990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 3c:	The patient may be asked to provide additional information to help determine eligibility for financial assistance that is not based upon the federal poverty guidelines. Items the patient is asked to also provide include:-Medical Assistance eligibility/denial notice if applicable-Income tax returns for the 2 most recently filed years-Proof of income and adjusted gross income such as pay stubs from the past 6 pay periods, W-2 withholding statements, Social Security checks, receipts, or deposits, and bank statements-Notification of Benefit decision from the ND Department of Human Services

Community Health Improvement Services, line 7e, and Health Professions education, line 7f, are reported based on actual expense amounts recorded in the general ledger. The cost for Medicaid, line 7b, and subsidized health services, line 7g, were determined using the Medicare Cost Report.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 2:	The amount reported on line 2 represents implicit price concessions. The Organization determines its estimate of implicit price concessions based on its historical collection experience with this class of patients.
Part III, Line 3:	We used fiscal year 2019 charity care as a percentage of fiscal year 2019 bad debts to estimate fiscal year 2020 implicit price concessions attributable to patients eligible under the FAP. This number was based on a prior period that has almost no claims outstanding. We send accounts to bad debt when eligible and usually don't find out until after they are sent to collections if they are eligible for charity care.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 4:	The footnote to the Organization's financial statements addressing implicit price concessions can be found on page 12 and 13 of the attached audited financial statements.
Part III, Line 8:	IRS Rev. Rul. 69-545, which established the community benefit standard for nonprofit hospitals, states that if a hospital serves patients with government health benefits, including Medicare, then this is an indication that the hospital operates to promote the health of the community. In some communities, Medicare is the largest payer, and hospitals must accept these patients regardless of whether they make a surplus or deficit from providing such services. If the Medicare participation is premised on this fact, then providing Medicare services promotes access to healthcare services which is a community benefit. Also, the elderly are often an underserved population who experience issues with access to healthcare services. Without tax-exempt hospitals providing Medicare services, the government would bear the burden of directly providing services to the elderly. Medicare allowable costs are based on the Medicare Cost Report. The Medicare Cost Report is completed based on the rules and regulations set forth by Centers for Medicare and Medicaid Services.

Return Reference	Explanation
Part I, Line 7	There is an incentive plan specifically for the CEO. This plan is designed to encourage, recognize and reward superior job and organizational performance. Incentive awards that may be paid under the terms of this plan are determined by overall organizational and individual performance for the annual operating period. The Chair of the Board of Directors has the responsibility to implement this plan. The incentives for the CEO are expressed as a percentage of the participant's base salary at the end of the incentive plan year. The maximum award is approved by the Board for each plan year. There is a detailed criterion for the results of what the organization considers a superior job. The criteria uses goal driven measures that intend to incentivize important long term strategic objectives over short term efforts only. The CEO's performance is measured based on the following areas of focus: Service, Quality, Financial, People, Growth, and Personal Growth. There is a ranking system for sets of criterion, and the Board of Directors is to utilize this system in determining the level of incentive the CEO will receive. For FY 2020, the incentive plan for the CEO was 7.1% of his base salary.
