FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	<p>In 2014, Sharp made an important decision regarding these pillars as part of its continued journey toward excellence. Each year, Sharp incorporates cycles of learning into its strategic planning process. In 2014, Sharp's Executive Steering and Board of Directors enhanced Sharp's safety focus, further driving the organization's emphasis on its culture of safety and incorporating the commitment to become a High Reliability Organization (HRO) in all aspects of the organization. At the core of HROs are five key concepts: * Sensitivity to operations * A reluctance to simplify * Preoccupation with failure * Deference to expertise * Resilience. Applying high-reliability concepts in an organization begins when leaders at all levels start thinking about how the care they provide could improve. It begins with a culture of safety. With this learning, Sharp is a seven-pillar organization - Quality, Safety, Service, People, Finance, Growth and Community. The foundational elements of Sharp's strategic plan have been enhanced to emphasize Sharp's desire to do no harm. This strategic plan continues Sharp's transformation of the health care experience, focusing on safe, high-quality and efficient care provided in a caring, convenient, cost-effective and accessible manner. The seven pillars listed below are a visible testament to Sharp's commitment to become the best health care system in the universe by achieving excellence in these areas: Quality - Demonstrate and improve clinical excellence and exceed customer expectations. Safety - Keep patients, employees and physicians safe and free from harm. Service - Create exceptional experiences at every touch point for patients and families, enrollees, physicians, partners and team members. People - Create a values-driven culture that attracts, retains and promotes the best people who are committed to Sharp's mission and vision. Finance - Achieve financial results to ensure Sharp's ability to deliver on its mission and vision. Growth - Enhance market position and drive innovative development. Community - Be an exemplary public citizen by improving the health of our community and environment. Awards - Below please find a selection of recognitions Sharp has received in recent years. In 2013, 2014, 2016 and 2017, Sharp was recognized as one of the "World's Most Ethical (WME) Companies" by the Ethisphere Institute, the leading business ethics think tank. WME companies are those that truly embrace ethical business practices and demonstrate industry leadership, forcing peers to follow suit or fall behind. Sharp was ranked No. 31 on Forbes' 2019 listing of Best Employers in California, as well as No. 58 on its list of Best Employers for Women and No. 201 on its list of Best Employers for Diversity. Becker's Hospital Review recognized Sharp as one of "150 Top Places to Work in Healthcare" in 2017 and 2018. The list recognizes hospitals, health systems and organizations committed to fulfilling missions, creating outstanding cultures.</p>

In support of Covered California's annual open enrollment period, Sharp's registration staff includes 25 Certified Application Counselors in order to better assist both patients and the general community with navigating the Covered California website and plan enrollment. In collaboration with San Diego-based CSI Financial Services, Sharp utilizes the specialized loan program, ClearBalance, to assist patients who struggle to resolve high medical bills. Through the program, both insured and uninsured patients can secure small bank loans to help pay off their medical bills in low monthly installments and prevent unpaid accounts from going to collections. Since its inception in 2010, more than 4,000 Sharp patients have received assistance through ClearBalance. In addition, three Sharp hospitals - SCVMC, SGH and SMH - qualify as covered entities for the 340B Drug Pricing Program administered by the U.S. Department of Health and Human Services (DHHS) Health Resources and Services Administration. Hospitals participating in the 340B Drug Pricing Program are permitted to purchase outpatient drugs at reduced prices. The savings generated by this program are used to offset patient care costs for Sharp's most vulnerable patient populations, as well as to assist with patient access to medications through Sharp's Patient Assistance Program. The Patient Assistance Program at Sharp helps those in need of assistance gain access to free or low-cost medications. Patients are referred by population health teams, physicians, pharmacists, case managers, social workers, nurses or even other patients, as well as may be identified through usage reports. Team members research all available options for these patients, including programs offered by drug manufacturers, grant-based programs offered by foundations, co-pay assistance and other low-cost alternatives. Eligible patients receive assistance that may help reduce readmissions and the need for frequent medical services resulting from a lack of access to medication. In FY 2019, the Patient Assistance Program helped under- and uninsured patients access more than \$5 million worth of prescriptions. Also in FY 2019, Sharp assisted underinsured and vulnerable individuals who were unable to meet their financial responsibility after health insurance. Through the Maximum Out of Pocket Program, team members met with patients at all Sharp hospitals to help them better understand their health insurance benefits and how to access care during their hospital stay, as well as provided payment options. In FY 2019, the Maximum Out of Pocket Program made a total of more than \$385,000 in adjustments to patient bills.</p>

