Part I, Line 2:	The mission is of FitLot is to improve the health outcomes of communities across America, particularly the neediest ones that lack access to health and fitness opportunities. FitLot creates outdoor fitness parks that make the benefits of indoor exercise training free and accessible to the public. A FitLot park consists of outdoor fitness stations that are designed to use one's own body weight as resistance making each piece of equipment age, gender, and ability based. FitLot obtains funding from its national funding partners-foundations, corporations, and generous donors-for these fitness parks. FitLot partners with a local municipality to identify the best location for the fitness park. The municipality provides the land. FitLot purchases all of the equipment and pays for all of the installation costs. When the construction of the fitness park is completed, FitLot donates it to the municipality, which owns and oversees the park from that point forward.
