### Form 990, Part III, Line 4a:

See Schedule O Renown South Meadows Medical Center is a 76-bed hospital that offers the latest in medical and surgical care, intensive care, telemetry, a 24-hour emergency room, inpatient and outpatient surgical and lab services. Renown South Meadows provides a wide range of healthcare services to the south Reno and Washoe Valley communities regardless of race, creed, sex, national origin, handicap, age or ability to pay. Renown South Meadows has approximately 500 physicians on its medical staff and extends admitting privileges to all eligible and qualified physicians. Since it opened as an acute care hospital in 2002, Renown South Meadows has doubled its bed capacity by expanding the intensive care, surgical and telemetry units. Renown South Meadows is also the local home of endoscopic ultrasound. This technology, applied with skillful hands, has helped diagnose and treat digestive diseases in thousands of patients. Renown South Meadows has earned eight times since 2010, the honor of the Health Insight Quality Award for high performance on quality-of-care outcome measures and patient satisfaction. Renown South Meadows houses physician offices in the medical pavilion located on its campus. The hospital provides the use of its facility to more than 20 healthcare activity and support groups. These include events that involve nursing students, senior healthcare, and obesity education. Renown South Meadows also donates meeting space to more than a dozen community groups, including local law-enforcement agencies and service organizations. Renown South Meadows supports Partners in Education through activities with Double Diamond Elementary and Damonte Ranch High School. Renown Rehabilitation Hospital is a 62-bed, inpatient rehabilitation environment focusing on care that prepares patients to live as independently as possible after experiencing a disabling injury or illness. Renown Rehabilitation Hospital has the highest concentration of Certified Rehabilitation Registered Nurses in Northern Nevada. Rehabilitation nurses provide comfort, therapy and education, promote health-conducive adjustments, support adaptive capabilities and promote achievable independence. During fiscal year 2020, there was only one other inpatient acute rehabilitation facility in Northern Nevada. Renown South Meadows and Renown Rehabilitation Hospital are governed by a board of community members, the majority of who live in our primary service area and who are neither employees or independent contractors or family members. All surplus funds are retained in the organization to make improvements in patient care. For the fiscal year ending June 30, 2020, Renown South Meadows, along with its parent, Renown Health and its subsidiaries, provided more than \$195 million in benefit to the community (using community benefit numbers gathered by the Nevada Hospital Association using state-approved criteria to ensure consistency). For a full report on the benefit Renown Health provided to our community as well as our needs assessment and community benefit plan go to [www.renown.org/about-us/community](http://www.renown.org/about-us/community).

**990 Schedule H, Supplemental Information**

Form and Line Reference	Explanation
Part I, Line 3c:	In addition to the federal poverty guidelines, we also consider eligibility for state assistance programs and homelessness or no documentation to establish indigence as factors in determining eligibility. All patients are expected to make a financial contribution towards their bill and are subject to pay at least a minimal co-payment so technically no free care is provided.
Part I, Line 6a:	The organization's community benefit report is contained in a report prepared by its parent corporation, Renown Health. Part I, Line 5c: The organization budgets the amount of charity care expected in the next year but does not use that estimate as a constraint on the amount of charity care provided.

**990 Schedule H, Supplemental Information**

Form and Line Reference	Explanation
Part I, Line 7:	Charity care expense was converted to cost on line 7a using the cost-to-charge ratio derived from Worksheet 2. Unreimbursed Medicaid and other unreimbursed costs on line 7b was calculated using the cost-to-charge ratio derived from Worksheet 2. Community health improvement, subsidized health services and cash and in-kind contributions on lines 7e, 7g and 7i are reported from the organization's records.
Part I, Ln 7 Col(f):	The amount of bad debt expense removed from total expenses to determine the percentage was \$8,753,789.

## 990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 2:	The amount included on Line 2 reflects the amount at charges reported in the financial statements.
Part III, Line 4:	The footnote to the audited financial statements that addresses bad debt is on page 17 of the attached audit financial statements.

**990 Schedule H, Supplemental Information**

Form and Line Reference	Explanation
Part III, Line 8:	The costing methodology for Line 7 uses the ratio of cost to charges from FY20 as filed by the Medicare cost report.
Part III, Line 9b:	Patients in the process of qualifying for state or local indigent programs or the organization's charity program are indicated with a particular payor class/status in the patient accounting system. The patient is not subject to collection efforts while in those classes/statuses.