These team members performed field calls (home visits) to patients who required assistance with completing the coverage application process after leaving the hospital. Since FY 2016, SGH's PFS team has worked closely with the hospital's Care Transitions Intervention program to evaluate patients for CalFresh - California's Supplemental Nutrition Assistance Program - prior to hospital discharge. These consultations have dramatically increased the likelihood that patients complete CalFresh applications and receive benefits. In February 2017, Sharp's PFS team expanded CalFresh consultations to the remainder of Sharp's acute care hospitals. More than 720 Sharp patients have been granted CalFresh benefits as a result of this effort. In summer 2015, a pilot program was launched to evaluate eligibility for financial assistance among both insured and unfunded families with babies in the Neonatal Intensive Care Unit (NICU) at SMBHWN. This process included helping families whose newborn had been diagnosed with a devastating medical condition or extremely low birth weight apply for Supplemental Security Income (SSI) to help with the cost of care for their baby both within and outside of the hospital. The program was expanded to SCVMC and SGH in 2017, and since its inception, Public Resource Specialists have assisted more than 280 families through the SSI application process. City of San Diego Partnership In 2018, Sharp and the City of San Diego began a three-year partnership designed to help improve the health and wellness of residents in all nine San Diego City Council Districts. As the Official Health and Wellness Partner of the City of San Diego, Sharp provides a wide variety of classes and workshops at district libraries and recreation centers. The partnership drew on findings from Sharp's community health needs assessment (CHNA), which helped identify neighborhoods with greater health disparities within the City Council Districts, as well as health topics of interest to those specific neighborhoods. Presented by Sharp health educators from around the system, FY 2019 class topics included stroke prevention and education, Medicare, cancer prevention - nutrition, lifestyle and healthy habits, achieving optimal health, weight loss, senior resources, coping with life transitions, preventing preterm births, suicide prevention, nutrition and healthy eating, opioids and mental health, mental health education, risk for cardiovascular disease (CVD), back pain prevention and management, stress management, diabetes and exercise, older adults and exercise, caregiver stress, heart failure and more. FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	<p>The high school curriculum provides students with a variety of service-learning projects and internships focused on careers in health care. Students earn high school diplomas, complete college entrance requirements and have opportunities to earn community college credits, degrees or vocational certificates. The HSHMC program began in 2007 with students on the campuses of SGH and SMH, and expanded to include SMV and SMBHWN in 2009, SCHHC in 2010, and SCVMC in 2011. Students also devote time to various SRSMBG sites. Students begin their internship experience with a systemwide orientation to Sharp and their upcoming job-shadowing activities, which consist of two levels of training. Level I of the HSHMC program is the entry level for all students and is conducted over an eight-week period. Through Level I, ninth-grade students shadow primarily non-nursing areas of the hospital as well as complete additional coursework in Infection Control, Medical Ethics and Introduction to Health Professions. Level II is designed for students in grades 10 through 12 and includes enhanced patient interaction, college-level clinical rotations and hands-on experience. Level II students are placed in a new assignment each semester for a variety of patient care experiences and take additional health-related coursework at a community college, including Health 101, Public Health, Psychology and Abnormal Psychology, Realities of Nutrition, Intro to Health Professions and Organizations, and Health and Social Injustice, among other courses. In FY 2019, 266 HSHMC students - including 121 Level I students and 145 Level II students - were supervised for nearly 57,500 hours on Sharp campuses. Students rotated through instructional pods in specialty areas, including but not limited to nursing, emergency services, obstetrics and gynecology, occupational therapy, physical therapy, behavioral health, pediatrics, medical/surgical, rehabilitation, laboratory services, pharmacy, pathology, radiation oncology, radiology, endoscopy, engineering, nutrition, infection control, pulmonary services, and operations. Students not only had the opportunity to observe patient care, but also received guidance from Sharp staff on career ladder development as well as job and education requirements. Each year, Sharp reviews and evaluates its collaboration with HSHMC, including the outcomes of students and graduates, to promote long-term sustainability. Seventy-two percent of HSHMC students are economically disadvantaged, and the school's free and reduced-price meal eligibility rate is higher than the averages for both SD and California. Despite these challenges, HSHMC maintains a 95% attendance rate and excels in preparing students for high school graduation, college entrance and a future career. In May 2019, 162 students graduated from HSHMC, and 90% of the graduating class went on to attend two- or four-year colleges. This project recognizes public high schools around the nation that engage in research-based practices focused on closing opportunity gaps for student learning. Also in 2017, HSHMC was recognized for the third time as a U.S. News & World Report Best High Schools bronze award winner, having previously been recognized in 2014 and 2016. In 2016, HSHMC received the Impact Award from the Classroom for the Future Foundation as the most innovative education program in SDC. Sharp is honored to have partnered with HSHMC for more than a decade and looks forward to continually providing HSHMC students with opportunities to flourish in a career in health care. Lectures and Continuing Education Sharp contributes to the academic development of students at colleges and universities throughout San Diego. In FY 2019, Sharp staff provided hundreds of hours in guest lectures and presentations on numerous health care topics. Lecture topics included clinical aromatherapy, clinical informatics, the role of a medical social worker in a hospital setting, diabetes, careers in dietetics, diabetes and exercise, spiritual care in the health care setting, and end-of-life care including advance care planning, hospice, bereavement, bioethics and goals of care. Lectures were delivered to students from a variety of graduate and undergraduate programs at SDSU, National University (NU), PLNU, USD, San Diego City College, Azusa Pacific University (APU), and CSUSM. Sharp's Continuing Medical Education (CME) Department has received Accreditation with Commendation by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians, as well as by the Accreditation Council for Pharmacy Education to provide continuing pharmacy education. Sharp's CME Department provides evidence-based and clinically relevant professional development opportunities to help practicing physicians and pharmacists improve patient safety and enhance clinical outcomes. In FY 2019, Sharp's CME Department invested more than 1,500 hours in live and online CME activities for San Diego health care providers. This included conferences on cardiology, oncology, diabetes, integrated healing, urgent care and patient safety, as well as presentations on suicide prevention, food insecurity, physician leadership, sepsis, infection prevention, opioid usage and advances in lung cancer. Each year, Sharp's CME Department identifies and addresses a public health priority in compliance with its Accreditation with Commendation. In FY 2019, the CME Department continued to collaborate with the Community Benefit team to address the FY 2018 identified public health issue: food insecurity. Together, CME and Community Benefit educated and engaged Sharp-affiliated physicians, pharmacists and employees on the impact of food insecurity on health, as well as assessed patients for food insecurity and referred them to community resources. Four online educational modules were developed in collaboration with the San Diego Hunger Coalition and are actively viewed by community providers. The CME and Community Benefit food insecurity initiative has helped change how Sharp cares for its community, as well as delivered positive patient outcomes. To address the FY 2019 public health priority of dementia, the CME Department developed a comprehensive needs assessment demonstrating the need for dementia training aimed at primary care providers. The CME Department collaborated with community organizations, including Champions for Health and the Alzheimer's Project Clinical Roundtable, to develop education and clinical guidelines focused on addressing dementia in SDC. This concerted effort reached over 300 clinicians, as well as led to countless additional non-CME educational strategy meetings with internal and external stakeholders, and important conversations regarding dementia patients at Sharp. In addition, the Alzheimer's Project Clinical Roundtable Physician Guidelines were converted into an online CME activity. In further support of this project, the department provided four hours of live and online CME activities for San Diego health care providers, as well as more than 50 hours of planning and development with providers. This included grand rounds at both SGH and SCHHC, and a panel discussion at SCMG's Annual CME Conference, where the Alzheimer's Project Clinical Roundtable exhibited and promoted its clinical guidelines. In addition, SRSMD's Clinical Guidelines committee utilized the Alzheimer's Project Clinical Roundtable's clinical guidelines to update their dementia guidelines. Results from post-evaluation surveys collected from these CME-accredited events showed markedly increased confidence in treating patients with Alzheimer's disease and other related dementias. Participants also stated an intent to change their professional behavior, and the belief that this education would positively impact their patients.</p>

