If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.**4a** (Code:) (Expenses \$ 1,283,091 including grants of \$) (Revenue \$)

Conservation Program: The Conservation Program consists of several on-going funding programs supporting conservation and climate change adaptation projects in marine and terrestrial ecosystems in the Federated States of Micronesia (FSM), the Republic of the Marshall Islands (RMI), the Republic of Palau (ROP), the US Territory of Guam, and the Commonwealth of the Northern Mariana Islands (CNMI). Each of these programs is determined by terms agreed upon between MCT and its donors. In general, MCT issues funds through a call for proposals process, inviting proponent organizations and groups to submit concept papers and/or proposals describing the work they plan to undertake in the targeted areas. MCT-funded projects address biodiversity and climate change adaptation issues in the FSM, RMI, ROP, Guam & CNMI, have a direct positive impact on the flora and/or fauna of the targeted ecosystems and related communities involved, show technical, financial and organizational coherence to ensure the sustainability of the project. MCT Conservation Program staff monitor and evaluate the implementation of projects, providing on going technical support and guidance, ensuring compliance to grant agreement terms and working in close collaboration with the MCT Capacity-Building Program staff, assisting with assessing grantee needs.

4b (Code:) (Expenses \$ 372,115 including grants of \$) (Revenue \$)

Capacity-Building Program: The MCT Capacity-Building Program currently supports the executive leadership and management of the region's NGOs and government line agencies through the Micronesians in Island Conservation (MIC) peer learning network as well as their technical staff through the Pacific Islands Managed and Protected Areas Community (PIMPAC). MCT coordinates these two peer learning networks. The Capacity-Building Program also coordinates its activities with those of the Conservation Program, regularly monitoring projects, and providing on-the-spot assistance with project management. MIC is an initiative for emerging conservation pioneers as well as established champions within both the NGO and government sectors. PIMPAC provides continuous opportunities for sharing of information, expertise and best practices, and experience to develop and strengthen area-based management capacity throughout the Pacific Region. The Capacity-Building Program also administers scholarship and internship programs.

4c (Code:) (Expenses \$ 85,114 including grants of \$) (Revenue \$)

Administration and Finance: The Administration and Finance staff provide administrative and financial management support to the Conservation and Capacity-Building Programs. MCT's financial management system is comprised of accounting records and a series of processes and procedures assigned to staff, Board Trustees and outside professionals. The goals of MCT's systems are to ensure that financial data and transactions are properly entered into the accounting records and that reports are prepared accurately and in a timely fashion. MCT's financial management policies and procedures provide assurance that assets are used solely for the benefit of the organization, and not for personal or other gain and that donated funds are used for the purpose(s) which the donors intended as specified in grant agreements. Internal controls help ensure operational efficiency and prevent the intentional or misguided use of funds for unauthorized purposes. The Administration and Finance Program also includes the Human Resources functions of the organization. MCT is also accredited to serve as the National Implementing Entity of the Adaptation Fund for the FSM and as a Direct Access Implementing Entity for the Green Climate Fund for the FSM, RMI and ROP. The MCT Administration and Finance Program is responsible for ensuring that MCT administrative functions and project management systems meet the highest international standards.

Part I, line 2: In most cases, MCT conducts open calls for proposals, soliciting concept papers, and then full proposals, from potential grantees. Once projects are approved by the Board of Trustees' Technical Grants Committee, the Management Unit and Conservation and Capacity-Building Programs execute contracts with the grantees. The contracts are based on project proposals, workplans and budgets as evaluated and approved by the Technical Grants Committee and Board of Trustees. The program staff are then responsible for monitoring the projects against the approved workplans and budgets, reviewing and approving project reports and conducting on-site monitoring visits. Payments to projects are dependent acceptance of reports, submission of the appropriate supporting documents and the documented achievement of goals and milestones. These procedures and requirements are outlined in the MCT Policy and Operations Manual and in individual project contracts.

Part II, line 1, column (d): MCT provides grants to local Micronesian conservation and community organizations, sometimes providing several awards to individual organizations for various purposes. All MCT grants are used for one or more of the following purposes: coral reef monitoring, resource management planning, conservation and climate change awareness, policy development, climate change adaptation measures, workshops and training, habitat restoration, and livelihoods support.
