Part X : FIN48 Footnote	<p>In June 2006, the Financial Accounting Standards Board (FASB) issued Interpretation NO. 48 , Accounting for Uncertainty in Income Taxes-an interpretation of FASB Statement NO. 109, Accounting for Income Taxes (FIN 48), which creates a single model to address uncertainty in tax positions and clarifies the accounting for income taxes by prescribing the minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. Under the requirements of FIN 48, tax-exempt organizations could now be required to record an obligation as the result of a tax position they have historically taken or various tax exposure items. Prior to FIN 48, the determination of when to record a liability for tax exposure was based on whether a liability was considered probable and reasonably estimable in accordance with SFAS No.5, Accounting for Contingencies. On July 1 , 2007, the parent company, WellSpan Health, adopted FIN 48. WellSpan Health determined that it does not have any uncertain tax positions through June 30, 2020.</p>

Part III, Line 2 - Methodology Used To Estimate Bad Debt Expense	The number was calculated using the cost to charge ratio factor applied against actual patient bad debt write-offs. These numbers are included after all efforts have been exhausted to determine if the patient meets our charity care write-off policy based on federal poverty levels.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 3 - Methodology of Estimated Amount & Rationale for Including in Community Benefit	The estimate of bad debt attributable to charity care policy was calculated by dividing the bad debt amount that was originally coded bad debt but later found to qualify as charity care by the amount coded to the charity care write-off codes. This ratio is applied to the bad debt cost factor expense.

Part III, Line 4 - Bad Debt Expense	<p>The Company provides an allowance for doubtful accounts for estimated losses resulting from the unwillingness or inability of patients to make payments for services. The allowance is determined by analyzing specific amounts and historical data and trends. Patient accounts receivable are charged off against the allowance for doubtful accounts when management determines that recovery is unlikely and the Company ceases collection efforts. Losses have been consistent with management's expectations in all material respects.</p>

Part III, Line 8 - Explanation Of Shortfall As Community Benefit	Gettysburg Hospital maintains records to identify and monitor the level of charity care and community service it provides. These records include the amount of charges forgone based on established rates for services and supplies furnished under its charity care and community service policies and the estimated cost of those services. Payments from Medicare are generally less than Gettysburg Hospital's costs of providing the service.

Part III, Line 9b - Provisions On Collection Practices For Qualified Patients	<p>Guidelines for suggested minimum number of phone attempts and letters to be sent before the account is turned over to an outside collection agency are included in the Patient Administrative Services Policy. Upon final PARO (Payment Assistance Rank Ordering) scoring, if a patient qualifies for presumptive charity, their account would not be forwarded to any third party collections. It shall be the policy of Patient Administrative Services to recommend accounts to Bad Debt on a timely basis. Inpatient/Outpatient accounts will go to bad debt automatically after the account has been in the financial class Pending Bad Debt for 30 days. All accounts must follow the approved limits for refunds and write offs, as established in Policy PF-102, before being transferred. The primary agencies will work the accounts for 6 months or until they feel it is uncollectable and return the account. The accounts are forwarded to secondary agencies from the primary agencies Closed and Return Reports. The financial class is changed to Bad Debt Other after the Closed and Return Reports are received from the Secondary Agency. The agencies must get written approval from the manager in the relatively rare instance of legal action being taken to collect the debt.</p>

