-new-river/). Giles County is approximately 356 square miles. (https://www.census.gov/quickfacts/fact/table/va,gilescountyvirginia/PST045217) The area is comprised of nine towns and is delineated by three voting districts: Pembroke, Eggleston, and Newport (Eastern District), Pearisburg, Staffordsville, and White Gate (Central District), and Glen Lyn, Rich Creek, and Narrows (Western District). Of these towns, Pearisburg, Narrows, Glen Lyn, and Rich Creek are federally designated as rural census tracts (https://www.census.gov/geo/reference/gtc/gtc_place.html). Pearisburg is the County Seat. In terms of governance, Giles County is governed by a County Board of Supervisors that controls the county budget. It is the site of the majority of health and human services available to the residents of Giles County (http://virginiasmtnplayground.com). Mountains characterize the geography of Giles County. Many of the rural roads are unpaved and steep, with the highest peak at 4,348 above sea level. Much of the County consists of national forest. Giles County achieved major motion picture fame by serving as the geographic backdrop in the 1987 Hollywood blockbuster, "Dirty Dancing." The vacation lodge where the movie was filmed is one of the County's largest seasonal employers (http://www.monroecountywv.net/About.html). Under the peak of Angel's Rest and surrounded by the beautiful mountains of Pearisburg, VA, lies Carilion Giles Community Hospital. For more than 50 years, this hospital has served the residents, neighbors, and visitors of Giles County. In 2002, CGCH was granted a government designation of Critical Access in a rural setting and today it is one of the leading hospitals of this kind in the nation. Secluded in the Allegheny Highlands, Monroe County was separated from Greenbrier County, West Virginia in 1799, where its economic basis has been farming and timber harvesting ever since (http://www.monroecountywv.net/About.html). Monroe has a population per square mile of 28.6 and has 472.75 square miles of land. (https://www.census.gov/quickfacts/fact/table/monroecountywestvirginia/PST045217) The 2018 GCACHNA revealed differences in size and population and significant disparities both in health and in social determinants. The 2014-2018 American Community Survey (ACS) found the total population of the counties of Giles and Monroe to be 16,814 and 13,467 respectively (https://data.census.gov/cedsci/table?q=S0101&tid=ACSSST5Y2018.S0101&hidePreview=true). For Giles County, the U.S. Census Bureau predicts slightly negative population change at -0.09%, compared to the Commonwealth of Virginia at 6.86% increase (https://virginiaworks.com/community-profiles). Median age ranges from 44.5 in Giles County to 46.7 in Monroe County (https://data.census.gov/cedsci/table?q=S0101&tid=ACSSST5Y2018.S0101&hidePreview=true). The ACS finds that both areas have a larger percentage of the population that is White than in the Commonwealth of Virginia as a whole. In Giles County, 96.6% of the population is White and 2.2% of the population is Black. (https://data.census.gov/cedsci/table?tid=ACSDP5Y2018.DP05&hidePreview=true) All of Giles County is a designated Medically Underserved Area (MUA) and a Health Professional Shortage Area (HPSA) for primary care, dental and mental health professionals (https://data.hrsa.gov/geo). Giles County is part of the New River Valley, a region flush with resources including food, health and human services, arts and culture and outdoor amenities. Health and human service organizations work to reduce the disparities in access to care and access to resources that still exist for many residents of the region.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part VI, Line 5 Promotion of community health	Carilion Giles Community Hospital (CGCH) is a modern, 25-bed Critical Access hospital, offering emergency services recognized nationally for quality and patient satisfaction in addition to high-quality inpatient care and an extended care recovery program (Swing Bed) that gives eligible patients an opportunity to grow stronger before going home. The main entrance serves as the access point for all walk-in patients needing emergency care, diagnostics, rehabilitation and other outpatient services. CGCH works to bring new services to the community as the need is identified (https://www.carilionclinic.org/locations/carilion-giles-community-hospital). CGCH serves all patients regardless of their ability to pay. The Hospital's governing Board is elected annually and the majority of members are neither employees nor contractors of the Hospital. Medical staff privileges are extended to qualified providers. Surplus funds are reinvested in new technology, clinical initiatives, education and charitable efforts. This includes providing free, discounted and subsidized care as well as critical medical services that operate at a loss.