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	<p>Research Sharp Center for Research Sharp is dedicated to expanding scientific knowledge for the broader health and research communities. The Sharp Center for Research promotes high-quality research initiatives that help advance patient care and outcomes throughout the world. The Sharp Center for Research includes the Human Research Protection Program (HRPP), the Institutional Review Board (IRB) and the Outcomes Research Institute (ORI). Human Research Protection Program The Sharp Center for Research's HRPP is responsible for the ethical and regulatory compliant oversight of research conducted at Sharp. In March 2016, Sharp received accreditation from the Association for the Accreditation of Human Research Protection Programs (AAHRPP) and in December 2018, was re-accredited for an additional five years. This accreditation acts as a public affirmation of the HRPP's commitment to following rigorous standards for ethics, quality and protection for human research. To date, Sharp is the only health system in SDC to receive accreditation from the AAHRPP. Institutional Review Board As one of the key components of the HRPP, the IRB seeks to promote a culture of safety and respect for those participating in research for the greater good of the community. All proposed entity research studies with human participants must be reviewed by the IRB in order to protect participant safety and maintain responsible research conduct. In FY 2019, a dedicated IRB committee of 17 - including physicians, nurses, pharmacists, individuals with expertise and training in non-scientific areas, and members of the community - devoted hundreds of hours to the review and analysis of both new and ongoing research studies. Research at Sharp is conducted on all clinical phases of drug and device development, and the populations studied span the life cycle - from newborns to older adults. These clinical trials increase scientific knowledge and enable health care providers to assess the safety and effectiveness of new treatments. At any given time, Sharp participates in approximately 250 clinical trials encompassing many therapeutic areas, including behavioral health, emergency care, infectious disease, newborn care, heart and vascular, kidney, liver, neurology, gastroenterology, orthopedics and oncology - the latter of which comprises the largest share of Sharp's clinical trials. The HRPP educates and supports researchers across Sharp as well as the broader San Diego health and research communities regarding the protection of human research participants. As part of its mission, the Sharp Center for Research hosts quarterly research meetings on relevant educational topics for community physicians, psychologists, research nurses, study coordinators and students throughout SDC. In FY 2019, meetings included the following presentations: Research Community Outreach, Health Insurance Portability and Accountability Act and Research, Protecting Vulnerable Subjects, Deviations Identification,</p>

Additionally, Sharp researchers presented their current studies during the meetings. As part of National Clinical Trials Day in May, the Sharp Center for Research held its inaugural Clinical Trials Day event to showcase Sharp's latest clinical research to the San Diego community. The event was featured on two local news channels and drew nearly 200 attendees, including community researchers, drug and device manufacturers, Sharp physicians, donors and the general public. Outcomes Research Institute Since its inception in 2010, Sharp's ORI has sought to measure the long-term results of care to continue to develop and promote best practices in health care delivery. The ORI enables Sharp to develop and disseminate new knowledge to the larger health care community and help improve the quality of care delivery across SDC. The ORI collaborates with Sharp team members to aid in the design of patient-centered outcomes research projects, assist with study protocol development, data collection and analysis, explore funding mechanisms for research projects, and facilitate IRB application submissions. The ORI seeks guidance and expertise from the local and national academic community on how to effectively conduct outcomes research to improve patient and community health. This networking has resulted in collaborative research partnerships with investigators at SDSU and NU. The ORI shares its research studies with other community health and research professionals. In FY 2019, this included a study titled Detecting Atrial Fibrillation in the Emergency Department in Patients with Cardiac Implantable Electronic Devices, published in The Journal of Emergency Medicine, as well as a presentation titled Prediction of Acute Care Utilization for Patients with Hematologic Malignancies, provided at the American Society of Clinical Oncology Quality Care Symposium in San Diego. Since September 2016, the ORI has expanded its contributions to research, education and clinical service through SMH's Integrated Behavioral Health/Cardiac program - an initiative that integrates psychological services for patients of SMH's Heart Transplant and Mechanical Circulatory Support units, including pre-surgical psychological candidacy assessments as well as psychological testing, consultation, and ongoing treatment. The program provides opportunities for ongoing outcomes research, including the contribution of publications and presentations to support the broader health and research communities in the psychosocial management of heart failure patients. These research opportunities are extended to advanced graduate students in clinical psychology through yearlong practicum training experiences. In FY 2019, this innovative program fostered the continued implementation of three ongoing</p>

Evidence-Based Practice Institute Sharp participates in the Evidence-Based Practice Institute (EBPI), which prepares teams of staff fellows and mentors to change and improve clinical practice and patient care through identifying a care problem, developing a plan to solve it and incorporating this new knowledge into practice. The EBPI is part of the Consortium for Nursing Excellence, San Diego, which promotes the use of evidence-based practices in the nursing community. The consortium is a partnership between Sharp, Rady Children's Hospital - San Diego, UC San Diego Health, U.S. Department of Veterans Affairs (VA) San Diego Healthcare System, Kaiser Permanente, Elizabeth Hospice, PLNU, SDSU, APU and USD. Sharp actively supports the EBPI by providing instructors and mentors as well as administrative coordination. The EBPI includes six full-day class sessions featuring group activities, self-directed learning programs outside of the classroom, and structured mentorship throughout the program. EBPI fellows and mentors partner with one another through a variety of learning strategies. Mentors facilitate and support fellows as they navigate the hospital system and implement the processes of evidence-based practice change. Mentors also assist fellows in working collaboratively with key hospital leadership personnel. In FY 2019, the nine-month program culminated with a community conference and graduation ceremony in November, during which the EBPI fellows and mentors shared their project results. Twenty-seven project teams, comprised of mentors and fellows, graduated from the program. Projects addressed issues in clinical practice and patient care including spinal cord injury protocols to improve discharge preparedness, patient communication boards as a bedside handoff tool, music therapy to reduce anxiety in breastfeeding mothers, changes in checking gastric residuals in tube fed babies for quicker full feeds, immunization protocols in liver pre-transplant patients, and development and education on a new evidence-based program for increased patient mobility. Volunteer Service Sharp Leads a Hand In FY 2019, Sharp continued its systemwide community service program, Sharp Leads a Hand (SLAH). Sharp team members suggested project ideas that would improve the health and well-being of San Diego in a broad, positive way, rely solely on Sharp for volunteer labor, and support existing nonprofit initiatives, community activities or other programs that serve SDC.</p>

