990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part I, Line 1	We define a saved Bay as having a score of 70 (out of 100) on CBF's State of the Bay health index. Thanks largely to a dramatic reduction in the amount of pollution entering the system, at 70 the Chesapeake Bay and its tributary rivers will be highly productive and in good health as measured by established water-quality standards. The result will be clear water, free of the impacts from toxic contaminants, and healthy oxygen levels, able to support living resources in all parts of the Bay. Founded in 1966, CBF is the largest regional conservation organization dedicated solely to saving a national treasure-the Chesapeake Bay and its rivers and streams. Form 990, Part III, Line 4b	Education, continued from page 2: Designed to engage tomorrow's environmental leaders, these students now participate in CBF events, share what they learned with peers, and create projects in their communities to better the environment. In addition, the Education Department conducts professional learning courses for educators throughout Maryland, Virginia, Pennsylvania, and the District of Columbia. Known as Chesapeake Classrooms, these courses provide teachers first-hand experience on local waterways and help them to develop lesson plans that incorporate Bay studies. The department also teaches principals and school administrators through our Principal Environmental Leadership Courses. These courses increase support for school-wide environmental education programs. Furthermore, the department helps to educate elected officials, policy makers, journalists, and other community leaders and advocates through on-the-water field experiences. These trips inform influential members of the community about the issues facing the Bay and the ways that they can help further the Bay's restoration.
