990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 7:	An accounting system was used to calculate the amounts reported in this table. The accounting system addresses all patient segments. A cost-to-charge ratio was used. Community Relations programs and charity care given to uninsured patients were also considered in calculating amounts disclosed.
Part II, Community Building Activities:	Speare further promotes community health with its Community Education and Outreach programs, as well as through digital and traditional media. Additionally, Speare conducts a needs assessment to identify priority areas that are in need within the community. The backbone of Speare's Community Outreach and Education program consists of our major events: Diabetes Day, Senior Resource Fair, It's a Guy Thing men's health event, Shamrock Shuffle 5K Health Walk/Run, and Wine, Women & Wisdom women's health event. Each of these focuses on particular health issues identified by the CHNA. Programs identified by the community through ongoing engagement outside the formal assessment process include diabetes education and support, childbirth classes, car seat program, and oncology outreach and education. Additionally, Speare donates medication to community non-profit agencies. Speare uses its online and social media channels and print newsletter to connect our community with information about various health and wellness topics, specific to Speare initiatives and in general, to create discussion and information sharing.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 4:	Patient accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to operations and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to patient accounts receivable. Credit is extended without collateral. In evaluating the collectability of accounts receivable, the Organization analyzes past results and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, the Organization analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary. For receivables associated with self-pay patients (which include both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Organization records a provision for bad debts in the period of service based on past experience, which indicates that many patients are unable or unwilling to pay amounts for which they are financially responsible. The difference between the standard rates (or on the basis of discounted rates, by State law, or provided by policy) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged against the allowance for doubtful accounts.
Part III, Line 9b:	Speare Memorial Hospital has both a collections policy, and a charity care policy that describes charity eligibility and the steps to complete before a patient's account is written off to bad debt.

Form and Line Reference	Explanation
Part VI, Line 2:	In addition to the research described in Part V - Section C, Speare has ongoing discussions with key community leaders about the identified needs, how they are being addressed and other opportunities for action. These include our legislators, municipal leaders, police and fire, local health departments, Plymouth State University, community centers and area clergy.
Part VI, Line 3:	Patients are educated at time of registration or through educational materials that are distributed through the hospital's website or by community outreach. Speare Memorial Hospital is a member of a state-wide community health network that provides assistance, support, and education relating to eligibility assistance.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation

Speare Memorial Hospital is located in the mountain and lakes region of New Hampshire and primarily serves constituents in Grafton County. Grafton County population size is approximately 86,000 within its 40 distinct municipalities. Its service area includes 17 towns with an approximate total population of 30,000.
Part VI, Line 5:	Speare further promotes community health with its Community Education and Outreach program, as well as through online and social media. The backbone of Speare's Community Outreach and Education program consisted of four major events: Senior Resource Fair, It's a Guy Thing men's health event, Shamrock Shuffle 5K Health Walk/Run, and Wine, Women & Wisdom women's health event. Each of these focused on/drilled down into specifics on particular health issues identified by the community through ongoing engagement outside the formal assessment process. Additionally, Speare used its online and social media channels to connect our community with information about various health and wellness topics, specific to Speare initiatives and in general, to create discussion and information sharing.