More than 3,000 Sharp employees, family members and friends volunteered nearly 6,000 hours in support of these projects. The Food Bank feeds San Diegans in need, advocates for the hungry, and educates the public about hunger-related issues. Each month, the Food Bank serves nearly 2 million meals to approximately 350,000 San Diegans. Backpacks filled with a weekend's supply of food are provided to chronically hungry elementary school children throughout SDC, while Food Bank distribution sites provide boxes of groceries and staple food items to low-income seniors. At eight events between December 2018 and August 2019, 50 SLAH volunteers gathered at the Food Bank warehouse to help inspect, clean, sort and package donated food as well as assist with assembling boxes and cleaning the facility. As a member of the Feeding America network, FSD partners with food donors throughout SDC - including grocery stores, restaurants and retailers - to distribute healthy food to more than 63,000 local children, families, seniors and military members each week. FSD relies on the generous support of individuals, corporations, foundations and community groups to sustain critical hunger-relief and nutrition programs throughout the region. At 10 events throughout FY 2019, nearly 150 SLAH volunteers sorted food, prepared bags for distribution, and cleaned produce for FSD. Established in 1990, Mama's Kitchen is a community-driven organization that enlists volunteers to help prepare and deliver nutritious meals to community members affected by acquired immunodeficiency syndrome (AIDS) or cancer who are unable to shop or cook for themselves. Mama's Kitchen strives to help its clients stay healthy, preserve their dignity, and keep their families together by providing free, culturally appropriate, home-delivered meals, pantry services and nutrition education. In January, April, June and July, more than 50 SLAH volunteers helped Mama's Kitchen serve meals to the community by preparing and packaging snack and vegetable items for delivery. At three local cemeteries - Fort Rosecrans National Cemetery, Miramar National Cemetery and Greenwood Memorial Park - approximately 500 SLAH volunteers honored veterans by placing donated wreaths on their gravesites. The USS Midway is a retired aircraft carrier that serves as a museum and memorial to the 225,000 Navy sailors who served on board between 1943 and 1992. To help keep the deck of the Midway museum clean, SLAH volunteers participated in an FOD walk-down, a routine activity on active aircraft carriers that helps prevent debris from damaging aircraft engines. At four events in February, April, June and August, more than 120 SLAH volunteers mimicked a real FOD walk-down, using hand tools and vacuums to clear the decks of debris. SLAH volunteers participated in the ADA Tour de Cure 2019 to support the one in three San Diegans living with diabetes or prediabetes and raise critical funds for the ADA's diabetes research, education and advocacy. In March, five SLAH volunteers assisted with pre-event packet pick-up, day-of event registration, T-shirt distribution, rest stop support and first aid. Promises2Kids provides current and former foster youth in SDC with the tools, opportunities and guidance they need to grow into healthy, happy and successful adults. In November and December, nearly 30 SLAH volunteers supported the organization's annual Holiday Gift Drive by wrapping gift collection bins, assisting with inventory, and sorting and preparing gifts to distribute to foster youth. The Ssubi is Hope Greening for Good project collects discarded but safe and usable supplies from U.S. hospitals and distributes them to clinics around the world that have little or no medical resources. In addition to providing life-changing and life-saving services to people in underserved countries, the project has protected the environment by keeping more than one million pounds (lbs) of medical surplus out of local landfills. At two events in July and August, more than 15 SLAH volunteers joined the Greening for Good project to evaluate, sort, label and prepare medical materials for shipment. The Special Olympics Southern California - San Diego County program offers free, year-round sports training and competition for children and adults with intellectual disabilities. In May, 20 SLAH volunteers supported the 2019 Annual Spring Games at Carlsbad High School. Volunteers served as timers and scorekeepers during the bocce competition, cheered on the athletes and participated in the awards ceremonies. Volunteers met at Mountain View Community Center to stencil a pollution prevention message above neighborhood storm drains educating the public that no pollutants or trash should go down the drain and into the ocean. SLAH also partnered with I Love a Clean San Diego for the 17th annual Creek to Bay Cleanup in April, in celebration of Earth Day. Approximately 60 SLAH volunteers participated in this countywide effort to beautify beaches, bays, trails, canyons and parks at locations around SDC, including Torrey Pines State Beach, Crown Point Shores in Mission Bay, San Diego River - Mission Valley South, Ocean Beach Veterans Plaza, Coronado Central Beach, Marina View Park in Chula Vista, Lake Miramar and Santee Lakes. In July, SLAH volunteers participated in I Love a Clean San Diego's Morning After Mess Cleanup by helping clear garbage and debris from Mission Beach Park following the Fourth of July holiday. In September, nearly 30 volunteers supported I Love a Clean San Diego's California Coastal Cleanup Day to ensure a clean, safe and healthy community by removing litter from open spaces throughout SDC, including Ocean Beach Dog Beach, Chula Vista Bayside Park, Tierrasanta North Shepard Canyon, Embarcadero Marina Park North, Harry Griffen Park in La Mesa, Coronado South Beach and Torrey Pines State Beach. Founded in 2001, the San Diego River Park Foundation is a grassroots nonprofit organization that works to protect the greenbelt from the mountains to the ocean along the 52-mile San Diego River. Nearly 50 SLAH volunteers joined the San Diego River Park Foundation to care for California native plants and trees at the Point Loma Native Plant Garden in November, December, February, May, and June, and at the San Diego River Garden in Mission Valley in April and August. Activities included trail maintenance, watering, pruning and other light gardening projects. In January, July and September, nearly 35 SLAH volunteers joined the San Diego River Park Foundation's Coastal Habitat Restoration events in Ocean Beach. The team worked to save and restore one of the last remaining coastal dune and wetland habitats in San Diego by removing invasive plants and litter, watering and caring for recent plantings and native plants, and providing trail maintenance. In March, I Love a Clean San Diego and the San Diego River Park Foundation partnered to provide the fifth annual River Kids Discovery Days. Five SLAH volunteers participated in the free event, which provides river education and service events to teach more than 600 children and families about protecting the Earth's natural resources. In addition to these projects, the SLAH program continued to coordinate and promote Sharp's year-round blood donation effort to provide needed blood to local organizations serving the community. Also in March, a Sharp employee accompanied a team of students, nurses, physical therapists, occupational therapists and doctors on a medical mission to Ecuador sponsored by Franciscan University of Steubenville. With a mission to care for the whole person, the team provided medical treatment for acute diseases, as well as education on how to care for and prevent future complications. In April 2019, a Sharp nurse participated in a surgical service trip facilitated by Helps International, a community of volunteers dedicated to bringing agricultural and community development, education and health care to rural Guatemala. The Sharp nurse spent 10 days working on the eye surgery team alongside various other medical professionals to perform oculoplastic (reconstructive procedures involving the orbit, eyelids, tear ducts and face), strabismus (crossed eyes) and cataract surgeries. Another Sharp nurse accompanied a team of 25 medical professionals to the impoverished, indigenous community of Patzun, Guatemala through Friends With Purpose - a nonprofit organization dedicated to providing medical care and community development in underserved communities around the world. The team consisted of surgeons, physician's assistants, operating room technicians, nurses and autoclave technicians. For eight days in May, the volunteers provided surgical services to patients, many of whom had never received medical care. In July 2019, Next Generation Mission partnered with Legacy Church San Diego and a Jamaican youth organization to provide help, entertainment and hope on a mission serving underprivileged residents of Montego Bay, Jamaica. A Sharp nurse accompanied a team consisting of church members, construction specialists, college students and musicians, who assisted with multiple projects, including construction of a small house, repairs at an orphanage, provision of music and entertainment at homes for underprivileged children, elderly, orphans and disabled people, and participation in a youth sports day.</p>

