Immigrants comprise 20% of Israel's total population and while the nation has, for the most part, achieved remarkable success in absorbing this large influx of new citizens, some of the immigrants face long-term challenges that undermine their full integration into Israeli society. JDC's immigrant integration division works to empower vulnerable immigrant groups through the development of services that focus on community building, strengthening the family unit, language education, and focused initiatives for immigrant youth and youth adults. The division focuses on vulnerable immigrant groups, particularly Ethiopian-, Bukharian-, and Kavkazian-Israelis and students from minority sectors, such as Druze, for example, 20 centers for young adults serve approximately 30,000 immigrants and veteran Israeli young adults annually providing services related to education, employment, social responsibility, housing and assistance in other areas. Joint Israel, with funding from the Israel Emergency Campaign (IEC), leveraged its existing partnership with programs to ensure that urgent and immediate assistance reached the citizens of Northern Israel as well as those in the Gaza border region who were subjected to rocket attacks. JDC's IEC-funded New Galilee initiatives are implementing long-term strategies to strengthen the social resilience of communities in the North. As well as in the Gaza Border region, using the tested and proven strategies it employs in its regular programs, these initiatives will boost the ability of Israeli agencies to respond to the social challenges facing these regions in peacetime and prepare them to respond more effectively in the event of the future crisis. Implementation of emergency programs that are aligned with Joint Israel's overriding strategy ensure the advancement of the wider program goals, even while addressing the challenges that were highlighted by the second Lebanon war. Other programs of the organization include programs for the disabled, programs for the elderly, programs for vulnerable immigrant population, and Teach First Israel.

Form 990 (2019)

---

### **Form 990, Part III, Line 4a:**

Children and Youth: Joint Israel develops different services through the Youth and Education Division as well as Ashalim, the Association for Planning & Development of Services for Children and Youth at Risk and their Families (hereinafter: "ASHALIM"). Joint Israel's Youth and Education Division initiates, develops and operates educational programs that view the child within the broad social environment, emphasizing the development of innovative responses for underachieving populations: potential and actual drop-outs, members of vulnerable immigrant groups, particularly those from Ethiopia and the Caucasus region, and in the minority sectors.

---

## **Form 990, Part III, Line 4b:**

Employment Initiative: Joint Israel aims to expand employment opportunities for special populations, who are defined as those that have greater difficulty than others in finding employment appropriate to their skills, as well as populations that start out from a relatively low skill level. Unemployment exacts a heavy toll in social and personal terms. In addition to economic hardship, there is a feeling of loss of control, a decline in self-image, loss of status, and a sense of frustration. Joint Israel's goals in its entrepreneurship efforts are to develop culturally sensitive services for members of special populations that have the potential to join the workforce or entrepreneurship world.

---

## **Form 990, Part III, Line 4c:**

Leadership Development: this program addresses systemic challenges within Israel's public services that hinder their efficacy and prevent important help from reaching Israelis who need them the most. By facilitating effective cooperation and communication between and within different sectors, such as government and civil society, Joint Israel develops practical solutions which pave the way for optimal service provision.

Part X, Line 2:	<p>FIN 48 Disclosure: This JDC affiliated organization is reported in the consolidated financial statements of its parent organization, the American Jewish Joint Distribution Committee, Inc. ("JDC"). The following FIN 48 footnote is from the JDC consolidated financial statements. JDC follows guidance that clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This guidance provides that the tax effects from an uncertain tax position can only be recognized in the financial statements if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged. JDC has processes presently in place to ensure the maintenance of its tax-exempt status; to identify and report unrelated income; to determine its filing and tax obligations in jurisdictions for which it was nexus; and to identify and evaluate other matters that may be considered tax positions. JDC has determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements for December 31, 2019.</p>

**990 Schedule F, Supplemental Information**

Return Reference	Explanation
Part I, Line 2:	Monitoring the use of grants: Grant agreements are signed with all grantees in Israel and include a provision that requires the recipient to use the funds for the charitable purposes for which they were granted. All selected grantees must submit qualitative and quantitative progress reports at regular intervals to be reimbursed for costs expended on programs (Joint Israel only provides a 15% advance of the total grant and continues to give grants on a reimbursement basis afterwards). Failure to meet reporting milestones usually results in nonpayment or delayed reimbursement. Failure to meet performance milestones or charitable purposes of the project may result in withdrawal of grants. Joint Israel's formal partnership with the government of Israel mandates ongoing review of performance milestones, which routinely includes review of original applications. Joint Israel employs internal and external audit functions that allow the organization to monitor the progress of the project and the appropriate and transparent use of funds. Projects are reexamined for efficacy and capacity for implementation.
