Facts And Circumstances Test

The facts and circumstances for qualifying as a public charity

990 Schedule A, Supplemental Information

Return Reference	Explanation
The facts and circumstances for qualifying as a public charity	The Foundations funds represent donations made by several thousand individuals practicing in the fields of photogrammetry remote sensing and geospatial analysis over a period of 40 years with the specific objective of fully endowing the awards and scholarship grants made by the American Society for Photogrammetry and Remote Sensing (ASPRS). The Public Support ratio increased slightly to 24.87 in 2019 but is still lagging for several reasons, including the fact that investment income has increased significantly in recent years combined with the fact the donor class is generally aware that the designated award funds have essentially reached full endowment status. In addition the annual transfer of funds donated to the Foundation by ASPRS members through the ASPRS dues-check-off program has been delayed as ASPRS has struggled with management issues. Those delays have begun to be rectified and the Foundation is aware that ASPRS will forward a significant amount of escrowed member contributions in 2020 and 2021. Also plans for a major donor to establish a new award have been delayed, due to the effects on timing of Required Minimum Distributions caused by the recent enactment of the SECURE Act from 2020 until 2022 with significant funding to be contributed thereafter over a period of several years. That action is also expected to be expanded the potential for additional donations. Reviewing all of the factors, the organization believes it will soon meet the 33 1/3 support test once again.
