Identified needs that will not be addressed were determined by availability of services in the community. Chronic diseases with substantial support in the community such as cancer, lung disease and arthritis are supported by strong ASCENSION PROVIDENCE ROCHESTER HOSPITAL programs with a variety of available resources in addition to the support of the American Cancer Society, American Lung Association and the Arthritis Foundation. During Fiscal year 2020, the following actions were taken on the tax year 2018 CHNA prioritized needs: S- Situation: On March 10, 2020, the Michigan Department of Health and Human Services identified the first two presumptive-positive cases of COVID-19, a new strain of coronavirus not previously identified in humans and easily spread from person to person causing respiratory disease that can result in serious illness or death. Since then, the virus has spread across Michigan, bringing deaths in the thousands, confirmed cases in the tens of thousands, and deep disruption to the state's economy, homes, and educational, civic, social, and religious institutions. The most recent CHNA for Ascension Providence Rochester Hosp ital (APRH) was completed and approved by its governing board in June 2019. In response to the needs identified in the CHNA, an Implementation Strategy was developed to address the following prioritized needs: 1. Improve cardiovascular health in the community 2. Improve overall health by increasing awareness of healthy lifestyles 3. Improve overall mental he alth and wellness in our community A- Assessment Through conversations with Ascension inte rnal teams and leaders and participation in community-based continuum of care forums, Asce nsion Providence Rochester's staff was able to identify and assess potential barriers - cu rrent and future - to implementing the strategies as approved by the respective governing regional Board of Trustees. The most common barrier identified throughout Michigan was the need to shift operational protocols given state executive orders as well as Ascension COV ID-19 guidelines related to restriction of in-person interactions. Ascension Providence Ro chester Hospital community benefit staff participated in meetings with key stakeholders in volved in the Implementation Strategy to assess the impact of COVID-19 on the progress. In formation gathered was shared with local leadership in addition to market and system level leadership. R- Response As Michigan started to see increased cases of COVID-19 and immedi ate measures were put in place to slow the spread of the virus, the commitment to continue to implement the CHNA strategies to meet the priority health needs of the communities ser ved inspired Ascension Ministries across Michigan to find new, innovative, and creative wa ys to reach patients and community members. Priority Need #1 - Improve cardiovascular heal th in the community Although the Cardiac clinic was closed to in-person visits, the clinic staff was able to conduct telehealth visits with discharged patients. Priority Need #2 - Improve overall health by increasing awareness of healthy lifestyles In April 2020, APRH p ivoted its current Diabetes Prevention Programs to virtual programs. Virtual programs offe red through other Ascension ministries were also offered to patients since transportation issues were no longer a barrier. Providers were informed of telehealth options for patient s who required diabetes and medical nutrition education. Priority Need #3 - Improve overal l mental health and wellness in our community Community mental health programs were pivote d to virtual programs in May 2020, working with community partners to provide awareness an d education to a variety of populations. Although many strategies/activities have shifted and adapted to virtual options, there is adequate time to move forward as scheduled, as th e implementation strategies are three-year plans.
