Part X, Line 2:	On January 1, 2009, the Company adopted the new provisions of the Income Tax Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). These provisions clarify the accounting for uncertainty in tax positions and prescribe guidance related to the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The tax benefit from an uncertain tax position is only recognized in the consolidated statements of financial position if the tax position is more likely than not to be sustained upon an examination, based on the technical merits of the position. Interest and penalties, if any, are included in expenses in the consolidated statements of activities. As of December 31, 2019 and 2018, the Company had no uncertain tax positions that qualify for recognition or disclosure in the consolidated financial statements. The Company's federal and state income tax returns, with respect to its unrelated business income and the income of its for profit subsidiaries are subject to examination by federal and state authorities in the area of income and franchise tax. The statute of limitations for the tax year ended December 31, 2017 expires November 15, 2021. Calendar tax years after that date, 2018 to 2019 are open to federal and state examination.
