990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Line 15a: Compensation Review & Approval Process - CEO, Top Management	Several years prior, consultants were used to establish benchmarks for officer salary levels. Since 2009 Moody has annually reviewed the 990 salary information of comparable institutions to set benchmarks for this purpose. Information is accessed for the following positions: President, COO, CFO, Chief Educational Officer and Chief Development Officer. We typically look at 7-10 higher education institutions, some of which are competitors to Moody. We choose institutions of comparable mission and size (based upon total expenses). We look at 3-4 parachurch organizations as well. This data is used as a salary administration benchmark. To increase its applicability, the data is adjusted for cost of living differences (based upon the location of the other institutions) in relation to the cost of living in the greater Chicago area. Following this analysis, which is provided for review by the Compensation Committee of the Board in the fall of each calendar year, the President's salary increase recommendations are based upon Institute salary guidelines for the fiscal year (which reflect trends in national average salary increases) and upon job performance. The Compensation Committee can either approve or disapprove the President's recommendations. Increases for officers and other key employees are scheduled for November of each year, so that the financial condition and performance of the institution at the close of the prior fiscal year can be taken into account. The President's salary increase is scheduled at the same time and is set by the Board (in the context of the data provided and the current fiscal year salary guidelines for the Institute).
