Form 990 (2019)

Form 990, Part III, Line 4a:

On January 2, 2019, we moved into the previous home of the North Texas Food Bank (NTFB) We are grateful and honored that NTFB entrusted us with this magnificent 72K Sq Ft distribution facility in the southern sector of Dallas County We opened a large, well-equipped client-choice food pantry, the first of its kind in this area Without advertising, residents quickly found it Lines for the pantry formed and lengthened daily outside our front doors, the unmet was being fulfilled Crossroads pantry distributed 920,905 pounds of food in 2019 On average, the retail value of each pound is \$2 00 Therefore, that same quantity of groceries would have cost our clients \$1,841,810 at the store-money that could have been used for other necessary household expenses Providing substantial amounts of nutritious food for each household member has been our priority for many years In 2005, Crossroads developed an algorithm which calculates the approximate amount of groceries needed to prepare 21 balanced meals for each family member according to each person's age, gender and activity level, as recommended by the Dietary Guidelines for Americans According to Feeding America, the nation's largest domestic hunger-relief organization, this approach was unique In 2009, to learn more effective ways to alleviate food-insecurity and promote health and well-being, Crossroads began collecting and preserving historical and geospatial client data, it includes income, demographic, depression and anxiety markers, levels of food-insecurity, general health indicators, social connectivity, etc In 2011, we were fortunate to establish formal relationships with research partners at UT Southwestern Medical Center and UT Dallas, called CARE (Community Assistance Research), which now includes University of Dallas Thanks to funding from the W W Caruth, Jr Fund at Communities Foundation of Texas, in conjunction with CARE Crossroads launched a randomized controlled trial of a behavioral-economics informed intervention to improve the scarcity context of budgeting decisions made by low-income households-SNAP-AC Project Our hypothesis, based on preliminary data, is that by better coordinating use of SNAP and food pantry assistance, households can have more consistent food consumption throughout the month, leading to a higher level of food security and better health outcomes We invited the North Texas Food Bank and Sharing Life to join us in this important work

Form 990, Part III, Line 4b:

From our new home, we are poised to increase access to nutritious food beyond the southern sector of Dallas county to include Ellis and Navarro counties. We do this through our distribution network, which in 2019 included 42 NTFB Partner Agencies and 56 active Community Distribution Partners (CDPs). CDPs are churches, community centers, Dallas Housing Authority multi-family housing units, non-profits, etc. that want to regularly feed people in their neighborhoods but do not want to become full-fledged NTFB agencies. They enroll as many as 1,000 individuals to as few as 20 who come at their scheduled time each month. The CDP picks up food in bulk from Crossroads and distributes it the same day-efficient, effective and people get food in their neighborhood. Note: the number of CDPs and Agencies fluctuates from month to month and grows over time. In our first year of operation in this new facility, thanks to our CDPs, Agencies and the NTFB, we distributed 5.5 million pounds-enough groceries for 32,773 people (12,622 of whom are children) to prepare approximately 4.5 million wholesome meals and save our low-income neighbors about \$11,000,000 at the store. In Q4 2019, Crossroads was awarded a large national research grant-The BUILD Health Challenge. As the lead on this grant, Crossroads is partnering with Parkland Health & Hospital System, Dallas County Health and Human Services (DCHHS) and UT Southwestern to offer health services, such as screenings, immunizations, referrals and telehealth appointments at two Crossroads CDP sites when clients come for monthly visits to pick up food. Our long-term goal is to maintain our partnerships beyond the length of the 2.5-year grant period, expand co-located services to all Crossroads CDP sites and provide a new model for better maintaining the health of low-income people.

Form 990, Part III, Line 4c:

Operating in such a large facility required additional staff and the creation of more extensive, rigorous standard operating procedures and oversight protocols. Maintaining a sanitary and safe work environment is paramount, especially now that we are using rider-jacks and forklifts and handling much more food. We exceeded passing marks for all audits and inspections in 2019. Fortunately, it will be many years before we outgrow this 72K Sq. Ft. facility. Because of the ample amount of room at our location, Crossroads now hosts the Kroger Reclamation Program. On average each week, we receive 24 pallets of various and sundry products from 114 Kroger grocery stores. Roughly, three pallets of product go in the trash, one goes back to the respective manufacturer, and the remaining 20 pallets consists of perfectly good items that Kroger wants our low-income neighbors to utilize. Sorting the myriad of product is an important and fun activity for large volunteer groups. In 2019, the Kroger Reclamation Program yielded 466,000 pounds of donated product which benefits tens of 1,000s of our low-income neighbors.
