Facts And Circumstances Test

990 Schedule A, Supplemental Information

Return Reference	Explanation
Part I Additional Information	Form 990, Schedule A, Section C, line 17a How the organization meets the "facts-and-circumstances" test The Organization has evaluated the five-factor facts and circumstances test and believes it should continue to be treated as a public charity. The Organization receives more than 10% of its support from public sources. It is actively engaged in attracting additional public support on an ongoing basis. It has a representative governing board. It makes its programs broadly available. As the Organization is not a membership organization, the fifth factor is not applicable. Percentage of public support: The Organization's public support is 23.81%, substantially above the 10% facts and circumstances threshold. The Organization already attracts meaningful public support, intends to be publicly supported, and is actively engaged in activities that are intended to attract new and additional public or governmental support on a continuous basis. Additionally, a large majority of the Organization's excess contributions consist of amounts raised during the Organization's formation. The Organization expects its public support % to increase when those initial amounts are not included in the calculation. Sources of support: The Organization currently attracts support from individuals and community groups and continues to expand its sources of support, including potential governmental sources of support. Availability of public facilities or services: All of the Organization's programs/services are available to the broad general public without charge. In particular, the Organization works with academic and other government-funded institutions among others to assist with green lab certification. Representative governing body: The board of directors of the Organization is composed of persons having knowledge or expertise in the particular field or discipline in which the organization is operating. The board (there are three independent directors) includes members with significant subject knowledge in energy, compliance, standards, testing, and financial matters.
