Part X : FIN48 Footnote	Accounting principles generally accepted in the United States of America requires the management to evaluate tax position taken or expected to be taken by JAA in a tax return and to recognize a tax liability or an asset if JAA has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management believes there are no material uncertain tax positions that require recognition in the accompanying financial statements. JAA is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations prior to 2016.