Form and Line Reference	Explanation
Schedule H, Part VI, Line 6 Affiliated health care system	Carilion Giles Community Hospital is wholly owned by Carilion Clinic, a not-for-profit health care organization based in Roanoke, Virginia. Through a comprehensive network of hospitals, primary and specialty physician practices, and complementary services, Carilion provides exceptional care for nearly one million Virginians. With an enduring commitment to the health of the region, Carilion also seeks to advance care through medical education and research, help its community stay healthy and inspire the region to grow stronger. In the mid-2000's, Carilion made the strategic decision to transform from a collection of hospitals to a physician-led, integrated health care system. It was a courageous move. In every moment since, Carilion has worked to evolve further-developing a multi-specialty physician group, transforming our primary care practices into patient-centered medical homes, implementing electronic health records system-wide, creating a robust partnership with Virginia Tech, and opening a medical school and research institute. Each decision, each adaptation, has fundamentally changed the way Carilion collaborates and provides care (https://www.carilionclinic.org/about-carilion-clinic). Carilion's Community Health and Outreach (CHO) department is the health system's engine for providing collaborative opportunities to improve and promote the health of the community. The department's Community Health Assessments process helps identify the strengths and barriers impacting health. Its community-based programs reflect the Robert Wood Johnson Foundation's framework of four main influences of health- health behaviors, social and economic factors, clinical care access and quality, and physical environment. CHO is also the driving force for the health systems many partnerships with cross-sector organizations that create a collaborative culture of community health and wellness. To advance the education of health professionals, Carilion Medical Center operated Jefferson College of Health Sciences a private higher education institution within the hospital that "prepares, within a scholarly environment, ethical, knowledgeable, competent and caring healthcare professionals." Jefferson College provided more than 1,100 students with opportunities to become part of the health care profession, serving communities ranging from southwest Virginia to the Shenandoah Valley and beyond. Jefferson College merged with Radford University July 1, 2019 and remains in partnership with Carilion Clinic, teaching students in our clinical setting on the campus of Carilion Medical Center to continue to meet the healthcare workforce needs in the community and beyond. Through a unique public-private partnership between Virginia Tech and Carilion Clinic, the Virginia Tech Carilion School of Medicine within Virginia Tech educates physician thought leaders through inquiry, research, and discovery on Carilion Clinic's main campus in Roanoke. Virginia Tech students learn, train, and work side by side with Carilion's highly experienced medical staff. This innovative approach stresses the importance of research, quality, safety, evidence-based medicine, interdisciplinary and interprofessional teamwork, chronic disease management, wellness and prevention and public health.

Form and Line Reference	Explanation
Schedule H, Part V, Section B, Line 11 Facility , 1	Facility , 1 - Carilion Giles Community Hospital Carilion Clinic is a not-for-profit, integrated healthcare system located in Virginia's Blue Ridge Mountains with its flagship hospital in the heart of the City of Roanoke, the largest urban hub in western Virginia. There, through a comprehensive network of hospitals, primary and specialty physician practices, wellness centers and other complementary services, the system provides quality care close to home for nearly one million Virginians. Carilion's roots go back to 1899, when a group of dedicated citizens came together and built a hospital to meet the healthcare needs of the community. Today, Carilion is a key anchor institution focusing on more than just healthcare, Carilion is dedicated to its mission of improving the health of the communities we serve. With an enduring commitment to the health of our region, Carilion advances care through clinical services, medical education, research and community health investments. Carilion believes in service, collaboration and caring for all. Through ongoing investment in discovering and responding to the health needs of the community comes the understanding that the involvement of additional stakeholders is essential to effectively address community health issues and create change. The purpose of this implementation strategy is to describe what Carilion Giles Community Hospital (CGCH) plans to do to address the community health needs identified in the 2018 Giles County Area Community Health Needs Assessment (GCACHNA). After all primary and secondary data collection was completed, the CHAT reviewed all data then identified and prioritized the ten most pertinent community needs using the Robert Wood Johnson Foundation framework for what influences health. The data were combined and overall priorities chosen based on the number of times a category was selected in the top 10, with the average ranking serving as a tie-breaker. Once the priorities were clearly identified, the CHAT rated the feasibility and potential impact of solutions for each health issue. The findings of the 2018 GCACHNA revealed 10 priority health-related issues in the community, identified by the Community Health Assessment Team after review of the data collected: (1) Alcohol and drug use (2) Child abuse / neglect (3) Transportation / transit system (4) Poor diet (5) Access to mental / behavioral health services (6) Access to specialty care (7) Lack of health literacy / lack of knowledge of healthy behaviors (8) Access to substance use services (9) Culture-healthy behaviors not a priority (10) Lack of exercise. According to the Robert Wood Johnson Foundation's (RWJF) County Health Rankings, where an individual lives, works and plays is a strong predictor of their health outcomes (http://www.countyhealthrankings.org/). Currently in the United States, a person's zip code can help predict their life expectancy due to its direct link to the social determinants of health such as poverty, race/

