| Part X, Line 2   | The income tax basis of accounting requires the Organization's management to evaluate tax positions taken by the Organization and recognize a tax liability (or asset) if the Organization has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Organization and has concluded that as of September 30, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Organization is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. Management believes that the Organization is no longer subject to income tax examinations for years prior to 2016. |
