Activity One

As the first full year of the Foundation's efforts, we focused on building relationships with behavioral health leaders in mountain resort communities. As part of this effort, the Foundation hosted a Convening in May, attended by over 60 behavioral health leaders from 8 different

locations and successfully created relationships across communities to lay the groundwork for shared learning and efforts. The Foundation then brought all the communities together to create a shared measurement framework, to be the cornerstone of future learnings and evaluation that will help everyone drive towards improved behavioral health outcomes. During 2019, the Foundation worked to connect communities working on similar projects to share learnings, notes and resources. We also partnered with community collaborations and helped them strengthen their efforts. The executive director continued her time studying the behavioral health issue and connecting with other Foundations who focus on similar issues.