Schedule I, Part I, Line 2 Procedures for monitoring use of grant funds	For Carilion Clinic's Community Grant Program, each grantee must sign a letter of agreement with Carilion Clinic that delineates the terms and specific objectives of the project. By accepting a Carilion award, grantees are asked to acknowledge the support of Carilion Clinic in all materials and/or related special events or fundraisers throughout the award cycle where other donors are publicly recognized. One mid-cycle progress report and a final program evaluation are required for every funded project. Site visits may be made to grantees. Program evaluation includes alignment with Community Health Assessment priorities, program impact, organizational effectiveness and community benefit through collection of data including clients served, cost effectiveness of the program (cost per client or service), tangible community or client outcomes, and specific efforts to cultivate diverse funding sources for program sustainability. Each grantee must agree to submit requested data and reports on a timely basis and to complete the evaluation process as requested.

Return Reference	Explanation
Schedule J, Part I, Line 3 Arrangement used to establish the top management official's compensation	The organization has a single member, Carilion Clinic, a charitable tax-exempt organization which serves as the parent company of the Carilion Clinic integrated health care delivery system. Executive compensation, including that of the organization's Hospital Vice President, is reviewed annually by the Carilion Clinic Board of Directors Compensation Committee. This Committee is made up of Board members of Carilion Clinic who do not have a conflict of interest with any of the executives being reviewed. In addition, the Compensation Committee annually reviews the compensation philosophy for all executive leaders. This review included review of a comprehensive report from an outside compensation consultant specializing in healthcare organizations for select positions and the prior year's report on all of the reviewed positions. The reports reviewed by the Committee included a detailed comparison of total compensation and each element thereof, including base salary, bonus, "at-risk" and other cash compensation, and benefits, including deferred and retirement benefits. Compensation was compared to both a national and regional peer group of organizations similar in size and structure to the organization, which list was reviewed by the Compensation Committee. The Compensation Committee maintained detailed minutes of its meetings, setting forth the deliberations and decisions of the Committee regarding the compensation of these executives.

Return Reference	Explanation
Schedule J, Part I, Line 4b Supplemental nonqualified retirement plan	Mr Arner, Mr Conte, Mr Halliwill, and Mr Vaughan participate in a Defined Contribution Supplemental Executive Retirement Plan (DC SERP) in which the employer, at the discretion of Carilion Clinic's Compensation Committee, makes a contribution to an account established on its books for each eligible participant. If a participant ceases to be a participant prior to the vesting date, the account shall be forfeited. A lump sum distribution shall be made upon the participant's vesting date, death, or disability. Unvested contributions made to the DC SERP in 2018 are included on the Form 990 as "retirement and other deferred compensation." No distributions were made under this plan in the reporting year. Ms Agee participated in an executive flexible benefit plan, in which an allowance is provided annually to the participant for use in obtaining certain insurance benefits. In prior years, the amount of allowance in excess of elected benefits was credited to a capital accumulation account with a deferred vesting date of at least two years from the first day of the plan year, distributable upon vesting while employed by a Carilion Clinic affiliate, death, disability, or 24 months following certain qualifying separations from service. Deferrals no longer occur under this plan. No distributions of prior deferred amounts were made under this plan in the reporting year.

