990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Section B, line 12c	Conflict of interest within the scope of the role of the organization would relate to equipment design, grant funding, or enforcement of license fee payments. Consequently, the potential for conflict is quite narrow, and easily monitored when those issues come up for discussion. Additionally, the organization requires that all grant applicants disclose any potential conflicts of interest in the grant approval process. This is the area which presents the greatest chance of significant conflict of interest. This is also the area which is most easily monitored, since the company can solicit conflict input from both the applicant and from the board.
