Part III Statement of Program Service Accomplishments

Line 28, School Fund TZ Program

Accomplishments. In 2019, WEF funded secondary education for 182 O-level students at 13 schools in Iringa and Karatu, Tanzania, and 45 students at the A-level schools to which the government assigned them all over TZ. An additional 9 of our students attended post-secondary schools with funding from WEF. WEF funded the repair, maintenance, upgrades, and internet connections, and provided new or replacement equipment, such as Rachel educational servers, to the 9 computer labs we have established in schools attended by WEF students in Iringa and Karatu. A training program on the Rachel servers was conducted for teachers. Textbooks, 9 per public school student, were purchased and distributed. School clubs for WEF students were started in each O-level school. Education-related events were held for students and teachers when the US team visited the schools in August 2019.

Objective to support poor, talented students, to improve the quality of schools, to provide access to computers and educational software, teacher training, and motivational activities for students. Long-term goal to give WEF students the credentials and confidence to make their way in a difficult job market and become useful citizens.

Line 29, U-Tena Program

Accomplishments. In 2019, WEF representatives attended international education conferences to connect with Kenyan NGOs with compatible objectives. The partner WEF selected was U-Tena, an education charity that operates in poor areas of Nairobi. Student candidates were interviewed and participating schools identified. In December, 2019, WEF wired funding for school fees and expenses of 39 students at 6 schools for the school year beginning in January, 2020.

Objective to support the education of talented, poor students in Nairobi and to develop the U-Tena program consistently with the objectives established in the School Fund TZ program.

Line 30, WEF Kenya Program

Accomplishments. WEF expanded this small program by funding the 2019 school fees and expenses of 40 secondary school students at 3 schools. In December, 2019, WEF wired funding for 60 students at the 3 schools for the school year beginning in January, 2020. WEF Kenya's first student is currently in university and will graduate in 2020. WEF's US team works with that student to develop and operate the program, in this non-urban area of western Kenya, that functions consistently with WEF's objectives. In this part of Kenya, computers are uncommon and internet connection is difficult, a challenge for a program that relies on frequent communication to monitor program operations and connect with students. WEF Kenya is a pilot program.

Part V, line 34 By board resolution, the number of directors was increased from three to four, as provided by Article 3, Section 1 of the bylaws, which allows the exact number of directors to be fixed from time to time by duly adopted resolution.