Through volunteering in the gift shops and thrift store, students learn about merchandising, fundraising and retail sales. At the inpatient units, they are exposed to clinical experiences that provide a glimpse into potential future careers. Junior volunteers also have the opportunity to help raise funds for hospital programs and provide clerical support to hospital departments. In FY 2019, nearly 530 high school students contributed more than 54,800 hours to the Junior Volunteer Program. This included 90 junior volunteers who provided more than 5,660 hours of service at SMH and SMBHWN, more than 270 junior volunteers who dedicated more than 17,620 hours of service at SCVMC, and nearly 280 junior volunteers who contributed more than 33,700 hours of service at SGH. In addition, Sharp's various entity boards include volunteers who provide program oversight, administration and decision-making regarding the organization's financial resources. In FY 2019, more than 120 volunteers contributed time to Sharp's boards. Sharp employees also donate time as volunteers for the Sharp organization, including service on the Board of Directors of San Diego Imaging - Chula Vista, Sharp and Children's MRI, Grossmont Imaging LLC Board, and Sharp and UC San Diego Health's Joint Venture, which oversees the operations of their joint Liver Transplantation and Bone Marrow Transplant Programs. Volunteers are essential to the hospice team - they provide significant relief to those near the end of life and their families and caregivers, as well as valuable clerical and community support activities for the hospice organization. Sharp HospiceCare trained 36 new volunteers in FY 2019. Volunteers completed an extensive 24-hour training program to confirm their understanding of and commitment to hospice care prior to beginning their volunteer activities. Volunteers provided a variety of nonmedical services at patient homes, SNF and hospitals, and Sharp HospiceCare's LakeView, ParkView and BonitaView hospice homes. This included caregiver relief, companionship, light housekeeping, errands and participation in patient outings. In addition, volunteers provided administrative support and assistance with special-event planning and community outreach for Sharp HospiceCare. Four teenagers participated in Sharp HospiceCare's Teen Volunteer program in FY 2019. Through this program, teens completed special projects in Sharp HospiceCare administration, as well as performed activities at Sharp HospiceCare's hospice homes, including patient grooming and hygiene tasks, as well as simply sitting with patients, listening to their stories and holding their hand. Additionally, 13 premedical students from SDSU, UC San Diego and CSUSM volunteered their time by supporting family caregivers in private homes. Sharp HospiceCare continued to provide the 11th Hour program to ensure that no patient died alone. Through the program, volunteers accompanied patients who were in their final moments of life but did not have family members present. This included holding the patient's hand, reading softly to them and remaining by their side. Volunteers also comforted families who were present while their loved one passed away. Twelve volunteers were trained through the 11th Hour program in FY 2019. In FY 2019, Sharp HospiceCare trained four volunteers in integrative therapies to promote relaxation and restful sleep and enhance the quality of life of Sharp HospiceCare patients and their caregivers. Integrative therapies included Healing Touch, a gentle energy therapy that uses the hands to help manage physical, emotional or spiritual pain, Reiki, a Japanese energy healing therapy in which practitioners use their hands on or above the patient's body to facilitate the healing process, aromatherapy, and hand massage.</p>

WHV is a national program developed by the National Hospice and Palliative Care Organization in collaboration with the VA to empower hospice professionals to meet the unique end-of-life needs of veterans and their families. As a WHV partner, Sharp HospiceCare is equipped to provide education and training that qualifies its volunteers to identify and support veteran patients and their caregivers. This includes the Vet-to-Vet Volunteer program, which pairs volunteers who have military experience with veteran patients receiving hospice or home-based palliative care. The program also honors veteran patients through special pinning ceremonies, during which volunteers present veterans with a WHV pin and a certificate of appreciation for their service. In FY 2019, Sharp HospiceCare held pinning ceremonies for more than 90 Sharp HospiceCare veteran patients and pinned 40 veteran community members during various community events. Sharp HospiceCare continued to offer the Memory Bear program to support community members who have lost a loved one. Volunteers created teddy bears out of the garments of those who have passed on, which served as special keepsakes and permanent reminders of the grieving individual's loved one. In FY 2019, volunteers dedicated nearly 3,000 hours to sewing more than 740 bears for approximately 250 families. Sharp HospiceCare recognizes the valuable impact that volunteers have on its patients and their family and caregivers. In light of this recognition, Sharp HospiceCare offered a monthly continuing education support group to enhance volunteers' skills. In addition, Sharp HospiceCare honored its volunteers during National Volunteer Week in April and National Hospice and Palliative Care Month in November through special award and pinning celebrations. FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	<p>Through the Giving Tree program at the Downtown Sharp Senior Health Center, community members and staff donate gift cards to make the holidays brighter for seniors in need. In December 2018, nearly 60 patients who visited the Downtown Sharp Senior Health Center left with a gift bag and a gift card to a local drug store, grocery store or restaurant. In addition, in December, SCVMC partnered with a Chula Vista chapter of Optimist International for a holiday bike giveaway. Optimist International is a worldwide volunteer organization that helps children develop to their fullest potential. In FY 2019, the holiday bike giveaway provided bicycles as holiday gifts to eight children of the hospital's cancer patients. The SGH Engineering Department led a variety of volunteer initiatives in FY 2019. For the past nine years, the SGH Engineering Department's landscaping team and the hospital's Auxiliary have collaborated with local businesses to bring The Shirt Off Our Backs Program to community members in need during the holidays. Through the The Shirt Off Our Backs Program, volunteers collect and donate a variety of items to help meet the basic needs of homeless or low-income children and adults. In FY 2019, volunteers filled three trucks with donated food and other essential items, including 80 hygiene kits (shampoo, soap, wipes, toothbrushes, etc.), 200 handmade sandwiches and 150 water bottles as well as clothing, socks, shoes, toys, towels, blankets, pet food and other household items. The SGH Engineering Department continued to provide This Bud's for You, a special program that delivers hand-picked flowers from the campus' abundant gardens to unsuspecting visitors, patients and staff. Through the program, the landscaping team grows, cuts, bundles and delivers colorful bouquets to patient rooms as well as offers single-stem roses in a small bud vase to passers-by. Each week during FY 2019, the team delivered three vases of flowers along with an inspirational quote, as well as at least six vases during peak flower season and upon additional requests. In addition, nearly 40 vases of flowers were delivered to new mothers staying in the hospital on Mother's Day. This Bud's for You also supports the SGH Senior Resource Center and Meals on Wheels partnership by providing floral centerpieces for fundraising events benefitting seniors in SDC's east region, as well as offering roses for SGH's annual patient remembrance service. Now in its ninth year, the program has become a natural part of the landscape team's day - an act that is simply part of what they do to enhance the experience of hospital visitors and community members. The SGH Engineering Department further extends the spirit of caring through the creation of Cheers Bouquets for patients or visitors who appear to need encouragement, cheer or get well wishes, as well as to recognize patient birthdays, anniversaries and other special moments. The engineers quickly assemble and deliver a bouquet of balloon.</p>

