Part X, Line 2:	The Hospital is organized as a Maine nonprofit corporation and has been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Hospital is annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, it is subject to income tax on net income that is derived from business activities that are unrelated to its exempt purpose. 990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 3c:	In addition to FPG, Millinocket Regional Hospital considers a patient's asset level, medical indigency, and insurance status. Presumptive eligibility may be used if all other financial assistance options have been exhausted.
Part I, Line 7:	Charity care expenses was converted to cost on Line 7a and based on an overall cost-to-charge ratio addressing all patient segments. Lines 7b and 7g were determined using the Medicaid and Medicare cost reports, respectively. The amount of bad debt expense removed from the denominator of the calculations was \$2,283,485.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 7g:	Millinocket Reginal Hospital has several hospital clinical services and hospital-owned physician practices. Per instructions for IRS Form 990, Schedule H, Worksheet 6, organizations may include any applicable physician practice that the Hospital subsidizes (i.e., operates at a loss) in the completing of Schedule H. Therefore, the Hospital has included the following hospital clinical services and hospital-owned physician practices that operate at a loss (i.e., are subsidized by the Hospital) and the associated costs of these practices: a - Hospital based rural health clinic b - Outpatient clinic c - Emergency Room d - Millinocket Surgicale - Orthopedics f - Urology g - Wound Care h - Opthamology i - Walk in Clinic The above-listed hospital clinical services and hospital-owned physician practices have a community benefit (i.e. aggregate loss or subsidy from the Hospital) of approximately \$4.6 million. In addition, the community benefit does not take into account bad debts, charity care, or contractual adjustments. Thus, this community benefit of approximately \$4.6 million is a conservative figure that reconciles to the community benefit information reported on IRS Form 990, Schedule H, Part I, Line 7g, Column e. Form 990, Schedule H instructions/guidance contains a template (Worksheet 2) that may be used to determine the overall cost to charge ratio that could be applied throughout Schedule H in order to convert charges to cost. Where applicable, the Hospital has utilized Worksheet 2 for various calculations. The only areas where Worksheet 2 was not utilized for Part 1, Line 7 were the following: a. Schedule H Worksheet 6, Subsidized Health Services (the supporting worksheet for Part I, Line 7g), the Hospital did not utilize Worksheet 2 when calculating the percentage used when determining the profit/loss of each hospital clinical service and hospital-owned physician practice. Instead, when compiling the subsidized hospital clinical services and hospital-owned physician practices listed in 1c above, the Hospital utilized the actual estimated costs on the modified Medicare cost report instead of applying the Worksheet 2 cost to charge percentage. b. Schedule H Worksheet 3, Unreimbursed Medicaid and Other Means Tested Government Programs (the supporting schedule for Part I, Lines 7b and 7c), and Worksheet 6, Medicaid Allowable Costs for Subsidized Health Services, listed in line 1c above (which is part of the line 7g costs). The Hospital did not utilize the Worksheet 2 percentage when calculating the Medicaid allowable cost. Instead, the Hospital utilized the actual Medicaid filed cost report for the allowable costs.
Part I, Line 7, Column (f):	The Bad Debt expense included on Form 990, Part IX, Line 25, Column (A), but subtracted for purposes of calculating the percentage in this column is \$ 2,283,485.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 2:	Patient accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to operations and a credit to a valuation allowance based on its assessment of individual accounts and historical adjustments. Balances that are still outstanding, after management has used reasonable collection efforts, are written off through a charge to the valuation allowance and a credit to patient accounts receivable. In evaluating the collectability of accounts receivable, the Hospital analyzes past results and identifies trends for major payor source of revenue for the purposes of estimating the appropriate amounts of the allowance for doubtful accounts and the provision for bad debts. Data in each major payor source are regularly reviewed to evaluate the adequacy of the allowance for doubtful accounts. Specifically, for receivables relating to services provided to patients having third-party coverage, an allowance for doubtful accounts and a corresponding provision for bad debts are established at varying levels based on the age of the receivables and payor source. For receivables relating to self-pay patients, a provision for bad debts is made in the period services are rendered based on experience indicating the inability or unwillingness of patients to pay amounts for which they are financially responsible.
Part III, Line 4:	See Footnote 2 of the audited financial statements.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 8:	Medicare allowable cost of care was calculated from the Medicare cost report for the fiscal year ending June 30, 2020. Medical services are provided to patients with Medicare coverage regardless of whether or not a surplus or deficit is realized. Providing Medicare services promotes access to healthcare services which are vitally needed by our community. The Medicare cost report is completed based on the rules and regulations set forth by the Centers for Medicare and Medicaid Services.