**990 Schedule H, Supplemental Information**

Form and Line Reference	Explanation
Part VI, Line 2:	<p>The organization reviews the current demographic information of the population it serves and the impact those demographics have on the health needs of the community. See explanation 4 for a description of the community. While the demographics start to tell the story of community health needs, Renown Health also consults with community partners and draws from state and local government, non-profits, and school district data sources to assess healthcare needs in the community. Renown Health also used data from the Washoe County Health District to identify health care needs and barriers in its service area. Renown Health's Community Benefit Committee spearheads the development of an annual community needs assessment and corresponding community benefit plan, and oversees the tracking and reporting of community benefit activities. The committee oversees the development or updating of a community needs assessment, and from that assessment develops a community benefit plan that prioritizes and identifies community needs that the organization can support with its finite resources. The needs assessment and community benefit plan are presented to the organization's board as well as the Renown Health Board for review and approval. The needs assessment and the community benefit plan are posted to the organization's website at <a href="http://www.renown.org/about-us/community">www.renown.org/about-us/community</a>.</p>
Part VI, Line 3:	<p>The organization educates patients on assistance eligibility by posting information on its website regarding its financial assistance program and whenever situations indicate that the patient may be unable to pay for services. The organization has a dedicated Patient Financial Assistance Department that works with uninsured patients to establish eligibility for a state or local program. For those that do not qualify for a state or local program, they will refer the patient to the organization's charity care process.</p>

With Renown funding, Quest Increased the number of referrals received from Renown for substance use and mental health counseling and made treatment more accessible to clients. 80% of Renown grant clients demonstrated an improvement in at least two areas of their treatment plan. 61% clients successfully completed alcohol treatment. 73% clients each quarter, reduced alcohol consumption. 85% clients had a reduction in depressive symptoms. 74% clients reported suicidality, 40% had a reduction in symptoms within six months. Primary Health Priority #3: Physical Activity, Nutrition, Weight Physical Activity, Nutrition &amp; Weight - In FY20, Renown and Reno-Sparks Indian Colony have partnered to increase physical activity, improve nutrition, and reduce obesity among all populations. With funding from Renown, Reno-Sparks Indian Colony created the Pathways to Health program. This program aims to reduce barriers to nutrition and physical activity by bringing fresh produce to families of enrolled members and providing free transportation to exercise programs at the Reno-Sparks Tribal Health Center. Since program kickoff in 2018, the Pathways program served 23 households and a total of 56 individuals; household size ranged from one to seven individuals. At the end of the first six-month period, the program was serving 17 households. At end-of-the-program reporting period, the Pathways program serves 20 households of 52 individuals ranging from ages 5-77 years old. Based on community demand, Renown and Washoe County Health District are working to bring fresh, healthy food to sports settings. This is providing athletes, employees and fans the option to choose a healthy snack while they watch sporting events. Renown offers grants to nonprofit youth sports organizations to purchase and offers nutritionist-approved items such as fresh fruit and healthy snack and meal options under 500 calories. Healthy Concessions goals are to increase the number of events where Healthy Concessions items are offered by 10% each year and increase awareness of the benefits of healthy eating among sporting event attendees. Primary Health Priority #4: Chronic Disease, Screenings - In FY20, Renown and Northern Nevada HOPES addressed diabetes screening and prevention by implementing the National Diabetes Prevention Program. In addition, Nevada Tobacco Prevention Coalition was identified as a community partner to address risk factors associated with asthma. It specifically addressed exposure to second-hand smoke. Northern Nevada HOPES is a community health center for medically underserved populations including uninsured patients Medicare, Medicaid, some private insurers and sliding fee scale. HOPES offers integrated medical care and wellness services including adult and pediatric primary care, HIV and Hep C care, adult psychiatry, chronic disease management, wellness and nutrition, behavioral health counseling, substance use counseling, case management, a pharmacy, and more. Renown South Meadows Medical Center	<p>nown funds assisted in the training of four trained lifestyle coaches. HOPES launched 13 classes: eight Spanish and five English, 414 referrals from providers, 146 patients enrolled, 92 participated, 47 completed the program. 32% of clients lost 5-7% of their body weight, with an average weight loss of 2.81%. 73% of clients exercised 150 minutes per week and on average patients exercise 110 minutes. 63% of patients participated in at least 3 classes and 51% of those patients completed the program. We received full program recognition. Nevada Tobacco Prevention Coalition and Renown introduced this policy-based initiative to decrease exposure to second-hand tobacco smoke and reduce the prevalence of the negative health outcomes associated with tobacco smoke. This project has engaged and assisted local businesses in Washoe County to support and voluntarily adopt smoke-free workplace policies and will introduce a smoke-free workplace ordinance in a city or county municipality. To date, Nevada Tobacco Prevention Coalition conducted an economic impact study of comprehensive clean indoor air in Northern Nevada workplaces and assessed current attitudes regarding smoke-free workplaces. Identified Needs Not Being Addressed - We believe our plan will allow us to start addressing some of the most pressing health needs in our community, but we recognize that we will not be able to tackle every issue we would like. The five issues that will not be addressed are crime and violent-related behaviors, injury prevention, maternal and child health, environmental health, sexual health and infectious disease and immunizations. Most of these topics didn't rank among the top two-thirds of the 12 ranked health needs. Although these important health needs weren't funded by Renown Community Benefits in this current plan, we encourage other community partners who may be better suited to address these topics to fund and guide evidence-based programs in these areas.</p>
