About NJII

Impact of COVID-19

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic, which continues to spread throughout the United States. While the disruption is currently expected to be temporary, there is uncertainty around the duration. NJII received a PPP loan in May 2020 to offset some of the potential negative impacts of COVID-19 on its business. The construction and opening of NJII's Cell and Gene Therapy center was delayed due to the impact of COVID-19 which negatively impacted current year results. While NJII expects this matter to negatively impact its financial position for 2021, the related financial impact cannot be reasonably estimated at this time.

The New Jersey Innovation Institute (NJII), an NJIT corporation, was founded in 2014 and helps turn ideas into workable solutions across six divisions; biopharma, data and advanced technology, defense and homeland security, entrepreneurship, healthcare delivery and human capital. NJII combines the vast resources of NJIT, strong and far-reaching industry and government relationships, and proven methods for building industry centric ecosystems to help drive innovation and deliver solutions that make a direct impact on the economy and the health and welfare of its participants.

Biopharma

The Biopharma Division at NJII was established to help the industry overcome challenges they face as they develop the next wave of cell and gene therapies. We

own a multi-million dollar, state-of-the-art Cell and Gene Therapy Development
