Supplemental Information

Return Reference	Explanation
Part X, Line 2:	The Federation accounts for the effect of any uncertain tax positions based on a "more likely than not" threshold to the recognition of the tax positions being sustained based on the technical merits of the position under scrutiny by the applicable taxing authority. If a tax position or positions are deemed to result in uncertainties of those positions, the unrecognized tax benefit is estimated based on a "cumulative probability assessment" that aggregates the estimated tax liability for all uncertain tax positions. The Federation has identified its tax status as a tax-exempt entity as its only significant tax position; however, the Federation has determined that such tax position does not result in an uncertainty requiring recognition. The Federation is not currently under examination by any taxing jurisdiction. The Federation's federal returns are generally open for examination for three years following the date filed.