Part VI, Line 2 - Needs Assessment	<p>WellSpan Health and its entities have a long history of understanding and responding to the needs of the communities and populations it serves. This commitment was strengthened in 1998 when, in partnership with the Healthy Adams County Coalition, WellSpan conducted its first Community Health Needs Assessment (CHNA). Six subsequent CHNAs were conducted in 2000, 2005, 2008, 2012, 2015 and 2018. These assessments- one method for collecting diverse information on a community and which involves surveying a representative sample of community members on their demographics, chronic health conditions, lifestyle behaviors, finances, access to health services, and related topics- have been administered before the Affordable Care Act (ACA) requirement. As previously noted, the WellSpan CHNA process, which includes survey development, data collection and analysis, and result dissemination, was led by both county-level health coalitions- Healthy Adams County and the Healthy York County Coalition- for Adams and York Counties. A similar process was utilized for the remaining counties of the WellSpan service area, including northern Lancaster and Lebanon counties. Healthy Adams County, Healthy York County Coalition, and its regional partner the Community Health Council of Lebanon County receive financial support from WellSpan Health and its entities, and other community stakeholders. The CHNA was developed utilizing consulting support and guidance through a contract with the Floyd Institute for Public Policy at Franklin and Marshall College. Dr. Berwood Yost, Institute Director and Project Lead has an extensive background conducting and analyzing community and corporate surveys and has been integral to the prior three CHNAs (2008, 2012 and 2015). The 2018 Adams and York CHNA is a byproduct of a collaboration of community organizations who partnered to provide guidance and support to the effort, including: County of York, Family First Health; Gettysburg College; UPMC Pinnacle Hanover; UPMC Pinnacle Memorial; York County Human Services; South Central Community Action Program (SCCAP); TrueNorth Wellness Services; United Way of York County; York City Health Bureau; York College of Pennsylvania, and; York County Community Foundation. This collaboration of community stakeholders determined the survey questions to be asked of the community; discussed data collection methodology, including sample size and method of obtaining data; reviewed the raw data and supporting charts/graphs; identified potential community health priorities, and; developed the process by which results and priorities were to be shared with the community. The 2018 CHNA planning process engaged a wide range of community organizations serving the diverse interests of all partners. The intent of the CHNA was to collect adequate valuable data and information that would satisfy the needs of all participating organizations, without burdening CHNA respondents with too many questions. Committee members reviewed questions asked in the 2015 CHNA and edited accordingly based on the current health care environment and areas of interest. Survey questions were derived from the Behavioral Risk Factor Surveillance System (BRFSS), a validated survey tool utilized by the Centers for Disease Control and Prevention (CDC), and organized into four categories: healthcare access, behavioral risk, health conditions and prevention behaviors and context. A representative sample of 461 adult residents in Adams County were interviewed between December 4, 2017 and February 25, 2018. Supplemental secondary data from the Robert Wood Johnson Foundation (RWJF) annual County Health Rankings and from the Pennsylvania Department of Health was compiled and integrated into the 2018 CHNA. Data collected and analyzed by the Floyd Institute for Public Policy included breakdowns by age, gender, geographic area, race/ethnicity, and income level, and enabled the development of charts/graphs that identified: trends and disparities; quantity of residents affected; health risks and disability-adjusted life years, and; social determinants of health impact. This information is included in the 2018 Community Health Needs Assessment Summary Report available at www.wellspan.org. CHNA results and related priorities identified by Healthy York County Coalition were shared with the system-wide Planning Committee at WellSpan Health, a Committee comprised of community members and leaders that represent each of WellSpan's primary entities and service areas, in addition to corporate leadership. Planning Committee members reviewed the CHNA data, and designated system-wide priorities as: Care for all, including a focus on access to care and health equity; Behavioral health and lifelong wellness, which would incorporate behavioral health, substance use and addiction and lifelong wellness, and; healthy communities and social determinants of health, which provide a deeper dive into community engagement, social determinants of</p>

Board members discussed the data and identified priorities within the context of existing staffing and financial resources, current and future entity initiatives, and community partnership opportunities to address systemic community change. The final CHNA report, along with the WellSpan Community Health Improvement Plan (CHIP) was presented in June 2019 to the Planning Committee, at which time correlations were observed between the CHNA, CHIP and the WellSpan 2025 Strategic Plan.