The report card shows where Sharp has achieved desired results as well as identifies opportunities for improvement in order to strategically plan initiatives that engage team members in reducing the organization's carbon footprint. Sharp's accomplishments and goals within each All Ways Green committee/subcommittee and domain are highlighted in the following pages.</p> <p>Natural Resource Conservation According to the EPA, health care organizations spend over \$6.5 billion on energy each year. Health care organizations rank as the country's second most energy intensive industry, with hospitals using roughly three times the amount of energy as a typical office building. In the U.S., hospital water use constitutes 7% of the total water used in commercial and institutional buildings. Sharp's goal is to optimize the use of electricity, gas and water across its facilities, identify and evaluate opportunities for improvement, implement initiatives in the most cost-effective manner and track progress. A 2017 World Health Organization report encouraged hospitals to proactively address the environmental footprint of the health care sector by reducing power consumption and utilizing alternative sources of energy generation. Sharp's Natural Resource Subcommittee has addressed this call by implementing numerous conservation initiatives, including infrastructure changes as well as adopting best practices to ensure its facilities are optimally operated while monitoring and measuring energy and water consumption. Sharp's Natural Resource Subcommittee also educates employees about the energy-conscious behaviors that can be practiced in the work place and at home to promote continuous energy and water savings. During California's recent five-year drought, Sharp adopted a focused water conservation program at all sites. Although the drought restrictions were officially lifted in 2017, Sharp remains dedicated to using water wisely. To align with this commitment, Sharp partners with Emerald Textiles for its laundry and linen services. The company operates a state-of-the-art plant that is efficiently designed to reduce utility consumption and preserve natural resources. Each year, Emerald Textiles saves an estimated 40 million gallons of water through its water filtration system, more than 71,000 kilowatt-hours (kWh) of electricity through the use of energy-efficient lighting, and over 700,000 therms of gas by using energy-efficient laundry equipment.</p>

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	<p>Sharp was one of the first health care organizations in the country to commit to environmental best practices in IT. In 2013, Sharp became the first health care system in SDC to implement a computer management program that places computers and monitors into a low-power sleep mode after a one-hour period of inactivity. The program has been installed on all Sharp computers resulting in annual energy savings in excess of 1.6 million kWh. In 2015, Sharp implemented the TSO Logic software program, which identifies inefficient, energy-consuming hardware for replacement or elimination. Sharp's hardware electrical consumption has decreased by more than 5% each year following implementation. Since 2016, the SGH campus has been operating essentially off the electrical grid due to the Brady Family CoGen, its state-of-the-art Central Energy Plant (CEP). The CEP includes a 52-ton, 4.4-megawatt combustion turbine generator that produces enough electricity to meet up to 95% of the hospital's needs while reducing greenhouse gases by up to 90%. In addition to providing electrical power, the CEP converts heat to steam to operate medical equipment, space heating, and air conditioning as well as provides hot and cold water to the hospital. The CEP is fully compliant with state and local air emissions standards. In 2017, Sharp installed new software on 10 air conditioning units in the data center at its corporate office, resulting in more efficient cooling and a 16% decrease in power usage. In addition, new virtual environments replaced more than 150 devices in the data center, further reducing power and cooling needs for the building. In 2018, Sharp opened the new Copley building which houses administrative space for SRSMG, as well as the complex, consolidated Sharp HealthCare Laboratory that services the entire Sharp system. To reduce the Copley building's CO2 emissions, Sharp restored the original fuel cell that came with the building upon purchase, making it the first Sharp location to use fuel cell energy. A fuel cell uses the chemical energy of hydrogen or another fuel to produce clean and efficient electricity, which could help reduce the Copley building's CO2 emissions by more than 90% while self-generating over 3 million kWh of electricity per year. In 2019, fluorescent light bulbs were replaced with high-performance light-emitting diode (LED) bulbs at multiple Sharp sites as part of a systemwide LED lighting retrofit project. The new LED lighting is projected to decrease energy usage by 55%. It is also rated to meet and exceed the requirements established by California's Title 24 Building Energy Efficiency Standards and the federal Occupational Safety and Health Administration. Since implementation, retrofits have been completed at SRSMC, SCVMC, SMMC, SCHHC and Sharp's system offices. Also in 2019, a set-point temperature (an agreed upon temperature that a building will meet) project was completed throughout Sharp's facilities in order to standardize, optimize</p>

Research indicates that increasing cooling temperature set-points and decreasing heating temperature set-points by two degrees Fahrenheit decreases energy use by approximately 1% and 5%, respectively. In January 2020, Sharp will open the new Ocean View Tower on the SCVMC campus which has been designed to meet the organization's sustainability goals. The Ocean View Tower will be approximately 12% more efficient than Cal-Green requirements (California's mandatory green building standards code) and is projected to reduce annual CO2 emissions by nearly 250,000 lbs compared to buildings of similar square footage. This will be achieved through the installation of high-efficiency boilers, the use of more efficient heating, ventilation and air-conditioning systems (HVAC) in non-patient care areas, and the use of LED lighting during the approximately three-year construction process. In addition, the installation of a cool roof (a roof designed to reflect more sunlight and absorb less heat than a standard roof) on the Ocean View Tower will further reduce energy consumption. All Sharp hospitals engage in the EPA's ES database and monitor their ES scores on a monthly basis, thus following an international standard for energy efficiency created by the EPA. Buildings that are certified by ES must earn a 75 or higher on the EPA's energy performance scale, indicating that the building performs better than at least 75% of similar buildings nationwide without sacrifices in comfort or quality. According to the EPA, buildings that qualify for ES certification typically use 35% or less energy than buildings of similar size and function. As a result of Sharp's commitment to superior energy performance and responsible use of natural resources, SCHHC and SCVMC earned the ES certification in 2019. SCHHC previously earned ES certification in 2007, each year from 2010 to 2013, and in 2017 and 2018. SCVMC previously earned ES certification from 2009 to 2011, as well as in 2013 and from 2015 to 2018. In addition, the SRS MC Downtown office building meets Leadership in Energy and Environmental Design (LEED) silver certification specifications, making it one of the first medical office buildings of its kind in SDC. SMMC participates in the San Diego Higher Opportunity Projects and Programs Retrocommissioning Program (HOPPs RCx), which is funded by California utility customers and administered by SDG&E. Through HOPPs RCx, qualified facilities receive a free building analysis to identify energy-saving opportunities, financial incentives to implement energy-saving measures and staff training on post-installation maintenance. HOPPs RCx projects typically reduce building energy costs by 5 to 20% with financial returns on investment averaging less than two years. In 2017, Sharp received the Environmental Stewardship Award in the large business category from the BBB serving San Diego.</p>