Return Reference	Explanation
Schedule J, Part I, Line 7 Non-fixed payments	The organization pays annual "at-risk" compensation to certain members of management based on performance of an applicable scorecard. While the scorecard contains a formula as a basis for determining the overall performance, in certain cases, senior managers have discretion to include additional elements in their assessment of managers reporting to them. In addition, for top management, the actual non-fixed payment awarded is in the discretion of the Carilion Clinic Board of Directors Compensation Committee, although it is based on the scorecard measures.

Form 990, Part VI, Line 12c Conflict of interest policy	Our organization monitors and reviews proposed and current transactions for conflicts of interest in a variety of ways. At the governing board level, we have board members complete an initial (upon appointment) and annual conflict of interest questionnaire to disclose actual or potential conflicts. Board members are required to update their disclosure as needed in between questionnaires. All disclosures are reviewed by the Organizational Integrity & Compliance Office and as needed escalated to the appropriate leaders/board members for further discussion/review. If a disclosure is viewed as an actual or potential conflict, an action is recommended to the Compliance Committee of the Carilion Clinic Board and implemented as approved. Actions can include recusal in discussion/voting at board meetings, limitation/termination of the transaction, removal from board appointment or other appropriate controls. In addition, at any time, board members are encouraged to disclose any potential conflicts as they arise at a board meeting and to recuse themselves as deemed appropriate. The same process takes place as described above for key employees (upon hire and annually thereafter), including all Officers, members of the management team, physicians/mid-level practitioners, pharmacists and key supply chain buyers. After review and further discussion as needed, action may be required to manage an actual conflict or to reduce the appearance of such as approved by Organizational Integrity & Compliance Office and other key management team members. As needed, the governing board leaders are notified of any conflicts which may impact board proceedings.

Return Reference	Explanation
Form 990, Part VI, Line 15a Process to establish compensation of top management official	The organization has a single member, Carilion Clinic, a charitable tax-exempt organization which serves as the parent company of the Carilion Clinic integrated health care delivery system. Executive compensation is reviewed annually by the Carilion Clinic Board of Directors Compensation Committee. This Committee is made up of Board Members of Carilion Clinic who do not have a conflict of interest with any of the executives being reviewed. With respect to Carilion Clinic, the Compensation Committee reviews the compensation of the Board of Governors annually, which includes the President and Chief Executive Officer, the Executive Vice Presidents (Chief Financial Officer, Chief Medical Officer, Chief Operating Officer, Chief Administrative Officer and Chief Legal Officer), and select Senior Vice Presidents who are the physician Chairs of the Clinical Departments. For the fiscal year covered by this return, the Compensation Committee also used the same process to review the compensation of other Disqualified Individuals, including the Hospital Vice Presidents. In addition, the Compensation Committee annually reviews the compensation philosophy for all executive leaders, which includes Vice Presidents, Senior Vice Presidents, Executive Vice Presidents, and the CEO, as well as the compensation philosophy for employed physicians. Some officers of the organization who are not compensated in their capacity as an officer but rather in their role as employee in a position not mentioned above are not subject to Committee review. This review included review of a comprehensive report from an independent, outside compensation consultant specializing in healthcare organizations for select positions and the prior year's report on all of the reviewed positions. The reports reviewed by the Committee included a detailed comparison of total compensation and each element thereof, including base salary, bonus, 'at-risk' and other cash compensation, and benefits, including deferred and retirement benefits. Compensation was compared to both a national and regional peer group of organizations similar in size and structure to the organization, which list was reviewed by the Compensation Committee. The Compensation Committee maintained detailed minutes of its meetings, setting forth the deliberations and decisions of the Committee regarding the compensation of these executives.