Part VI, Line 5 - Promotion of Community Health	<p>As a charitable, community-based healthcare organization, our commitment to improving the lives and well-being of the people and communities we serve is evident in our mission statement: working as one to improve health through exceptional care for all, lifelong wellness, and healthier communities. Employees live out this mission statement every day by engaging in community benefit activities that address community needs, especially the four health priorities identified in the 2018 CHNA - access to care and health equity; behavioral health, substance use and addiction, and lifelong wellness, and community engagement, social determinants of health and violence prevention. Below are a few examples of the work accomplished to address each:</p> <ul style="list-style-type: none"> *Access to healthcare and medications for uninsured community members or those with high out-of-pocket costs is often financially challenging. Healthy Community Network, a collaborative between WellSpan Health, physicians and community partners to support prospective enrollment, the management and support of patients, and coordination of care, serves as a support for those individuals, offering free or discounted resources based on need. In addition, through support of the Family First Health Gettysburg Center, medical and dental services were provided to approximately 5,000 patients in more than 12,000 collective visits. *In 2020, WellSpan Health encouraged community members, local employers and employees, and WellSpan staff and patients to engage in the 8th annual 10 Pound Throwdown initiative. The 10 Pound Throwdown is a 10-week community challenge that encourages participants to lose or maintain a healthy weight through healthier eating and increased physical activity. The initiative was created in 2013 to address the growing issue of adult overweight/obesity and utilizes a core website (www.10poundthrowdown.com) to encourage team participation and to offer an online weight tracker, badges to encourage healthier choices, and diverse health education resources. The 10 Pound Throwdown engaged 7,200 community members across four southcentral Pennsylvania counties -Adams, Lancaster, Lebanon, and York- participated in the 2020 iteration of the 10 Pound Throwdown program. *WellSpan Health -Gettysburg Hospital primary care practices in Adams County participated in the Market Bucks program to address food insecurity and increase the consumption of fruits and vegetables. This program reaches those with an elevated Body Mass Index (BMI) who also experience a comorbidity associated with diet. The program provides fruit and vegetable vouchers to be redeemed at local farmers markets and encourages healthy eating. Market Bucks boasts an astounding 86% redemption rate and contributes over \$30,000 to the regional economy each year, in addition to demonstrating increased fruit and vegetable consumption for participants. Historically, WellSpan Health and its entities have taken planned steps to build community capacity that addresses complex health issues, as identified by the Community Health Needs Assessment (CHNA). Through financial and management support of a county health coalition, Healthy Adams County (HAC), more than 100 Adams County community members have been engaged in community health improvement initiatives. Some examples of past Healthy Adams County coalitions collaborative efforts include: supporting the establishment of a Federally Qualified Health Center (FQHC) to increase primary and dental care capacity for underserved individuals; improving adolescent health and decreasing teenage pregnancy rates through targeted task force initiatives; increasing awareness of domestic violence through community awareness and education, hosting a Diabetes forum and; addressing unhealthy eating behaviors by establishing the Adams County Food Policy Council. The Adams County Food Policy Council is regularly addressing issues related to food access, insecurity and healthy eating. This Healthy Adams County-affiliated task force has demonstrated continued success in improving the availability of fresh, healthy and affordable produce to a growing number of underserved community members through its Healthy Options program. In fiscal year 2020, more than 130 families and 75 seniors were provided vouchers for fresh fruits, vegetables, breads and meats at participating Adams County farmers' markets and a local grocery store. This initiative ensures the participating families and seniors have access to healthful foods year-round. In addition, the Fruit and Veggie Bucks program for SNAP Recipients at a local grocery store, Kennies Markets, provides a 50% discount on fruits and vegetables at the register from October through May. 150 families took advantage of this program. Collectively, Healthy Adams County supported food access programs reach over 1400 community members annually. As a result, Healthy Adams County supports Fall and Spring Walking parties, winter hikes, and free 5k races annually. These initiatives attract over 500 community members and engage them in physical activity at all skill levels. Additionally, WellSpan-Gettysburg Hospital continues to partner with the Adams County Library System to offer the Get Outdoors (GO) Adams! summer physical activity program for families. This summer-long initiative encourages children and their families to be physically active by locating posts "hidden" in parks throughout Adams County. In the summer of 2020, 1,680 children participated in the GO Adams! program, and 252 participants (15.0%) submitted their program rubbing sheets and collectively walked a total of 2,528 miles. Healthy Adams County continues to address affordable housing concerns by helping to develop @Home Adams County @Home Housing Coalition. The coalition aims to coordinate resources and advocate for solutions that will address the need for safe, affordable housing, transportation and workforce development throughout the county. WellSpan-Gettysburg Hospital maintains its commitment to supporting local non-profits with Community Partnership Grant funds to like-minded nonprofit organizations to address key issues and health priorities. In 2020, nearly \$70,000 was awarded to 12 agencies in early response to COVID-19 spread in the community. Community Partnership Grants also supported Harrisburg Area Community College's International Disabilities Day and the Adams County Diabetes program. Additional examples of how WellSpan-Gettysburg Hospital fulfilled its community mission in York County may be found in the 2020 WellSpan Community Benefit Report available online at https://www.wellspancommunity.org/2020-community-benefit-report.</p>