Part III, Line 9b:	In an effort to best serve our patients, all first-time statements include information on the availability of financial assistance for qualified patients. Our patient financial services department uses several resources to determine if a patient may be presumptively eligible for finance assistance; for example, eligibility for out-of-state Medicaid, eligibility for other state-funded assistance programs, such as food stamps and patient homelessness. It is our practice to make a reasonable attempt to determine if a patient qualifies for financial assistance before sending an account to a collection agency. Any accounts previously sent to collections will be considered for financial assistance when an application is received; so long as the services were rendered not more than 240 days previously, or the patient was given a written notice that financial assistance was available for those specific services with a deadline dated after the 240 day period.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 2:	It is one of our many goals to remain well connected with the community and their needs, which we achieve by overseeing ongoing advisory groups and meetings where our organization can assess perceptions, needs and recommendations. In addition, MRH leaders conduct focus groups with employees in local businesses to evaluate whether healthcare needs are being met and to identify how MRH can better serve the community in the future. Information gathered from advisory groups and focus groups, paired with the Penobscot Shared Community Health Needs Assessment (CHNA) and our annual periodic evaluation, assist MRH to add new services including sleep medicine, gastroenterology, endocrinology, rheumatology, neurology, and optometry, ophthalmology, and walk-in care. Recognizing the large elderly population in our area, and the need for more services to help them live healthier lives and remain independent, MRH has taken on the role of executive sponsor for a thriving in place grant. MRH is completely committed to serving our patients, supporting them in maintaining their health, and assisting them to retain their independence.
Part VI, Line 3:	Inpatients: In order to identify those patients who would be eligible for financial assistance, all uninsured inpatients are referred to the financial counselor by pre-registration or registration personnel. The financial counselor will do an initial screening for payment options prior to the patient leaving the hospital, if possible. If the patient has left the hospital, the financial counselor will attempt to contact the patient for information. All inpatients are given a copy of patient free care and discount arrangements guidelines at time of admission. Surgical Outpatients: The financial counselor will provide information about patient free care, discount arrangements and term payment arrangements to all uninsured surgical outpatients. All surgical outpatients are provided a copy of patient free care and discount arrangements guidelines at time of registration. Emergency Room Patients: All emergency room patients are provided a copy of patient free care and discount arrangements guidelines at time of registration. All Other Outpatients: All other outpatients are provided a copy of the patient free care/discount arrangements guidelines at time of registration. All patients will receive notice of availability of financial assistance included in their first-time statement. Patient financial services employees and physician practice employees receive training on patient free care and discount arrangements guidelines and are expected to be able to provide contact information about free care and discount arrangements.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 4:	Millinocket Regional Hospital has three communities in its primary service area: Millinocket, East Millinocket and Medway. There are multiple smaller communities in the secondary service area including Brownville, Woodville, Stacyville, Sherman, Patten and Island Falls. The area has struggled and realized an unemployment rate in the teens for the past ten years and experienced community out-migration. The population of the primary service area is approximately 7,500 people. The effect on the Hospital of this demographic and population change has been large declines in patient care volumes since 2013. The average median household income is more than 20% lower than the state average. The average resident age is more than 10% older than the state median age.
Part VI, Line 5:	Millinocket Regional Hospital is the largest employer in the area and sole community provider for acute care. We operate an emergency room available to all patients, regardless of their ability to pay. MRH is involved in government-sponsored health programs as well as the education and training of healthcare professionals, and we offer volunteer opportunities to Members within the community, who may not have a healthcare background, but are passionate about our mission. Our Hospital is governed by a Board of Trustees, all of whom reside in primary and secondary service areas. Employees may participate in board meetings but do not have voting capabilities, with the exception of the medical staff president, who has a voting membership on the governing Board. Board members whose family members are employed by MRH are required to identify the potential conflict in writing and are appropriately recused from acting on matters that may impact directly or indirectly their family members. Physicians who wish to have privileges at our Hospital are not required to be an employee in order to become an active member of the medical staff. They must send a written request to the MRH medical staff for review. Privileges are granted to qualified physicians only after the request is reviewed and the needs and interests of both parties have been evaluated. MRH is an active participant in the community care partnership of Maine, an accountable care organization made up of Maine based hospitals and healthcare centers, which guides our organization toward transforming the delivery of our healthcare services to center around meaningful sharing and accountability for our patients' health. As an organization, Millinocket Regional Hospital prioritizes surplus funds for projects or expenses that have a direct impact on patient care or patient and employee safety. This includes, but is not limited to, training, teaching, and purchasing specialized and improved equipment to keep patients safe.
