Supplemental Information

Return Reference	Explanation
Part X, Line 2:	The Association is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and applicable state law. However, the Association files income tax returns which report income from certain activities not directly related to the Association's tax-exempt purpose, such as advertising income, which are subject to taxation as unrelated business income. During the years ended May 31, 2020 and 2019, the Association did not pay any taxes resulting from unrelated business income. The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, the Association may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Association, and various positions related to the potential sources of unrelated business taxable income. As of May 31, 2020 and 2019, there were no unrecognized tax positions identified or recorded as liabilities. The Association files Forms 990 and 990-T and certain other forms in the U.S. federal jurisdiction and the State of Illinois.