In addition, in FY 2019, SGH and SCV MC recycled more than 16,000 lbs of used cooking oil for conversion to eco-friendly biodiesel fuel through Filta, an environmental kitchen solutions service. Sharp is an active member of San Diego's Nutrition in Healthcare Leadership Team. The group of more than a dozen SDC hospitals and health care systems collaborates to ensure that all food and beverages served by the county's hospitals are healthy, fresh, affordable, and produced in a manner that supports the local economy, environment and community. In addition, Sharp continues to participate in Practice Greenhealth's Healthier Food Challenge. Through the program, Sharp commits to reducing its purchase of animal protein and increasing its purchase of locally grown food and sustainable animal proteins (grass-fed, antibiotic- and hormone-free beef and cage-free chicken). In FY 2019, Sharp reduced animal protein purchases by almost 32 %, and increased sustainable animal protein purchases by more than 60%, compared to FY 2014. As a recipient of the 2018 EMIES UnWasted Food award, Sharp was recognized by the San Diego Food System Alliance for its collaboration as an innovator and early adopter of food waste prevention and recovery programs. The award is designed to honor the 1996 Federal Bill Emerson Good Samaritan Food Donation Act, which encourages food donation to nonprofit organizations by protecting donors from liability. Sharp previously earned this award in 2016. Sharp and Sodexo remain committed to food sustainability efforts that improve both individual and environmental health. FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	<p>Sharp's disaster preparedness team offered several training programs to first responders and community health care providers throughout SDC. This included a standardized, on-scene federal emergency management training for hospital leaders titled National Incident Management System/Incident Command System/Hospital Incident Command System (HICS) as well as a training focused specifically on HICS, an incident management system that can be used by hospitals to manage threats, planned events or emergencies. A training course was also offered on the WebEOC (Web Emergency Operations Center) crisis information management system, which provides real-time information sharing between health care systems and outside agencies during a disaster. In addition, in June Sharp's disaster leadership provided education about personal disaster preparedness at the County of San Diego's Vital Aging 2019 event at the San Diego Convention Center. In FY 2019, Sharp's disaster leadership donated their time to state and local organizations and committees, including County of San Diego Emergency Medical Care Committee, California Hospital Association Emergency Management Advisory Committee, California Department of Public Health Joint Advisory Committee, Ronald McDonald House Operations Committee, and San Diego County Civilian/Military Liaison Work Group. Sharp's disaster leadership also participates in the County of San Diego Healthcare Disaster Coalition - a multi-agency group of representatives who assist the county in improving mitigation, preparedness, response and recovery activities during emergencies and disasters. As part of this coalition, in FY 2019, Sharp's disaster leadership led a subcommittee to review hospital emergency food and water supply planning and identify tools and best practices to disseminate to community health care professionals. Further, Sharp's disaster leadership continued to participate in the Statewide Medical Health Exercise Program. This work group of representatives from local, regional and state agencies - including health departments, emergency medical services, environmental health departments, hospitals, law enforcement, fire services and more - is designed to guide local emergency planners in developing, planning and conducting emergency responses. Through participation in the DHHS Public Health Emergency Hospital Preparedness Program (HPP) grant, Sharp created the Sharp HealthCare HPP Disaster Preparedness Partnership. The partnership includes Sharp as well as SDC hospitals, health clinics and other health providers. The partnership seeks to continually identify and develop relationships with health care entities, nonprofit organizations, law enforcement, military installations and other organizations that serve SDC and are located near partner health care facilities. In FY 2019, the Sharp HealthCare HPP Disaster Preparedness Partnership continued to network as well as provide resources, trainings and information to prepare non-hospital.</p>

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	<p>Since 2013, Sharp Best Health has offered annual employee health screenings to raise individual awareness of important biometric health measures, educate team members on reducing the risk of related health issues, and encourage employees to track changes in their metrics over time. In FY 2019, nearly 9,000 employees received health screenings for blood pressure, cholesterol, body mass index, blood sugar and tobacco use. Post-screening resources and tools are available for Sharp employees and their family members. This includes free access to a health coach as well as classes on a variety of health topics, including smoking cessation, healthy food choices, physical activity, stress management and managing the challenges of living with a chronic condition, such as diabetes, high blood pressure, asthma or arthritis. The AHA recommends walking 10,000 steps a day to promote overall health. To align with this goal, in FY 2019, Sharp Best Health introduced a new app-based program called Move More Rewards, which encourages team members to use digital activity monitors to track their steps, distance, calories burned, sleep patterns and more. By syncing statistics to computers or smartphones, these devices help inspire team members to achieve their personal fitness goals. Throughout the year, Sharp Best Health held both entity-specific and systemwide activity challenges to encourage team members to set personal goals and compete for prizes. During FY 2019, more than 2,300 participants across the Sharp system participated in Move More Rewards, walking an average of 8,900 steps per day. In addition, Sharp's acceptable footwear policy permits employees to wear walking shoes each day of the week at Sharp system offices to promote safety along with increased physical activity. Sharp Best Health participated in community health events throughout the year, including American Heart Month, Breast Cancer Awareness Month, National Nutrition Month, National Health and Fitness Month, National Fresh Fruits & Vegetables Month, National Safety Month, National Stress Management Month and National Walking Month. In addition, Sharp Best Health encouraged employees to hold walking meetings as a heart-healthy alternative to standard meetings. Sharp Best Health also partnered with the San Diego Humane Society to provide free animal-based stress relief events at select Sharp locations. The events provided valuable human interaction for sheltered dogs and puppies, while promoting stress relief and physical activity for Sharp employees. Sharp Best Health provided on-site health and fitness classes and workshops for employees throughout FY 2019. This included workshops led by registered dietitians (RDs) on topics such as engaging in and sustaining healthy eating habits, strategies for managing cravings, intuitive eating, calorie counting, and the impact of sleep, stress and aging on health. Sharp Best Health also offered recipe demonstrations to encourage healthy meal preparation.</p>

At any given time during FY 2019, approximately 510 Sharp employees were actively using WW. Since the program's inception in 2016, participating employees have lost an estimated 4,800 lbs. In addition to providing WW at work, during FY 2019, Sharp Best Health continued to partner with the Sharp Rees-Stealy Center for Health Management to offer free in-person and online nutrition classes to Sharp employees through the New Weigh program. New Weigh is an eight-week weight loss program that emphasizes nutrition education and healthy lifestyle development. Program participants create a semi-structured food plan and have access to a skilled health coach or RD to ensure continued support and accountability. During FY 2019, 147 Sharp employees completed the New Weigh program. Nearly 1 in 6 community members face the threat of hunger every day in SDC. Each month, the Food Bank distributes food to approximately 350,000 children and families, active-duty military and fixed-income seniors living in poverty. For more than a decade, Sharp has used holiday food drives to support the Food Bank's tremendous efforts, and in recent years, Sharp Best Health has transformed these events into superfood drives. Throughout the 2018 holiday season, Sharp team members were encouraged to donate nutritious and sustaining superfoods, helping to ensure the accessibility of healthy food to San Diegans in need. Through the six-week holiday superfood drive, locations throughout the Sharp system collected more than 3,900 lbs. of nutritious food for the Food Bank. In addition, Sharp team members donated nearly \$3,200 through a Sharp Virtual Food Drive specifically benefiting the Food Bank. Note 3 - Charity care and bad debt reflect the unreimbursed costs of providing services to patients without the ability to pay for services at the time the services were rendered. Note 4 - "Vulnerable populations" means any population that is exposed to medical or financial risk by virtue of being uninsured, underinsured, or eligible for Medi-Cal, Medicare, California Children's Services Program, or county indigent programs https://oshpd.ca.gov/ml/v1/resources/document?rs_path=/Data-And-Reports/Documents/Submit/Hospital-Community-Benefit-Plans/SB697-Report-to-the-Legislature-Community-Benefit.pdf Note 5 - Unreimbursed costs may include an hourly rate for labor and benefits plus costs for supplies, materials and other purchased services. Any offsetting revenue (such as fees, grants or external donations) is deducted from the costs of providing services. Unreimbursed costs were estimated by each department responsible for providing the program or service. In FY 2018, the State of California and the Centers for Medicare and Medicaid Services approved a Medi-Cal Hospital Fee Program for the time period of January 1, 2017, through June 30, 2019. This resulted in recognition of supplemental revenues totaling \$189.8 million and quality assurance fees and pledges totaling \$100.8 million in FY 2019. The net FY 2019 impact of the program totaling \$89.0 million reduced the amount of unreimbursed medical care service for the Medi-Cal population. This reimbursement helped offset prior years' unreimbursed medical care services, however the additional funds recorded.</p>