Form and Line Reference	Explanation
Facility: - Part V, Section B, Line 5	Community stakeholder engagement has been vital to the Community Health Needs Assessment (CHNA) process since it began in Adams County in 1996. Healthy Adams County (HAC)- a local health coalition representing the diversity of the community- has led each of the seven CHNAs that have been conducted. For the 2018 CHNA, HAC partnered with its sister health coalition in York County- the Healthy York County Coalition- to form a CHNA Planning Committee comprised of representatives from health and human service agencies, government entities, community-based organizations, higher education institutions, and other interested community members to assist with survey development data review and analysis, and results distribution. This core committee also assisted with sharing the data and associated community health priorities, once identified by Coalition leadership, to community members at a public forum in June 2016. WellSpan- Gettysburg Hospital is a funding partner and governance leader within Healthy Adams County and served on the CHNA Planning Committee. In that regard, Gettysburg Hospital partners to conduct the CHNA, disseminate its results both among hospital leadership and in the community, and integrate evidence-based strategies that impact identified community health needs into its annual planning process. Whether in meeting with community stakeholders of system-hospital leaders or at larger public forums, WellSpan-Gettysburg Hospital is committed to obtaining community input to ensure that the CHNA and its associated implementation strategies appropriately address the identified needs of the entire community. Additional details of how community members were engaged is included in Part VI- Needs Assessment.
Facility: - Part V, Section B, Line 6a	WellSpan Ephrata Community Hospital (Lancaster); WellSpan Good Samaritan Hospital (Lebanon); WellSpan Surgery and Rehabilitation Hospital, and WellSpan York Hospital (York). Facility: - Part V, Section B, Line 7d	<p>With each iteration of the CHNA process, WellSpan- Gettysburg Hospital and its community partners continue to refine and enhance the system by which it obtains data, shared it with key community, hospital and system leaders, and integrated it into the system-wide and entity-level planning processes. In 2018, CHNA results and related priorities identified by Healthy Adams County were shared with the system-wide Planning Committee and WellSpan Health. This committee is comprised of community members and leaders that represent each of WellSpans primary entities and service areas, in addition to corporate leadership. Planning Committee members reviewed the CHNA data and designated system-wide priorities as: Care for all, including a focus on access to care and health equity; Behavioral health and lifelong wellness, which would incorporate behavioral health, substance use and addiction and lifelong wellness, and; healthy communities and social determinants of health, which provide a deeper dive into community engagement, social determinants of health and violence prevention. Similarly, Healthy Adams County selected adult overweight and obesity, depression, and affordable housing as priorities- these priorities built on previously developed strategies that were a result of the 2015 CHNA and also encourage a deeper dive into the WellSpan system-wide, organizational priorities. The established Healthy Adams County and WellSpan specific priorities and associated data were presented to the WellSpan- Gettysburg Hospital Board for their adoption. Healthy Adams County communicated the CHNA results and identified priorities to approximately 100 community members at a public forum held on June 13, 2018. During that forum, community members discussed the opportunities and risk associated with each priority, as well as how the organization which they represent can have an impact on the priority. In addition to these venues, CHNA results are available on the Healthy Adams County (www.healthyadamscounty.org) and WellSpan Health (www.wellspan.org) websites, and may also be obtained upon request. The corresponding WellSpan Community Health Improvement Plan is also available on the WellSpan Health website.</p>

Form and Line Reference	Explanation
Facility: - Part V, Section B, Line 13h	WellSpan Health is committed to caring for all the members of its communities, regardless of their ability to pay. In recent years, overall charity care has decreased slightly as more people have obtained health insurance coverage through the Affordable Care Act and the expansion of Pennsylvanias Medical Assistance (Medicaid) program. WellSpan is proud to be a leading partner in the Healthy Community Network, which works to address the needs of uninsured and underinsured individuals in our community. In addition, the health system recently enhanced its financial assistance policy and the discounts that it provides on services. For example, if a patients income is less than 300 percent of the federal poverty level, that patient would be eligible for a 100 percent discount on the services provided. Additionally, significant discounts are available for patients whose income is between 300 percent and 350 percent of the federal poverty level. For more information on WellSpans Financial Assistance program, visit www.WellSpan.org/FinancialAssistance .
Facility: - Part V, Section B, Line 16j	In an effort to make patients, families and others in our communities aware of the newly expanded Financial Assistance Policy, WellSpan broadly publicized its policy via promotional signage and the distribution of easy-to-read informational materials at registration sites throughout our communities. WellSpan provided information on the Financial Assistance Policy on its billing statements and included information in patient discharge materials. In addition, the materials and information are easily accessible via WellSpans website at www.WellSpan.org/FinancialAssistance . The site reflects WellSpans newly enhanced policy, as well as informational and application materials. It was also publicized via WellSpans on-hold phone messaging system and in its direct-to-consumer community newsletter/magazine, which is distributed by mail, email and Web. In addition, WellSpan placed posters and signage at its various sites of care to publicize its Financial Assistance Policy. Printed copies of WellSpan Healths entire financial assistance policy and the plain language summary of the policy, both of which are available in English and Spanish, may be obtained at no cost by visiting or calling one of the WellSpan patient financial services offices. The Financial Assistance Policy, Financial Assistance Application and Financial Assistance Policy Plain Language Summary are all available in Spanish.

Grantmaker's Description of How Grants are Used	All WellSpan entities follow WellSpan policies and procedures regarding grant projects to ensure that the use of grant funds are consistent with WellSpan's commitment to endeavor to improve the health status of the communities that we serve. The WellSpan foundations are supporting organizations and substantially all of the grants and other assistance they make furthers the exempt purposes of their "supported organizations", each of which are exempt affiliated organizations within the WellSpan Health system. Because the supported organizations identify the projects and exempt activities that will be funded by the foundations' grants and other assistance, and because there is a cross-over between the respective governing bodies and management of the foundations and their supported organizations, the foundations are able to effectively monitor that the grants they make are used for their intended purposes.