Community organizations can use this easily accessed, local data to augment their ability to buttress their applications for funding and otherwise help them fulfill their missions. Through this type of mutual reinforcement, efforts to improve the health of our community multiply exponentially. - Sara Steinhoffer, Vice President of Government Relations, Sharp HealthCare</p> <p>For more than 20 years, Sharp HealthCare (Sharp) has based its community benefit planning on findings from its triennial Community Health Needs Assessment (CHNA) process. Sharp utilizes its CHNA findings in combination with the expertise in programs and services of each Sharp hospital, as well as knowledge of the populations and communities served by those hospitals, to provide a foundation for community benefit program planning and implementation. This section describes Sharp's most recent CHNA process and findings, which were completed in September 2019.</p>

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	<p>Sharp HealthCare 2019 Community Health Needs Assessments Sharp has been a longtime partner in the process of identifying and responding to the health needs of the San Diego community Since 1995, Sharp has participated in a countywide collaborative that includes a broad range of hospitals, health care organizations and community agencies to conduct a triennial CHNA that identifies and prioritizes health needs for San Diego County (SDC) In addition, to address the requirements for not-for-profit hospitals under the Patient Protection and Affordable Care Act, Sharp has developed CHNAs for each of its individually licensed hospitals since 2013 This process gathers both hospital data and the perspectives of community health leaders and residents in order to identify and prioritize health needs for residents across the county, with a special focus on community members facing inequities Further, the process seeks to highlight community health needs that Sharp hospitals could impact through programs, services and collaboration For the 2019 CHNA process, Sharp actively participated in a collaborative CHNA effort led by the Hospital Association of San Diego and Imperial Counties (HASD&IC) and in contract with the Institute for Public Health (IPH) at San Diego State University (SDSU) The complete HASD&IC 2019 CHNA is available for public viewing and download at https://hasdic.org/2019-chna/ The methodology and findings of the collaborative HASD&IC 2019 CHNA significantly informed the process and findings of Sharp's individual hospital CHNAs, thus, both CHNA processes are described throughout this section The HASD&IC 2019 CHNA was implemented and managed by a standing CHNA Committee comprised of representatives from seven hospitals and health systems * Kaiser Foundation Hospital - San Diego * Palomar Health * Rady Children's Hospital - San Diego * Scripps Health (Chair) * Sharp HealthCare (Vice Chair) * Tri-City Medical Center * UC San Diego Health To develop its individual hospital CHNAs, Sharp analyzed its own hospital-specific data and contracted separately with IPH to conduct community engagement activities expressly for the patients, providers and community members served by Sharp In accordance with federal regulations, the Sharp Memorial Hospital (SMH) 2019 CHNA also includes needs identified for communities served by Sharp Mary Birch Hospital for Women & Newborns, as the two hospitals share a license, and report all utilization and financial data as a single entity to California's Office of Statewide Health Planning and Development (OSHPD) As such, the SMH 2019 CHNA summarizes the processes and findings for communities served by both hospital entities The 2019 CHNAs for each Sharp hospital help inform current and future community benefit programs, services and partnerships, particularly for community members who face inequities This section describes the general methodology employed for Sharp's 2019 CHNAs, including applicable elements of</p>

FORM 990, PART III, LINE 4A COMMUNITY BENEFITS PLAN AND REPORT	<p>In addition, Sharp contracted separately with the IPH at SDSU to conduct multiple community engagement activities to collect input specifically from Sharp providers as well as from patients and community members served by Sharp hospitals. This input focused on behavioral health, cancer, diabetes, maternal and prenatal care, aging concerns (formerly termed senior health), and the needs of patients and community members facing inequities. These additional efforts included focus groups and key informant interviews involving 50 Sharp providers and 14 patients/community members. Further, IPH created case studies with the intent of representing a "typical" patient experience within Sharp. The case studies focused specifically on breast cancer and high-risk pregnancy. Lastly, the Sharp 2019 CHNA community engagement process included a robust online survey conducted through the Sharp Insight Community. The Sharp Insight Community is a private, online environment for Sharp patients and their families, community members, Sharp employees and Sharp-affiliated physicians. The 2019 CHNA Sharp Insight Community online survey sought to obtain feedback on the top health and social needs faced by SDC community members, as well as assess their awareness of community outreach programs offered by Sharp. The online survey also gave participants the opportunity to provide specific suggestions for Sharp to improve community health and well-being. A total of 380 community members completed the online survey.</p> <p>Prioritization The CHNA Committee collectively reviewed the quantitative and qualitative data and findings. Several criteria were applied to the data to determine which health conditions were of the highest priority in SDC. These criteria included the severity of the need, the magnitude/scale of the need, disparities or inequities, and change over time. Those health conditions and SDOH that met the largest number of criteria were then selected as top priority community health needs. As the HASD&IC 2019 CHNA process included robust representation from the communities served by Sharp, this prioritization process was replicated for Sharp's 2019 CHNAs.</p> <p>Findings In addition, an underlying theme of stigma and the barriers it creates arose across 2019 CHNA community engagement activities. For instance, stigma impacts the way in which people access needed services that address SDOH, which consequentially impacts their ability to maintain and manage health conditions. These same findings were supported through both the quantitative analyses and community engagement activities conducted specifically as part of Sharp's 2019 CHNA process. In addition, Maternal and Prenatal Care, including High-Risk Pregnancy, was also identified as a community health need during Sharp's 2019 CHNA process.</p> <p>Community Assets and Recommendations The 2019 CHNAs identified many community assets in SDC, including social service organizations, government departments and agencies, hospital and clinic pa</p>
